BOARD OF GOVERNORS MEETING MINUTES

Richland, WA May 2-3, 2024

Call to Order and Welcome (link)

The meeting of the Board of Governors of the Washington State Bar Association (WSBA) was called to order by Acting President Sunitha Anjilvel on Thursday, May 2, at 9:05 a.m. Governors in attendance were:

Francis Adewale
Matthew Dresden
Mary Rathbone
Tom Ahearne
Kevin Fay
Kristina Larry
Brent Williams-Ruth
Todd Bloom
Nam Nguyen
Allison Widney
Jordan Couch
Kari Petrasek

Officers and Executive Staff in attendance were Acting President & President-Elect Sunitha Anjilvel, Immediate Past President Dan Clark, Executive Director Terra Nevitt, Chief Communications and Outreach Officer Sara Niegowski, Director of Finance Tiffany Lynch, Chief Disciplinary Counsel Doug Ende, Chief Regulatory Counsel Renata Garcia, Director of Advancement Kevin Plachy, Chief Equity & Justice Officer Diana Singleton, HR Director & Chief Culture Officer Glynnis Klinefelter Sio.

Also in attendance were Lisa Amatangel, Kim Risenmay, Parvin Price, Jennifer Ortega, Sarah Bove, Hunter Abell, Kyle Sciuchetti, Jennifer F. Apitz, Olayemi Odeseye, Shelly Bynum, Aziza Ozgoren, Stephen Crossland, Bobby Henry, Nancy Hawkins, Paris Eriksen, Carrie Sanford, Michael Cherry, and Christine Carpenter.

Member & Public Comments (link)

Hunter Abell provided public comment, thanking the Board and staff for their swift and efficient response to his temporary leave of absence from the position of WSBA President.

Consent Calendar (link)

Gov. Brent Williams-Ruth made a motion to approve the consent calendar. The motion passed unanimously.

President's Report (link)

President Anjilvel provided a brief report.

Executive Director's Report (link)

Director Terra Nevitt referred to her written report.

FY25 President-Elect Election (link)

Executive Director Nevitt explained the election process. Candidate Francis Adewale made an opening statement and answered questions from board members. Ballots were collected by Executive Director Nevitt, and votes were counted with the assistance of Assistant Director of the Office of General Counsel Lisa Amatangel and Sarah Bove. President Anjilvel announced that Francis Adewale was elected as the FY25 President-Elect.

District 1 Governor Election (link)

Executive Director Nevitt explained the election process. Candidate Parvin Price made an opening statement and was interviewed by the Board. Candidate Kim Risenmay made an opening statement and was interviewed by the Board. Ballots were collected by Executive Director Nevitt, and votes were counted with the assistance of Assistant Director of the Office of General Counsel Lisa Amatangel and Sarah Bove. President Anjilvel announced that Parvin Price was elected as District 1 Governor for FY25.

Executive Session (link)

President Anjilvel moved the Board to executive session at 10:47 a.m. The Board returned to public session at 11:15 a.m.

Budget Reforecast (link)

Treasurer Adewale presented the FY25 Budget Reforecast. Director of Finance Tiffany Lynch highlighted that the primary reason for the reforecast was related to facilities expenses and updates to major projections such as interest income and medical expenses. The motion to approve the budget reforecast passed unanimously.

Strategic Planning Process (link)

Executive Director Nevitt presented a proposed strategic planning process, emphasizing the importance of a multi-year strategic plan and continuous planning to avoid gaps. The Board discussed the recommendation, including the need for the Board to monitor the implementation of the strategic planning process and ensure that the involvement of key stakeholders is meaningful and effective. Gov. Ahearn moved a motion to change the language from "consult" to "actual and meaningful involvement of" key stakeholders. Motion to approve Strategic Planning Process with the amended language passed unanimously. Gov. Allison Widney was not present for the vote.

Public Engagement Plan (link)

Gov. Williams-Ruth and Chief Communications Officer Sara Niegowski presented the public engagement plan. The plan aims to re-envision outreach and communications by establishing an ambassador program. This program would formalize the role of the Board of Governors as ambassadors to the public, promoting confidence and trust in the legal system. The plan also includes developing a toolkit for WSBA volunteers to engage locally. Gov. Adewale moved a motion to approve public engagement plan. Motion passed unanimously.

Proposed Regulatory Rule Amendments (link)

Proposed Changes to APRs, ELCs, and WSBA Bylaws RE Resident Agent Requirement

Chief Regulatory Counsel Renata Garcia and Associate Director for Regulatory Services Bobby Henry presented proposed amendments to the APR, ELC, and WSBA Bylaws, which would eliminate the requirement to designate a resident agent for the purpose of accepting service of process for WSBA members who do not have a physical street address in Washington. The Board discussed the historical context, member feedback, and the unique nature of this requirement in Washington. Discussion followed about the impact that this rule change would have on the ability of out-of-state members to vote in Board elections. Gov. Petrasek moved a motion to approve the proposed amendments to the APR and ELC, with the bylaw changes set for a first read. Motion passed unanimously.

Proposed Admission Fees

Additionally, the Board reviewed a proposal to increase admission fees, which have remained unchanged since 2009. The proposed increases aim to cover the costs of administering the bar exam and related admission functions. Gov. William-Ruth moved a motion to approve proposed admission fees. Motion passed unanimously.

APR 3 RE LLM Requirements

The Board also considered amendments to APR 3 to allow applicants with an LLM from a non-ABA approved school to qualify for the bar exam by obtaining additional required courses from another institution. This change aims to reduce barriers for applicants. Some members expressed concerns that the proposed amendments to APR 3 were not sufficiently expansive to lower barriers for internationally trained lawyers, and questioned the relevance of the LLM requirement and specific course mandates for eligibility to sit for the Washington bar exam. Gov. Williams-Ruth made a motion to approve amendments to APR 3 regarding LLM requirements for submission to the Supreme Court. Motion passed unanimously.

APR 3 RE Bar Licensure Task Force Recommendation RE Admission by Motion

Lastly, the Board discussed reducing the required years of experience for admission by motion in APR 3 from three to one year, with the experience to be gained at some point within the three years preceding application for admission. This change aligns with the Bar Licensure Task Force's recommendations to shorten the practice time required for lawyers admitted to practice law in other jurisdictions to qualify for admission by motion. Gov. Couch made a motion to approve the proposed amendments to APR 3 RE Bar Licensure Task Force Recommendation RE Admission by Motion. Motion passed unanimously.

Governor Roundtable (link)

Gov. Williams-Ruth highlighted two significant events: the Q Law Annual Banquet and the Loren Miller Bar Annual Scholarship Banquet. Gov. Kari Petrasek raised the issue of adding pronouns to WSBA legal directory profiles. Gov. Mary Rathbone discussed barriers to access to justice due to inconsistent court communications and procedures. She emphasized the need for better education and supervision within the court system.

Day Two (link)

President Anjilvel called day two of the board meeting to order at 9:04 a.m.

<u>Limited License Legal Technician (LLT) Board Report (link)</u>

Chair Steve Crossland, Sarah Bovey, and Christie Carpenter made a report from the Limited License Legal Technician (LLLT) Board. The presentation included an overview of the LLLT program, information about the impact of the work of LLLTs, and a look at similar programs being developed in other jurisdictions. Discussion followed about the program's history, objectives, and current status.

TAXICAB (link)

Chair Kyle Sciuchetti and Task Force Member Steve Crossland presented on behalf of the TAXICAB. Key points included the policy's scope, staffing, budget process, and dispute resolution provisions. Executive Director Nevitt highlighted changes made since the last presentation and clarified the policy's intent to formalize current practices and address conflicts. Gov. Williams-Ruth moved to table the discussion to the July meeting to allow for further legal consultation. The motion passed 9 to 1.

Personal Committee Proposed Executive Director Succession Plan (link)

Gov. Williams-Ruth presented the Personnel Committee proposed Executive Director Succession Plan. This policy aims to provide a comprehensive framework for the recruitment, evaluation, and transition of executive directors at the end of their contract. Gov. Couch moved the motion to approve proposed ED succession plan. Motion passed unanimously.

Meeting Feedback (link)

Several governors provided feedback on the meeting's logistics, including room spacing, air conditioning, and restroom accessibility.

ADJOURNMENT (link)

There being no further business, President Anjilvel adjourned the meeting at 12:07 p.m. on Friday, May 3, 2024.

Dear Paris:

Please accept my renewal application for the Chair position, Board of Bar Examiners (BOBE), for FY 2024-25.

I have been a member of the Board of Bar Examiners since 2007. I graded nearly every exam and assisted with training new graders until becoming Chair in October 2020. I have been Chair for remote grading Winter and Summer 2021, in-person grading Winter 2022, remote grading Summer 2022, and in-person grading Winter 2023 through Summer 2024. In 2021, I participated with WSBA admissions staff in the initiation of Exam360 grading software, replacing a paper grading process. We are working to recruit new BOBE members to attain a full grader pool.

I have given presentations to the Executive Committee, Board of Governors, and Joint Minority Mentorship Program. I was appointed to the WSBA Equity and Diversity Committee and Washington Bar Licensure Task Force. With the Vice-Chair, admissions staff, and BOG liaison, I participate in recruiting, selecting, onboarding, and training new BOBE members. It has truly been a pleasure; everyone contributes wholeheartedly.

I also participate in National Conference of Bar Examiners (NCBE) annual and uniform bar exam meetings and am a member of the NCBE Outreach and Communications Committee.

It would be a pleasure to continue to assist WSBA as BOBE Chair.

My resume is attached.

Sincerely,

Bruce Turcott bruce.turcott@agalliance.org (360) 701-4052

Dear Bar Leaders,

I am writing to express my interest in serving as the on the Board of Bar Examiners. I became a bar examiner in February 2014 and am currently the vice chair. I have graded both the summer and winter exams every year and filled in for absentee graders when emergencies have arisen. I truly enjoy reading answers submitted by the applicants and seeing the different approaches when analyzing a challenging legal question.

The position as vice-chair of the Board of Bar Examiners provides an opportunity to view the bar exam from a new angle. I am interested in learning the processes that go into developing and administering the bar exam. I also look forward to working with the bar leaders to assure that the bar exam provides a fair and equitable process for admission into the Washington State Bar Association and the practice of law.

Thank you for your consideration.

Sincerely,

/s/ Cathy M. Helman

RE: Vice-Chair of the Council on Public Defense

To: Acting President Sunitha Anjilvel,

I am writing to express my interest in the position of Vice-Chair of the Council on Public Defense. My interest in the Vice-Chair position is driven by a profound desire to address critical challenges facing public defense services. With an extensive 30+ year career as a public defender, I bring a wealth of experience that uniquely positions me to provide insight to help tackle the issues coming before the council.

Throughout my career, I have advocated for justice and fairness, embodying a commitment to upholding the principles of public defense. Recognizing the crucial need to address the subsequent shortage of public defenders, I am motivated to take on a leadership role to spearhead innovative solutions and drive positive change within the Washington State public defense system.

In my capacity as a board member of the Washington Defender Association, I have actively contributed to shaping strategic initiatives with the mutual strategic goal of enhancing the ability of public defenders to provide the best representation to clients, deliver justice to defendants, and simultaneously reduce the jail population. This experience has not only afforded me a comprehensive understanding of the broader landscape of public defense but has also equipped me with insights into collaborative approaches that can be instrumental in achieving positive outcomes for both defendants and the community. I am enthusiastic about leveraging this knowledge and collaborative spirit in the role of Vice Chair.

I look forward to the opportunity to further discuss how my skills and experience align with the needs of the Council on Public Defense in the Vice Chair role. Thank you for considering my application.

Sincerely,

CHRISTOPHER A. SWABY

Re: Application of Monte Jewell to chair Committee on Professional Ethics

Dear WSBA Acting President Sunitha Anjilvel:

This is to request reappointment as chair of the Committee on Professional Ethics during the 2024-25 term. My resume accompanies this letter.

I've felt privileged to serve as a CPE member since October 1st, 2019. During that time, I've completed substantial work with my CPE colleagues that is deeply informed by consultation with WSBA stakeholders. My ongoing motivation to serve the CPE as its chair continues to be rooted in my years of work on behalf of survivors of gender-based violence, in both legal aid and community-based roles. Most recently, since 2020, I've done that work as managing lawyer for Project DVORA, a culturally specific domestic violence program at Jewish Family Service in Seattle.

I believe we do our best work for the CPE when we accountably consider issues under the RPCs from the diverse and intersectional perspectives of our many WSBA stakeholders. At the CPE, we're able to accomplish this purpose through appropriate communication with stakeholders that informs our deliberation. In this way, CPE practice may better embody the words of the preamble to our RPCs and our special responsibility for the quality of justice.

If reappointed, this is the perspective I will continue to bring to chairing the CPE.

Thank you for your consideration.

Sincerely,

Cettole Monte Jewell

Encl

Monte L. Jewell

May 31, 2024

Dear Paris Eriksen and Bar Leaders:

Thank you for considering my application to co-lead the WSBA DEI Council. I am excited about the opportunity to continue my work in the Diversity space in Washington State, and hopeful that my experience as a lawyer, professional communicator, woman of color, a longtime leader of a minority bar association, three-year member of the WSBA Diversity Committee, and current Co-Chair will merit continuing in the post.

Currently, I serve as an Assistant Attorney General in the Wing Luke Civil Rights Division for the Office of the Attorney General of Washington. The Civil Rights Division has been a leader in Bob Ferguson's 12-year effort to protect the fundamental civil rights of every Washingtonian, and through multistate litigation, the rights of people nationwide. I was proud to join Bob's team last year to become part of this mission: helping the most vulnerable and least powerful of my fellow citizens. Since joining, I have protected pregnant and nursing parents who need accommodations in their employment, and job applicants who face discrimination based on criminal history. My work in this space involves communication and coordination across divisions of the Office, and relies on my own enterprise and creative ideas in developing both potential investigations and the legal theories necessary to pursue legal actions.

Before this shift in fields, I received excellent and broad-based legal experience as an attorney with the global law firm K&L Gates. There, I had a robust practice as a senior associate in our complex commercial disputes and construction law practice groups. As a civil litigator, I became a seasoned dispute-resolution and negotiation professional. As a construction lawyer, I supported firm partners and clients on large-scale construction projects dealing with property law, general contracting, subcontractor relationships, and Washington regulation compliance. I also worked on client or firm projects involving class-action defense, education law, and even some plaintiff-side litigation. Through my work with school districts, I gained a solid understanding of compliance with the Washington Public Records Act, and the privacy concerns that emerge in that space.

Along with my experience teaching, guiding, and leading aspiring lawyers, I have also been a longtime mentor to young lawyers in the Minority Joint Mentoring Program, and through the semi-annual mentoring opportunities at the Loren Miller Bar Association, of which I am a former president. As a woman, non-traditional, second-career lawyer of color who has been mentored and supported by women who came before me, I know the importance of helping those who come after me to climb their career ladders.

Finally, I am proud of the work I have helped lead with BOG President-Elect/Acting President and DEI Council Co-Chair Sunitha Anjilvel on our current DEI Council, which

includes expansion of the Definition of Diversity, a change in the Council charter, launching of the Pathways to the Profession project, updating the DEI Plan, and leadership in the diversity of awareness of members of the Board of Governors. I know the world of experiences I bring can be an asset as a leader the Council, and I hope you agree. Thank you again for your consideration.

Cordially,

Raina Wagner

Dear WSBA Acting President Sunitha Anjilvel and Board of Governors,

I am writing to express my enthusiastic interest in the Vice Chair position for the Washington State Bar Association (WSBA) Judicial Recommendation Committee (JRC). Although I am relatively new to the JRC, I bring extensive leadership experience from serving as Chair and Vice Chair on various boards and commissions, which has prepared me to effectively contribute to and lead the JRC.

My professional background includes extensive experience as a Law Clerk in both the Washington State Court of Appeals and the Snohomish County Superior Court. At courts, I have had the privilege of working with esteemed judges and commissioners. My responsibilities have included conducting comprehensive legal research and analysis, drafting and revising orders and full opinions, and advising the court on complex legal issues. This experience has equipped me with a broad and deep understanding of the judiciary.

As a current member of the WSBA Judicial Recommendation Committee, I have been actively involved in screening and interviewing candidates for state Court of Appeals and Supreme Court positions. This role has given me valuable insights into the committee's operations and the critical importance of thorough candidate evaluation. Additionally, my leadership and project management skills, developed over years in various roles position me well to assist in updating committee materials and reviewing new member applications.

My experience extends beyond the legal field into significant volunteer roles. Serving as Vice Chair of the Environmental Services Commission of the City of Bellevue, I advised on water, wastewater, stormwater, and garbage programs, demonstrating my ability to review complex policy issues and collaborate effectively with various stakeholders. My leadership roles in the Emerald Parents Association and the Parent Teacher Student Association have further refined my skills in community service, communication, and volunteer management.

In a word, the responsibilities of the Vice Chair, including updating committee materials, reviewing new member applications, serving on special committees to review appeals, and leading JRC meetings in the Chair's absence, align perfectly with my professional skills and experiences.

I am committed to the values and goals of the WSBA and am eager to bring my dedication, skills, and experience to the Vice Chair position. Thank you for considering my application. I look forward to the opportunity to further discuss how I can contribute to the continued success of the JRC.

Sincerely,

Ling Zhuang

Re: Legislative Review Committee Chair Application

Dear Bar Leaders:

I am writing to express my interest in chairing the Legislative Review Committee (the "Committee") in 2023. I believe in the mission of the Committee and I believe I have the skill and energy to act as Chair.

I have been on the Committee since 2015. I have seen how the Committee carefully reviews and evaluates specific legislation from various sections of the WSBA. I have seen how the diversity of the backgrounds and practices of the members of the Committee has, on many occasions, fostered necessary and thoughtful feedback and facilitated the improvement of potential legislation.

I believe the Committee has a very important role. It is a process oriented Committee that compels the sections of the WSBA to pause and reflect on the intended and unintended consequences of legislation. The Committee benefits the WSBA's membership because of the Committee's rigorous review of potential legislation. As a result, legislation has a heightened level of credibility and an increased probability of passage.

The Committee's role is not uncontroversial. A number of members, each year ask "why does the Committee exist." I believe the answer is clear: to provide an additional and important "check" to make sure a broad array of voices are heard as legislation moves through the WSBA's processes.

If selected, I will do my best to work with Sanjay Walvekar to ensure everyone has a voice and the business of the Committee proceeds in an efficient manner. I worked closely with Mr.

Walvekar two years ago to cause the passage of important amendments to the Limited Liability Companies Act and the Limited Partnership Act. I really enjoyed working with Mr. Walvekar.

For the foregoing reasons, I would request that you thoughtfully evaluate my application. I have enclosed my CV. Please contact me with any questions.

Very truly yours,

Matthew D. LeMaster

Re: Letter of Interest to Serve as Co-Chair of the Pro Bono and Public Service Committee

Dear Acting President Anjilvel,

I am writing to express my interest in serving as a Co-Chair of the Pro Bono and Public Service Committee for the upcoming term starting on October 1, 2024. With a deep commitment to public service and extensive experience in pro bono work, I am eager to contribute to the Washington State Bar Association in a leadership capacity.

As a dedicated member of Skagit Legal Aid, I have had the privilege of working closely with underserved communities, providing essential legal services, and advocating for systemic changes to enhance access to justice. My experience includes coordinating pro bono initiatives, supervising civil legal aid attorneys, collaborating with community organizations, and leading projects that address critical legal needs of historically under-resourced and underserved populations.

I believe that my background and passion for public service align well with the mission of the Pro Bono and Public Service Committee. I am excited about the opportunity to work with fellow members to promote and expand pro bono opportunities, support public service programs, and advance the WSBA's goals of ensuring equitable access to legal resources for all.

Enclosed with this letter, please find my resume detailing my professional experience and accomplishments. I have also confirmed my eligibility with my staff liaison. Thank you for considering my application. I look forward to the possibility of serving as a Co-Chair and contributing to the important work of the Pro Bono and Public Service Committee. Should you require any further information or have any questions, please do not hesitate to contact me.

Sincerely,

Andrew Dugan

Re: Small Town and Rural Committee Chair Position

Dear President-Elect Anjilvel:

I am submitting my application to serve as the Chair for the Small Town and Rural ("STAR") Committee. I believe that I am the perfect candidate for this position due to having chaired the STAR committee the past two years. In addition, I have a home both in Snohomish County and Grant County and work in both counties. I have a strong interest in Washington's rural communities and am dedicated to help develop a practitioner pipeline to support growth of legal practitioners in rural communities.

Starting in November 2020, I served on the WSBA Rural Practice Project until the Project finished in March 2021. I greatly enjoyed the time spent with this project and definitely saw its benefit to the greater community. Since the inception of the Small Town and Rural Committee in October 2021, I have served as the Chair of the Education & Outreach Subcommittee and subsequently, starting in 2022, I have served as Chair of the STAR committee. Over the past two years, we have implemented some very important projects, including a virtual rural job fair the past two years, implemented a summer internship grant program this year, had a roundtable discussion with Yakima practitioners last year, and we have our inaugural STAR Summit at Gonzaga coming up on June 7 where judges, attorneys, and legal service providers from all around the state will convene to discuss ways to address and help solve the shortage of attorneys in rural areas.

For over five years, I have been going over to my home in Grant County quite often. I am in Grant County at least four days each month, often more frequently than that. I am a well-connected attorney with other legal professionals in the community, however, I have found it surprisingly difficult to connect with other attorneys in the Grant County area, primarily due to the distance between most of the towns in that County. The Grant County courthouse in Ephrata is about 35 minutes from my home, and I am aware of very few other attorneys in the area where I

live. I definitely understand the difficulties attorneys have who live and practice full-time in rural and small towns based on my part-time experience in eastern Washington. On the flip side, based on distance and fewer attorneys practicing in rural areas, I recognize that this creates an issue for the residents in those communities in finding legal assistance to help them.

I am a solo attorney practicing primarily in the areas of juvenile law, elder law, estate planning, guardianships, and family law. In addition, I am a Snohomish County CASA program attorney and have been serving as a Snohomish County Superior Court pro tem judge and commissioner since 2010. Throughout my career, I have volunteered on many WSBA committees and boards. In 2010, I served as the WYLD president and from 2018-2020, I was Chair of the Solo & Small Practice Section. Throughout my lengthy involvement in the WYLD, I was able to travel around the state and had an opportunity to meet numerous attorneys in all parts of the state. Both through my involvement in the WYLD and more recently on the WSBA Solo & Small Practice Section ("SSPS") Executive Committee, I have made connections with the deans and other faculty at all three law schools as well as many attorneys around the state. I have helped plan many events on behalf of the WYLD and SSPS, plus other organizations, and am always looking for ways to network and connect people.

In the legal community, I am known to be a reliable and prompt person and someone people can count on. I am a self-starter, extremely self-motivated, organized, and determined. In many instances, I have worked as a team member in collaborative settings and have been mutually supportive of those with whom I work.

In summary, I believe that I am an excellent choice to be Chair of the Small Town and Rural Committee. Based on the time I spend in Grant County, and the important and impactful work we have been doing both during our monthly STAR meetings and through statewide programs/events, I am truly dedicated to help develop a successful practitioner pipeline to support the growth of legal practitioners in small town and rural communities in our state. Please find enclosed with this letter my résumé. I look forward to hearing from you.

Very truly yours,

Kari M. Petrasek

RE: Pathways to Licensure Steering Committee Appointments

DATE: June 18, 2024

<u>Consent</u>: Appoint Governors Couch and Williams-Ruth to serve on the Pathways to Licensure Steering Committee.

Background

On March 15, 2024, the Washington Supreme Court entered an order adopting in concept the recommendations from the <u>Washington Bar Licensure Task Force</u> regarding the creation of additional pathways to licensure. The Supreme Court directed the WSBA to convene and support an implementation committee to propose rule changes and identify the next steps necessary to implement the recommendations. To that end, a <u>Licensure Pathways Implementation Steering Committee</u> has been established to help carry out implementation of the Court's order.

The Steering Committee will be composed of 17 individuals drawn from entities and communities that will be impacted by and are necessary to help carry out implementation of the order. Participation on the Steering Committee is a singular opportunity to shape Washington's legal profession. Various outreach and recruitment efforts are underway. It is anticipated that the Steering Committee's work will continue for at least 18 months with monthly meetings, although there will be periods of time when meetings may be less frequent. We expect committee members to spend approximately 6-10 hours per month working on this project. The Steering Committee will primarily conduct business by remote means.

BOG Members on the Steering Committee

The Steering Committee will include two positions for current members of the Board of Governors. Statements of interest were requested with a deadline of June 14. We received a Statement of Interest from Governors Williams-Ruth on behalf of himself and Jordan Couch.

Acting President Sunitha Anjilvel has been asked to make these appointments with the approval of the full Board of Governors.

Role of the Steering Committee

The role of the Steering Committee will be to ensure fidelity to the Licensure Task Force recommendations and to provide policy-level direction and decision-making for the implementation process. To conduct the on the ground research and policy drafting, the Steering Committee will create

subcommittees, select subcommittee members, and monitor subcommittee activities as liaisons. The Steering Committee will have the final authority to approve or reject subcommittee proposals prior to proposals being sent to the final decisionmaker for approval and implementation. Activities the Steering Committee will undertake include:

- Learning about the recommendations and the avenues to bar licensure underway in other states.
- Participating in an initial orientation to become familiar with existing court rules, policy-drafting. best practices, and frameworks for implementing the recommendations.
- Hearing from experts on alternative pathways to bar licensure, attorney competence, and psychometrics.
- Resolving policy questions from subcommittees and providing policy direction.

Greetings Paris -

Here is an email that I was previously sent (before your email was sent to the BOG) submitting Jordan and I for appointment.

Please let us know if you require further information.

Acting President Anjilvel -

I write today requesting that you appoint myself and Gov. Jordan Couch to the newly created <u>Licensure Pathways Implementation Steering Committee</u>.

If a full resume, cover letter, and application is requested, please let me know, but I will make a (brief) case for this appointment in this message.

There are few people in Washington who have as much background knowledge, research, and overall experience with the alternative licensure proposals that Gov. Couch and myself. In truth, both of us were the primary authors and driving force behind the two published reports. Having each of us as the two representatives from the Board of Governors would be a valuable asset to the Steering Committee simply because of the combined background knowledge and intent that was taken to get to this point. For example, when I was recently presenting the proposals to the existing Character & Fitness (C&F) process, I was able to supplement (verbally) additional information that the Court sought during the en banc presentation. Had I not been the person presenting, their questions would have gone unanswered.

I believe that in order to have the easiest and most smooth implementation that having two of the most active members of the 40 member task force be part of that team.

I would also respectfully request that the appointment be made regardless of our future status as Governors. Take, for example, TAXICAB - former President Sciuchetti, began his service while on the BOG, but it was not fruitful to replace him once his tenure was completed. This is something that has happened with multiple different appointments since I have joined the BOG and I believe that such an appointment would be appropriate here. My term ends in September 2025. I cannot run for re-election, I do not know whether this process would be completed by then but to replace Gov. Couch or I, simply because of a term ending would cause great disruption to the process.

I can also attest to the extreme difficulty of onboarding members of the Licensure Task Force that were not there from the start. For that reason, I would request the appointment remain with both of us until the committee has completed its work. Should one or both of us roll off the BOG, regular reports can be provided by ED Nevitt or, if requested, by us through virtual, written, or in-person presentation.

Thank you for your consideration for this appointment.

Sincerely,

_-

Brent Williams-Ruth, WSBA Governor At-Large *Attorney-At-Law*

RE: Executive Director's Report

Pathways to Licensure

On March 15, the Washington Supreme Court approved recommendations from the Bar Licensure Task Force approving, *in concept*, three experiential-learning alternatives to the bar exam. One for law-school graduates, one for law-school students, and one for APR 6 law clerks. The <u>order</u> charges WSBA with convening an implementation committee "to propose rule changes and identify next steps necessary to implement the recommendations." We are currently recruiting participants for an Implementation Steering Committee and Implementation Subcommittees. The Steering Committee will be comprised of individuals and communities that will be impacted by and are necessary to help carry out implementation of the new pathways. The role of the Steering Committee will be to provide high-level direction and decision-making for the implementation process. For the Implementation Subcommittee, we are recruiting individuals with specific expertise, and the capacity, to conduct research and develop the policies necessary for implementation. Those interested in applying to serve can get more information here. There will be additional opportunities for participation on the workgroups to be established by the Steering Committee.

Practice of Law Board Proposed Beta Test of Entity Regulation

One of WSBA's current strategic priorities is to assess technology-related opportunities and threats and to determine its role with respect to regulation, consumer protection and support for legal professionals. In furtherance of that priority, in November 2023 the Board voted to support conducting a beta test of entity regulation using the Framework for Legal Regulatory Reform created by the Practice of Law Board (POLB). Since that time, staff leadership from the Office of General Counsel, Regulatory Services Department and Office of Disciplinary Counsel have been working through a myriad of open questions about how WSBA can collaborate with the POLB in, and support the success of, executing data-driven regulatory reform in our State. We have now shared the results of that work to the POLB and ultimately plan to present a proposal for the Court's adoption.

If approved by the Court, Washington would follow only Utah and Arizona in executing a plan to determine how the delivery of legal services by entities, rather than individuals, can be regulated in a manner that protects consumers and promotes broader access to legal services. The proposal draws from the successes and lessons learned in both states.

As proposed, using the POLB's Framework for Data-Driven Legal Regulatory Reform, this project would test authorizing entities to provide legal and law-related services in Washington under time-bound, limited exemptions from the otherwise applicable rules and statutes governing entities practicing law. Specifically, the beta test would test reforming rules that prohibit the practice of law and provision of legal services by entities unless the entity providing those legal services is owned and operated by, and fees are shared only among, individuals authorized to practice law. See, e.g., RCW 2.48.180, RPC 5.4, and LLLT RPC 5.4. The purpose of the beta test is to determine, before implementing any permanent rule reforms, whether entity regulation will increase access to justice by enhancing access to affordable and reliable legal and law-related services consistent with protection of the public and whether entity regulation will create risks of consumer harm, regulatory challenges, or other risks that would serve as barriers to implementing such reform. If approved, the WSBA and the POLB would collaborate in administering and overseeing the beta test under the supervision of the Supreme Court, including administering the application and application review process, conducting ongoing monitoring and oversight of participants who have received a limited authorization to practice law from the Supreme Court, and collecting and analyzing aggregate data and information from participants with the intent of making a final data-driven determination regarding whether entity regulation should be implemented. At the end of the beta test, the POLB and the WSBA will make a recommendation to the Court regarding whether to implement entity regulation and, as appropriate, shall propose regulatory reforms necessary to accomplish the implementation.

Volunteer Recruitment Updates

We have largely completed our annual volunteer recruitment efforts, with most volunteer applications closing on May 31. In an effort to increase applications overall, as well as ensure timely appointments, we have tightened up our application process, made use of both broad and targeted recruitment messages through various WSBA channels, offered a WSBA 'swag bag' prize incentive for timely applications, and implemented an e-signature campaign among all WSBA staff. I am pleased to share the results of this year's efforts:

- By the deadline, we received 127 applications, compared to 99 applications by the initial deadline last year. Our applicant pool continues to grow as we have also been able to accommodate some late submissions.
- 50% of applicants are not currently serving as volunteers.
- 25% of the applicants first expressed interest through our Volunteer Interest Form which is regularly monitored by Paris Eriksen who contacts each respondent individually customizing the communication based on their specific expressed interests. We received over 80 responses to this form (more than the last two years combined), 40% of which ultimately applied.

Overall, we see these results as a very positive sign, which runs counter to national trends. According to the U.S. Census Bureau and AmeriCorps, volunteerism continues to decline across the country and is at its lowest point in three decades.

¹ Practice of Law Board, <u>A Framework for Legal Regulatory Reform</u>, 14:2 Seattle J. Tech., Environ. & Innovation L., Article 2 (2024).

One of the added benefits of timely recruitments and appointments is it opens up the opportunity to conduct orientations and onboarding prior to (or soon after) the beginning of a volunteer term (usually October 1). Having Orientations and onboarding early helps to ensure that new and returning volunteers better understand the organization and their volunteer role and responsibilities before their volunteer work begins.

Although most recruitment for FY25 is complete, we will reopen the application process to recruit for specific needs. For any questions about this process, please contact Paris Eriksen, parise@wsba.org.

Board of Governor At Large (Young Lawyer) Election

Congratulations to Jordan Couch, the next Governor At-Large representing young lawyers. The run-off election closed on Monday, June 17 and the election results were certified by the Election Board, appointed by then President Abell. WASHINGTON STATE

To: Board of Governors

Budget and Audit Committee

From: Tiffany Lynch, Director of Finance

Subject: FY 2024 Second Quarter Financial Update

Date: April 25, 2024

GENERAL FUND

The March 31, 2024 financials marks the end of the second quarter of fiscal year 2024. With 50% of the year complete, the General Fund is outperforming against budget with revenue ahead of budget, indirect expenses on target, and direct expenses under budget. The General Fund net income is \$1,381,357 as of March 31, 2024. Below is a narrative which highlights the major variances and estimates moving forward.

REVENUE

Total revenue is ahead of budget at 56% (+\$1,339,758) which includes the following areas of note:

- a. Licensing Fees are on budget at 50%. The majority of fees were collected in January and February and based on what has been collected, it is likely that WSBA will come in on budget for the year. The remaining revenue will consist of license fees for newly admitted members.
- b. Bar Exam Fees are ahead of budget by \$306,770 (+25%) due to timing of the collection of fees for the Summer 2024 exam, which typically concludes in May.
- c. Job Target Advertising is under budget by \$39,381 (20%) and is expected to remain under through the rest of the year. There has been decline in the number of jobs available, which is consistent with market trends, and therefore fewer companies advertising.
- d. *Recovery of Discipline Costs* is under budget by \$27,956 (28%). Revenue collected is difficult to predict as the amount and timing of collections is dependent upon individual action largely outside the control of WSBA.
- e. Interest income is over budget for the year by \$58,935. As reported previously, the initial budget assumed a reduction in interest rates earlier in the fiscal year however the rates have continued to hold steady, allowing higher interest income to be earned. We anticipated continued income each month for the remainder of the year and has been accounted for in the FY24 Reforecast.
- f. Law Clerk Fees are ahead of budget by \$60,234 (30%) due to timing of fee payments. Program participants are able to enroll throughout the year and pay a prorated fee at the time of enrollment. All continuing enrolled individuals pay annual fees between November and January.
- g. Pro Hac Vice fees are ahead of budget by \$49,167 (12%). Revenue is collected based on timing of applications and not particularly cyclical and therefore does not consistently match up to the percentage of fiscal year completed.
- h. MCLE Revenue is ahead of budget by \$237,603 (+29%) from higher than anticipated late fees, as

well as application fees which are impacted by the seasonality of CLE reporting period deadlines. *Reimbursement from Sections* is over budget for the year by \$61,274 (21%). This revenue is derived from the per-member charge that reimburses WSBA for the cost of administering Sections for the membership year (January-December). Because WSBA's membership year and fiscal year are different, three months of the reimbursement collected for October-December will be allocated to FY25 in September and we expect that this will bring revenue back in alignment with the budget.

EXPENSES

Total expenses are under budget by \$555,736 (-2%), which includes the following areas of note:

- a. *Direct Expenses* are under budget by \$539,860 (-19%). Direct program costs such as board/council/taskforce meetings, event expenses, supplies, staff travel, etc. vary depending on the timing of activities. It is normal for WSBA's direct expenses to run under budget in the first half of the year. We expect spending in these areas to pick up as we move into the second half of the fiscal year.
- b. Indirect Expenses are on budget at 50% with minimal savings variance of \$15,876.
 - i. Salaries, Taxes, & Benefits had a combined overage of \$74,673. The bulk of overage is attributed to salary expenses from temporary staffing to support seasonal licensing renewals and lower capital labor costs for internally developed software, which is lower than planned for the year and will likely come in under budget.
 - ii. Other Indirect Expenses had a combined savings of \$90,550 mainly due to lower cost YTD for legal fees, depreciation, and Computer Pooled Expenses (IT direct expenses). We do expect more legal fees to be paid later in the fiscal year, along with IT direct expenses. Depreciation is likely to come in under budget due to difference in timing of depreciation items being purchased or internally developed. Savings are offset by higher rent, however this is due to timing of an annual payment made for leasehold excise tax.

CONTINUING LEGAL EDUCATION (CLE)

The CLE fund includes CLE Seminars, CLE Products, and Deskbook cost centers which collectively have budgeted a surplus of \$157,341 for FY 2024. March 31, 2024 results reflect an actual surplus of \$371,577. Revenue is higher than budget by \$219,160 (+13%) caused by the residual impact of high seasonal product sales from December. Expenses overall are under budget by \$73,747 (-5%), mostly due to lower expenses from timing of direct expenses that have not been incurred yet for seminars held later in the fiscal year and higher indirect expenses for medical benefits.

CLIENT PROTECTION FUND (CPF)

The Client Protection Fund (CPF) budgeted a use of reserves of (\$92,700) for FY 2024. Actual results as of March 31, 2024 reflect a surplus of \$585,648. Revenue is over budget for the year by \$83,506 (+14%) for all sources. Interest income, as noted under the General Fund, is higher because of steady interest rates and the FY24 Reforecast includes \$120,000 to account for the increase. The majority of member assessments have been collected this year and revenue recognized upon collection of license fees, so there should be minimal revenue collected the remainder of the year. Overall expenses are under budget by \$250,528 (-23%), mainly due to direct expenses for Gifts to Injured Clients which are paid out towards the end of the fiscal year.

SECTIONS FUND

The Sections Operations cost center represents the collective total of financial activity for all 29 sections. Sections budgeted a loss of (\$328,603) for FY 2024. Actual results as of March 31, 2024 reflect a surplus of \$116,548. Sections collect the majority of their dues in January and February, and similar to Reimbursement from Sections, one quarter of the dues will be allocated to FY25 as a result of the difference between the membership year and fiscal year. Expenses are lower and impacted by the timing of programming and Section activities which are planned at various times throughout the year.

To: The President, President-elect, Immediate Past-President, and Board of Governors

From: Lisa Amatangel, Associate Director, OGC

Date: June 17, 2024 Re: Litigation Update

No.	Name	Brief Description	Status
1	Komora v. James Elliot Lobsenz, et al., No. 23-2- 02363-34 (Thurston County Superior Court); No. 593530 (WA Court of Appeals, Div. II)	Alleges mishandling of grievance.	Komora filed a Complaint on 07/26/2023. WSBA's Motion to Dismiss was heard and granted with prejudice on 01/26/2024. On 02/26/2024, Komora filed a Notice of Appeal. Komora's statement of arrangements is due 07/08/24.
2	Langadinos v. WSBA, et al., No. 2:23-cv-00250-RSM (W.D. Wash.)	Alleges disability discrimination.	Langadinos filed a complaint on 02/23/2023. On 06/22/2023, the WSBA filed a Motion to Dismiss, to which Langadinos responded and WSBA replied. On 07/21/2023, Plaintiff filed an Emergency Motion Requesting to Postpone Decision on Defendant's MTD for 6 Weeks, to which WSBA responded. On 03/15/2024 WSBA's Motion to Dismiss was granted in part, including the dismissal with prejudice of Langadinos' claims for injunctive relief, § 1983 claims against the Washington Supreme Court, and claims against individual WSBA employees. Langadinos was granted leave to file a motion to amend the complaint within 30 days and permitted 21 days to properly effect service. On 04/24/2024, Langadinos filed an Emergency Motion for Clarification which was denied. On 04/30/2024, Langadinos filed a motion for leave to file an amended complaint, to which the WSBA defendants responded and Langadinos filed an untimely reply.
3.	Turnbull v. Office of Disciplinary Counsel, et al., No. 2:23-cv-1619 (W.D.Wash.)	Alleges mishandling of grievance.	Turnbull filed a complaint on 10/19/2023 and an amended complaint on 12/08/2023. On 06/10/2024, Defendants filed a Motion to Dismiss.

RE: Suggested Amendments to GR 24(b)(6) Regarding Protection Orders & RCW 7.105

INFORMATION ONLY: The Practice of Law Board submits to the Board of Governors for its information suggested rule changes to GR 24(b)(6) to reflect a change in statutory law.

Issue Summary

The Practice of Law Board (POLB) submits to the Board of Governors (BOG) suggested amendments to General Rule (GR) 24(b)(6), reflecting changes in Washington statutory law regarding assistance provided to individuals seeking protection orders. This suggested amendment is presented to the BOG for informational purposes only.

Background

The POLB is a Washington Supreme Court-created board governed by GR 25. Among the Board's responsibilities includes receiving and reviewing complaints alleging the unauthorized practice of law and referring complaints that allege harm to the public interest to appropriate enforcement agencies. GR 25(b)(3).

GR 24(a) defines the practice of law, and GR 24(b) provides a list of its exceptions and exclusions stating certain activities are permitted whether or not they constitute the practice of law. Given its role reviewing complaints, the POLB regularly reviews the definition of the practice of law and its exceptions. Among the GR 24(b) exceptions is "[p]roviding assistance to another to complete a form provided by a court for protection under RCW chapters 10.14 (harassment) or 26.50 (domestic violence prevention) when no fee is charged to do so." GR 24(b)(6). This exception has been in place since GR 24 first went into effect on September 1, 2001.

On July 1, 2022, changes in Washington law took effect repealing RCW 10.14 and RCW 26.50 and replacing them with new RCW 7.105, Civil Protection Orders.¹ The new statute governs procedures for domestic violence, sexual assault, stalking, vulnerable adult, extreme risk, and antiharassment protection orders.² New RCW 7.105 was enacted to "moderniz[e], harmoniz[e], and improv[e] the efficacy and accessibility of laws concerning civil protection orders." Among the goals of new RCW 7.105 include to "make the system less complex[and] provide sufficient victim support, consistency, safety, timeliness, and procedural fairness."

¹ See H.D. 1320, 67th Leg., 2021 Reg. Sess. (Wash. 2021), available at https://lawfilesext.leg.wa.gov/biennium/2021-22/Pdf/Bills/Session%20Laws/House/1320-52.SL.pdf?cite=2021%20c%20215%20%C2%A7%202.

² RCW 7.105.100.

³ H.D. 1320, 67th Leg., 2021 Reg. Sess. (Wash. 2021).

New RCW 7.105 authorizes certain individuals who are not authorized to practice law to provide assistance in civil protection matters, namely court clerks,⁴ courthouse facilitators,⁵ sexual assault advocates,⁶ domestic violence advocates,⁷ protection order advocates,⁸ and support persons.⁹ A general description of the permissible activities under RCW 7.105 is attached as Appendix A.

Given the repeal of RCW 10.14 and RCW 26.50, the POLB proposes the attached revisions GR 24(b)(6) to bring it into alignment with these statutory changes. Given the stated goals and purposes of RCW 7.105, the POLB is recommending to the Court that it adopt a slightly broader exception to the rule to (1) apply to all types of RCW 7.105 civil protection order matters and (2) cover the assistance permitted under the statute by any person authorized to do so under the statute. The suggested amendment would therefore expand the scope of civil protection orders to which the GR 24(b)(6) exception applies and the pool of individuals who may assist those seeking protection orders.

Community Input

The Limited License Legal Technician Board informed the POLB of the statutory changes and the need for revision to GR 24(b)(6).

<u>Information for Fiscal Analysis</u>

The suggested amendment should have little to no fiscal impact on the WSBA as the rule change only impacts staff time used to update records if the suggested amendment is adopted by the Court.

Information for Equity Analysis

The suggested amendment would reduce barriers to those needing assistance in seeking protection orders by expanding the scope of civil protection orders to which the GR 24(b)(6) exception applies and the pool of individuals who may assist those seeking protection orders.

APPENDIX A: GENERAL DESCRIPTION OF PERMISSIBLE ACTIVITIES UNDER RCW 7.105

RCW 7.105.120(1): Court Clerks and Court[house] Facilitators

RCW 7.105.120 provides statutory exemptions to court clerks and courthouse facilitators. ¹⁰ Under the statute, court clerks must "make available the standardized forms, instructions, and informational brochures required by this chapter, and shall keep current specific program names and telephone numbers for community resources, including civil legal aid and volunteer lawyer programs." RCW 7.105.120(1). The statute specifically exempts as not constituting the practice of law: "Any assistance or information provided by clerks under this chapter, or any assistance or information provided by any person, including court clerks, employees of the department of social and health services, and other court facilitators, to complete the forms provided by the court." *Id*.

RCW 7.150.250(1) Sexual Assault or Domestic Violence Advocates

RCW 7.105.250(1) authorizes sexual assault advocates¹¹ and domestic violence advocates¹² "to accompany the petitioner, or appear remotely with the petitioner, and confer¹³ with the petitioner during court proceedings." However, the advocate "shall not provide legal representation." *Id.* Advocates may speak to the Court but are not required to beyond stating their role and organization. *Id.* Advocates "are not engaged in the unauthorized practice of law when providing assistance." *Id.*

RCW 7.105.250(2) Protection Order Advocates

RCW 7.105.250(2) authorizes protection order advocates¹⁴ "to accompany the petitioner to any legal proceeding including, but not limited to, sitting or standing next to the petitioner, appearing remotely with the petitioner, and conferring with the petitioner during court proceedings, or addressing the court when invited to do so." However,

¹⁰ GR 24(b)(2) exempts from the definition of the practice of law court clerks providing assistance as authorized by Supreme Court order, and GR 24(b)(1) exempts courthouse facilitators providing assistance as authorized by court rule.

[&]quot;"Sexual assault advocate' means the employee or volunteer from a community sexual assault program or underserved populations provider, victim assistance unit, program, or association, that provides information, medical or legal advocacy, counseling, or support to victims of sexual assault, who is designated by the victim to accompany the victim to the hospital or other health care facility and to proceedings concerning the alleged assault, including police and prosecution interviews and court proceedings." RCW 5.60.060(7)(a); RCW 7.105.250(1)

[&]quot;'Domestic violence advocate' means an employee or supervised volunteer from a community-based domestic violence program or human services program that provides information, advocacy, counseling, crisis intervention, emergency shelter, or support to victims of domestic violence and who is not employed by, or under the direct supervision of, a law enforcement agency, a prosecutor's office, or the child protective services section of the department of children, youth, and families as defined in RCW 26.44.020." RCW 5.60.060(8)(a); RCW 7.105.250(1).

¹³ Confer is undefined in the statute.

¹⁴ "'[P]rotection order advocate' means any employee or volunteer from a program that provides, as some part of its services, information, advocacy, counseling, or support to persons seeking protection orders." RCW 7.105.250(2)(a).

the advocate "shall not provide legal representation." RCW 7.105.250(2)(b). Advocates may speak to the Court but are not required to beyond stating their role and organization. *Id*.

RCW 7.105.250(3) Support Persons

RCW 7.105.250(3) authorizes support persons¹⁵ "to accompany the petitioner to any legal proceeding including, but not limited to, sitting or standing next to the petitioner, appearing remotely with the petitioner, and conferring with the petitioner during court proceedings." However, the advocate "shall not provide legal representation." RCW 7.105.250(3)(a).

¹⁵ "'Support person' means any third-party of the petitioner's choosing." RCW 7.105.250(3).

RE: Deskbook Access for Members and the Public

MEMO: The Member Engagement Council (MEC) is reporting back regarding a new, free lending model for WSBA deskbooks to provide greater access to members and the public.

In FY23, the Board of Governors tasked the MEC with studying and making a recommendation regarding whether and how to provide free or reduced-cost access to WSBA deskbooks for members. After analyzing data from a professional survey designed to gather member feedback, the MEC is pleased to return to the Board of Governors with a recommendation that aligns with members' top preference—a free digital lending model—and is low cost, effective, and widely accessible. The recommendation is to support the lending of deskbooks through the Washington State Law Library's eBook Collection. The infrastructure/platform already exists to allow any WSBA member or member of the public to loan deskbooks; the WSBA need only provide funds to augment the number of eBook deskbooks available to increase access, decrease wait times, and promote robust usage. The MEC voted unanimously to recommend inclusion of \$10,000 in the FY25 budget to supplement the law library's collection with enough electronic copies of popular titles to ensure there is not a lengthy wait time to check out any deskbook. That request is now included in the first draft of the FY25 budget before the Budget & Audit Committee, and, if passed along to and adopted by the Board, will complete the MEC's recommendation regarding deskbooks. This will be an annual budget request which, based upon usage data, may increase in future years.

BACKGROUND

The Long Range Strategic Planning Council in 2022 gathered feedback and a preliminary fiscal analysis regarding a proposal to make WSBA Deskbooks a free member benefit—which would mean a shift away from a business model that provides physical and Ebooks for sale via LexisNexis and electronic annual subscriptions via Fastcase. The Long Range Strategic Planning Council in May 2023 brought this recommendation forward to the Board of Governors with a fleshed-out fiscal analysis that projected a \$915,500 cost for the first year and a \$608,232 per-year cost (with inflation expected annually) from then on. The Board voted for the proposal to go to the MEC, which would study more than just the one option to increase free/low-cost deskbook access, collect member feedback, and report back to the Board with a recommendation.

STAKEHOLDER INPUT and PROCESS

The MEC crafted a survey with National Business Research Institute (NBRI), the professionals that oversee and administers the WSBA's ongoing member satisfaction survey, tailored to solicit feedback regarding members'

perspective on and usage of deskbooks; the survey presented a variety of potential models for deskbook access and asked members to rate their preference of each. NBRI administered the survey in February 2024, employing the same methodology and requisites for minimum confidence level (95%) and maximum sampling error (5%) used for each quarter of WSBA's ongoing survey work.

The MEC received and analyzed the survey responses (see attachments) in March 2024. Based on survey respondents' levels of interest in several of the potential models for increased deskbook access, the MEC asked Chief Niegowski and her staff to come back with logistical and financial information for each. The MEC received that analysis in May 2024 (see attached) along with news of a serendipitous development: While exploring possible ways to implement the model with the most member interest/preference (free digital lending access), WSBA staff became aware that the Washington State Law Library already had the infrastructure in place to offer all WSBA deskbook titles as lendable Ebooks as part of its digital collection. As it stands now, any WSBA member and any member of the public who is a registered library patron (via a simple and free process to set up an account), can access the LexisNexis Digital Library Ebook Collection at https://lexisdl.com/library/walawlibrary/. Working together, the WSBA and Washington State Law Library began to plan a communication campaign for members and the public to highlight the lendable deskbooks. The recommendation and request back to MEC was to fund additional copies of Ebooks for the library to add to its collection to keep wait times short for checking out popular titles.

The MEC ran through the fiscal and logistical options for each deskbook-access model included in the survey, such as a needs-based scholarship program and time-limited trial prior to purchasing, and decided that the free lending system through the easily accessible interface already in place at the state law library rendered most of the other options moot or significantly less effective. The MEC unanimously recommended inclusion of \$10,000 in the FY25 budget to enable the state law library to add more copies of deskbook Ebooks to its collection, noting that this will be an annual ask that could change based on user data collected by the library and shared with the WSBA. Additionally, the MEC asked Chief Niegowski and her staff to (1) continue to plan the corresponding communications campaign to announce the benefit to members and the public; and (2) work with all qualified legal service providers to let them know they are eligible for free WSBA deskbook subscriptions via Fastcase (this is already a benefit for QLSPs and members providing pro bono services via QLSPs, but not widely known). The state law librarians have already begun hailing this joint effort as a real "access to justice" partnership.

The MEC is very pleased with this outcome and recommendation. All members and the public (which was a priority for law librarians at the beginning of this process, but an audience not contemplated by the original Long Range Strategic Planning proposal) will be advised via all WSBA communication channels that they have free electronic access to every deskbook title. The \$10,000 fiscal contribution will be the WSBA's initial effort to ensure the library's supply can meet demand with popular titles; the MEC plans to monitor the usage in coming years to recommend adjustment to that number as needed.

WASHINGTON STATE BAR ASSOCIATION

Deskbooks—Information and Recommendations Regarding Survey Preferences

Context: <u>Deskbook Member Survey Overview</u> and <u>Survey Comments</u>; and <u>analysis of option to make online access free for all members</u> (with a <u>separate addendum</u>)

Overall: 80% of members indicated interest in changing the current model in some way to add access options; 39% percent of members are not willing to pay any increased license fee for access while 44% would pay \$10-\$20 and 17% would pay \$21-\$30.

OPTIONS ranked by popularity

- Option 1: Offering deskbook titles via limited access digital lending, whereby you could check out electronic copies (not interested to some degree: 26%; interested to some degree: 74%)
 - Update: We have been exploring with the Washington State Law Library options to make the deskbook library electronically lendable and widely available to all members and the public. GREAT NEWS: The Washington State Law Library has all deskbook titles now available to lend via its Digital Library eBook Collection. Check it out (literally, go check out a deskbook!). Our discussion has evolved toward funding enough copies of highly sought titles to ensure there is not a significant wait time for any book. We are also exploring whether the default for checking out a book can be fewer than 7 days to allow books to return to circulation quicker, as needed by individual borrowers.
 - Logistics: Easy and accomplished. The Washington State Law Library has the infrastructure.
 - Fiscal impact: The head librarian recommends an investment of \$10,000 in FY25 to allow him to purchase more titles to decrease wait time. We would expect to adjust this number in coming years as we get bet er lending data.
 - Opportunities and challenges: The network of public law librarians has been one of the biggest stakeholders in this process, and they have been vocal in asking for greater online access to deskbooks to serve their communities, specifically non-lawyers looking for legal assistance. With an enhanced lending system through the state law library, we envision a joint communications effort hailing this partnership a win for access to justice throughout the state. That would include a robust outreach to members to let them know the deskbooks are available for borrowing. In the future, we would like to continue to monitor lending usage statistics to ensure we are funding enough ebooks, and we would like to look for funding opportunities with ALPS or other related partners.
 - Recommendation: Highest priority for investment and communications. This option aligns with member preference, affordability, and greatest impact for deskbook access for members and the public, all while keeping the current business model intact.
- Option 2: Offering deskbooks as a benefit for new practitioners (not interested to some degree: 36%; interested to some degree: 63%)
 - Logistics: We would need to flesh out eligibility qualifications and other assumptions to precisely derive fiscal and logistical impacts. What is a "new practitioner"? What titles will they have access to? For some background, new members pay a discounted \$1,200 a year for full access to the library via Fastcase; we currently have 8,147 licensees who have practiced fewer

than 6 years (which aligns with the Bylaw definition of "new"); and we have about 1,350 at orneys newly licensed yearly. For this fiscal analysis, we are assuming the deskbook subscription would be offered to first-year licensees for a full-access subscription on Fastcase at the current pricing model. Implementation would include working with Fastcase to amend our current agreement to offset the cost of these new licensees against the current revenue we split from subscription deskbook sales. It may well be that we would come to an agreement on a value lower than \$1,200 for full deskbook access per new licensee, but that is yet to be determined.

- Fiscal impact: \$1.62 million annually (see assumptions above)
- Opportunities and challenges: Does every new licensee need this access, especially for those that work for bigger firms? The contract agreement with Fastcase would need to be revisited, which would likely offset the current revenue model for subscription access to deskbooks.
- Recommendation: More work with the New and Young Lawyers Commit ee to see whether this
 is a high priority, given a considerable price tag. In the meantime, lending access would be
 available to all (see option 1).
- Option 3: Offering access to deskbooks as an incentive for pro bono or to help support pro bono service (not interested to some degree: 42%; interested to some degree: 58%)
 - Update: Members who volunteer with a Qualified Legal Service Provider (QLSP) already get free WSBA deskbooks subscriptions through Fastcase.
 - Logistics: Without running this benefit through a QLSP, it would be hard to determine when/how to provide this access.
 - Fiscal impact: \$0 to keep the benefit as is; we would need a full discussion on parameters to figure out who might qualify outside of QLSPs.
 - Opportunities and challenges: The way the benefit is established now, it encourages work through QLSP, which is a priority for the WSBA.
 - Recommendation: High priority on communication! Ten of 57 QLSPs have arranged access to deskbooks, and we would like to prioritize reaching out to those who do and do not use deskbook access to bet er understand their needs.
- Option 4: Offering a needs-based or scholarship program to offset the cost of deskbooks for those who qualify (not interested to some degree: 42%; interested to some degree: 58%)
 - Update: ddd
 - Logistics: The challenge here will be in deciding who is eligible to receive a scholarship, who actually receives a scholarship if too many apply for the available pool, and how much to fund for scholarships from year to year. Can members apply from year to year? Is there a cap?
 - Fiscal impact: TBD depending on how many scholarships the Board wants to provide.
 - Challenges and opportunities: Possible partnership here with ALPs. A challenge is that the
 scholarship would be presumably on a year-to-year basis, and it could potentially be harmful to
 a practitioner who depends on a scholarship one year to lose it the next (unstable funding
 source).
 - Recommendation: Do not pursue, given option 1, recommended as highest priority.
- Option 5: Offering an online trial period that would allow you to peruse the book's content before purchasing or subscribing (not interested to some degree: 42%; interested to some degree: 58%)
 - Recommendation: Logistically and financially, this alternative seems to dovetail with option 1, recommended as highest priority (above).

RE: WSBA Treasurer Nomination & Voting Process

ACTION: Elect a current member of the WSBA Board of Governors to serve as the 2024-2025 Treasurer, for a one-year term starting at the conclusion of the Board meeting on September 6-7, 2024.

Nomination Process:

Current members of the Board of Governors have two options to indicate interest in being nominated for Treasurer, 1) submit a cover letter and resume in advance of the July meeting or 2) nominate from the floor of the July meeting. To date, one Board member has submitted materials for consideration. These materials follow this memo. All current Governors will have the opportunity to self-nominate or nominate another member to serve as the 2024-2025 Treasurer. After all nominees have been identified, the Board will have the opportunity for questions and discussion.

Voting Process:

After discussion, Board members will be asked to indicate their choice through secret ballot. Proxy voting is not permitted. All votes will be secret and made available only to the President, Executive Director and General Counsel. Acting President Anjilvel will announce the results of the election. The voting process will continue if needed until a winner is identified. If there is only one nominee for the position of Treasurer, no vote will take place and the single nominee will be declared Treasurer for 2024-2025 year.

Relevant WSBA Bylaw:

D. ELECTIONS BY BOARD OF GOVERNORS

2. Treasurer

The Treasurer must be a current lawyer Governor and will be nominated and elected by the BOG at the second to the last regularly scheduled BOG meeting of the fiscal year. The Treasurer will be elected by simple majority of Governors voting. In the event there is more than one more nomination, the vote will be by secret written ballot.

Re: Letter of Interest to Serve as WSBA Treasurer

My fellow Governors:

I am writing to indicate my interest in serving as the Washington State Bar Association ("WSBA") Treasurer. Over the last five years, we have had great financial success with FY20 & FY21 Treasurer Dan Clark, FY22 Treasurer Bryn Peterson, and current FY23 & FY24 Treasurer Francis Adewale. I firmly believe if elected as FY25 Treasurer, I will be able to continue the tradition of prudent, transparent, and responsible service to our membership as WSBA Treasurer. For the following reasons, I believe that I have the right experience, and I am the right choice to be our FY25 WSBA Treasurer.

I was elected as the District 2 Governor in 2022 and have had the privilege to serve on the Budget and Audit Committee for two years. While serving on the Budget and Audit Committee, I have also been a part of the Investments Subcommittee. Through my work on the Budget and Audit Committee, I have had an opportunity to work closely with and learn from our current Treasurer, Francis Adewale, and the WSBA Director of Finance, Tiffany Lynch, and been able to review our fiscal policy and audit reports in great detail. I believe this involvement working with our budget and finances uniquely qualifies me to hit the ground running in service as our next Treasurer.

For over 20 years, I have practiced in Snohomish County, starting my career in a few small firms before going solo in 2015. My current practice involves mostly representing youth in dependency and termination cases, as well as some estate planning, guardianship, and family law cases. My practice allows me the flexibility as my own boss to have the ability to fully devote sufficient time to serve as our next Treasurer.

During my career, I have had the opportunity to serve in many leadership roles that will help me serve in the role of WSBA Treasurer. Currently, I am the WWL State Board Treasurer, a position I have held for six years. I have managed our investments and created our annual budget

every year with input from the State Board. Over the past few years, I have been able to make us a higher than expected income from our investment accounts by keeping track of our investments and renewing and/or moving our investments to other high interest bearing accounts. In a period of membership decline, this additional income from investments has helped our bottom line.

The same can also be said about my time as the Snohomish County Bar Association Treasurer. For three years, I served as the SCBA treasurer. Along with the Executive Director, we worked on developing our annual budget to be approved by the SCBA Board. I also worked with our bank in moving our savings and investment money into higher interest-bearing accounts, which earned us more revenue from the interest earned on different types of investment accounts.

Throughout my entire career, I have volunteered thousands of hours in bar activities. I started when I was a young lawyer by serving on the WYLD Board of Trustees, representing Snohomish County. In 2006, I was the Snohomish County YLD president, and in 2010, I was the WYLD President. Around that time, I became involved in the WSBA Solo & Small Practice Section and have served on the SSPS Executive Committee since 2012, including serving as Chair for over two years starting in 2018. More recently, I have had the wonderful opportunity to chair the STAR committee where I have worked with staff to develop our annual budget we request for that committee.

I want to make sure that we look at ways to make our Bar Association run smoothly, while also looking at ways to reduce expenditures if possible. If elected Treasurer, I will work diligently with the Budget and Audit Committee and the Board of Governors to ensure that we remain fiscally prudent in how we spend our money and what we charge our members.

During my career, I have a proven record of being someone who is dependable, someone who gets things done and is collaborative, and someone who is very interested in the fiscal health of boards I have served on. In summary, I respectfully request that you vote for me as your next WSBA Treasurer. It would be a great honor to serve in this important position. Thank you for your consideration.

Very truly yours,

Kari M. Petrasek District 2 Governor

Re: FY 2025 Budgets – 1st Draft

Date: June 20, 2024

The Budget and Audit Committee reviewed the first draft of the FY 2025 budget at their meeting on June 21, 2024.

The WSBA budget is a policy document and management tool that allocates funds to fulfill our regulatory responsibilities, serve and protect the public, and support our members in maintaining success in the practice of law. It is prepared annually and reflects funding to support the many programs and services that WSBA provides aligned with our mission. Throughout the year, the budget may undergo amendments, reallocations, and/or a reforecast to accommodate unanticipated departures from the original budget.

The FY25 budget process began at the Board of Governors budget retreat in March which focused on understanding the design of WSBA's annual budget and reserve funds, reviewing strategic and operational priorities and how they impact the annual budget, and projections for the FY25 budget. At the time of the retreat, there were several projects and ideas that were still in the development phase or were awaiting decisions to determine further action, including recommendations from the Bar Licensure Task Force regarding alternative pathways to admission and WSBA office lease space lease negotiations. Naturally, these items have a significant impact on the FY25 budget and beyond. Since that time, we have continued to work on gathering as much information as possible to inform the budget and fiscal projections. The first draft of the budget reflects our routine operations, as well as what we have been able to estimate for these new projects in the coming year.

Included in this memo is a high-level comparison of the FY25 first draft and FY24 reforecast budget, with additional information supporting the key areas of change. Individual cost center budget details are included in attachments. In your review, it is helpful to keep in mind that WSBA's largest revenue source is attorney license fees, comprising of almost 70% of the organization's annual revenue budget, while the WSBA's largest expense is for indirect costs, which include (1) Salaries, (2) Benefits, and (3) Other Indirect/Overhead expenses. Indirect costs make up approximately 85% of the expense budget and are impacted by increased market costs for labor, employee benefits, etc.

BUDGET COMPARISON: FY24 vs FY25

ALL FUNDS BUDGET ¹	FY24 Reforecast	FY25	Difference	% Change
REVENUE	\$25,192,267	\$25,792,477	+\$600,210	+2.4%
EXPENSE	\$26,026,826	\$26,761,268	+\$734,442	+2.8%
NET INCOME/(LOSS)	(\$834,559)	(\$968,791)	+\$134,232	

¹ Does not include Sections Funds which will be provided in August.

The first draft of the FY25 WSBA budget is separated out into three funds: (1) General Fund, (2) CLE Fund, and (3) Client Protection Fund. (A fourth fund for Sections will be presented in August.) Each has its own designated reserves which are either added to or reduced each year depending on the financial operating results of the designated cost centers.

(1) GENERAL FUND

The General Fund captures the majority of WSBA's work, including regulatory functions and most services to members and the public. License fees is the primary source of revenue that supports the 39 cost centers within the General Fund. The first draft FY25 General Fund budget is based on attorney license fees for the 2025 calendar year of \$458, which has been set at the same rate since 2020. (See attachment A for General Fund detailed cost center budgets.)

General Fund Budget	FY24 Reforecast	FY25	Difference	% Change
Revenue	\$22,734,537	\$23,107,227	+\$372,690	+1.7%
Expenses	\$23,704,645	\$24,363,730	+\$659,085	+2.8%
Net Income/(Loss)	(\$970,108)	(\$1,256,503)	+\$286,395 ²	

(2) CLE FUND

The CLE Fund is a board-designated operating reserve, consisting of net income from the CLE activities, to cover net loss and extraordinary costs of CLE programs, products, and/or capital acquisitions as needed. The FY24 CLE Fund Budget consists of three cost centers: (1) CLE Products; (2) CLE Seminars; and (3) Deskbooks. (See attachment B for CLE Fund detailed cost center budgets.)

CLE Fund Budget	FY24 Reforecast	FY25	Difference	% Change
Revenue	\$1,741,800	\$1,754,710	+\$12,910	+0.74%
Expenses	\$1,628,767	\$1,703,091	+\$74,324	+4.6%
Net Income/(Loss)	\$113,033	\$51,619	(\$61,414)2	

(3) CLIENT PROTECTION FUND (CPF)

The Client Protection Fund (CPF) is a legally restricted fund created in 1995 by the Washington Supreme Court and WSBA to make gifts to compensate those financially victimized by lawyer dishonesty or failure to account for client funds or property. It is principally funded by an annual assessment on all active members and *pro hac vice* admissions as required by the Washington Supreme Court. (See attachment C for Client Protection Fund detailed cost center budgets.)

Client Protection Fund Budget	FY24 Reforecast	FY25	Difference	% Change
■ Revenue	\$715,930	\$930,540	+\$214,610	+30.0%
Expenses	\$693,414	\$694,448	+\$1,034	+0.15%
Net Income/(Loss)	\$22,516	\$236,092	+\$213,576 ²	

² A positive (+) difference means an increase in the net income or loss and a negative (-) difference means that there is a decrease in the net income or loss from the FY24 Reforecast.

Total Increase in Direct Expense from FY24 Reforecast	\$381,694

A. Cost Center Changes:

The General Fund budget includes one new cost center titled "Regulatory Reform". The cost center houses direct and indirect expenses budgeted that will be supporting the implementation of the recommendations from the Bar Licensure Task Force for alternative pathways to admission, as well as costs to begin looking into data driven legal regulatory reform as proposed by the Practice of Law Board and consistent with the organizational priorities established by the Board this year.

B. <u>Indirect Expenses:</u>

1) Market Midpoint Adjustment & Compensation Increases (+\$592,450): WSBA's compensation structure assigns each position with a job grade which reflects a combination of level of responsibility, skill, knowledge, education, etc. that is required for the position, along with a step, which generally reflects the number of years of experience in the position. Each combination of grade and step has a specific salary assigned to it, with the salary figures based off a midpoint that is intended to be the market rate of pay for positions in that grade. As part of the budget process each year, we assess whether WSBA's compensation structure is keeping up with comparable market rates, with a more in-depth compensation study performed every few years. The last study of this kind was done in 2021 and implemented in 2022, as part of the implementation of the compensation structure we have today. This year, an in-depth compensation study was completed by WSBA's Human Resources Director, which included research on the state of the job market industry, review of multiple salary surveys, and analyzing data and comparing them to positions

similar to those at the WSBA. The results of the study lead to a recommendation to increase the WSBA salary scale market midpoint by 3% to align more closely with the current market. This recommendation is included in the first draft of the budget and contributes to the total increase in salaries along with the assumption that each employee will move to the next step within their grade in FY25.

- 2) Staffing Needs (+\$214,575): a net total of 3.0 FTE has been identified to support a variety of existing needs across the organization. The total estimated cost of these requests includes salaries, benefits, and taxes.
 - 1. Project Manager (1.0 FTE)- Housed in the Office of the Executive Director, this new position would serve as the nexus point for various WSBA projects. The position would triage, coordinate, project map and, in some cases, serve as the main point of contact for WSBA-wide projects of mid-large scale, including those initiated by the Board of Governors and/or the Executive Director. Projects within this individual's portfolio would involve working closely with staff, WSBA entities and volunteers, the Board of Governors, and external stakeholders where appropriate. Focused attention on these projects will help coordinate individuals and teams, implement a consistent project planning methodology, streamline processes, and improve project deliverables.
 - 2. Data Analyst (1.0 FTE)- Housed in the Office of the Executive Director, this new position is responsible for complex and advanced research and analysis to support projects and programs across the entire organization. This position will utilize data from internal and external sources to recommend and implement solutions and make decisions that have long range impacts. This position identifies and interprets trends and patterns in datasets, producing statistical and narrative reports, assists in making strategic, data-driven recommendations, and assists with developing analytical frameworks to support current and future initiatives.
 - 3. Staff Liaison/Outreach Specialist (1.0 FTE)- Housed in the Communications Department, this new position will be WSBA's expert in designing and implementing ongoing and specific processes to engage the public and its members in new initiatives and significant decisions. The Community Engagement Specialist's goal will be to help ensure that stakeholders who are impacted by the WSBA's work are meaningfully included before decisions are made. The Community Engagement Specialist will also build and maintain networks, programs, and partnerships to help the WSBA inform the public about its mission to uphold the integrity of the legal profession and champion justice.
- 3) Temporary Staffing (-\$116,028): The FY24 reforecast for temporary staffing includes a significant amount of funds to support the downsizing of WSBA office space through scanning of paper records that were stored both on and off site. The majority of the work is expected to be completed in FY24; therefore, we have decreased the budget for FY25 which is primarily for seasonal work support.
- 4) Computer Pooled Expenses (+\$246,900): The majority of the increase for IT direct expenses is for computer software for replacement of WSBA's membership database system, which is the most widely used system across the organization. The current software is aging and is no longer meeting our needs. Replacement will require a significant investment of staff time and financial resources to research, identify, and implement a new system. It is likely this project will span more than one year, beginning in FY25. The remaining increase in budget is to support continued work on WSBA's Cloud Infrastructure, with the goal of moving on premises technology to a cloud-based solution. This work has begun in FY24 and is also a multi-year project.

5) Human Resources Pooled Expenses (+\$34,188): The majority of the increase is for staff training to establish awareness, knowledge, and skills to support the application and objectives of the WSBA's organizational equity plan for internal operations. This is expected to be a one-time cost increase.

c. Direct Expenses:

- 1) Regulatory School (+\$45,000): This is a new expense for FY25, and planning is currently underway to develop a training for all volunteers serving on WSBA regulatory entities. The vision includes bringing volunteers together in person (with an option for hybrid attendance) as the year begins to provide tools and resources, offer an opportunity for the different groups to connect with one another, and to provide consistent delivery of information regarding their role as regulatory volunteers. Examples of entities that would participate include the Board of Bar Examiners, Character and Fitness Board, Disciplinary Board, Law Clerk Board, and the LLLT Board. The current budgeted amount is an estimate to cover reimbursement for approximately half of all volunteers to attend in person. It is expected that this item will remain an ongoing cost for WSBA in the future.
- 2) Bar Leaders' Summit (+\$45,000): This pilot project is the result of much listening and meeting with bar leaders recognizing the needs of others and where WSBA can provide support. The event would involve inviting leaders from local/county and specialty bars to WSBA and provide resources, programming, training, and opportunities for networking. If successful, this would move to an annual event with ongoing costs.
- 3) Consulting Services for Regulatory Reform (+\$42,500): The bulk of the cost will be used to hire consultants to advise WSBA during the development of alternative pathways admission, along with funds for the Practice of Law Board to investigate using different technologies to build a chatbot for the POLB Legal Checkup FAQ.
- 4) Law Clerk Outreach (+\$25,000): In addition to maintaining regular outreach activities such as presentations to those in paralegal programs and paralegal association events, additional outreach activities include mixer events for current law clerks, board members, tutors, and prospective applicants and additional advertising efforts including the addition of social media postings.
- 5) Washington Leadership Institute (WLI) (+\$20,000): The WSBA provides an annual payment to the University of Washington (UW) to administer the WLI program. Costs of have increased over time and the UW is requesting additional funding to maintain the existing support levels for the program. WSBA has provided ~\$80,000 annually in the prior two years.

FY25-FY28 GENERAL FUND FISCAL PROJECTIONS & 2026 LICENSE FEES

Fiscal projections through FY28 have been updated using the draft FY25 budget figures and reflect the assumptions provided below.

Currently, the general fund includes two Board Designated reserves with available balances totaling \$4.3 million: (1) Operating Reserve of \$2.0 million, and (2) Facilities Reserve of \$2.3 million (current balance is \$2.7 million with \$400,000 designated for downsizing costs in 2024). All remaining general fund balances are undesignated and therefore considered "unrestricted." The unrestricted reserve increases when there is net income and decreases when there is a net loss in the general fund. Budgeting a net loss reflects a purposeful spend-down of the WSBA's reserves. The chart below demonstrates the impact on WSBA's unrestricted reserves based on the projected annual spend-down if actual financial results match the budget. Additionally, WSBA has historically outperformed the budget leading to favorable variances

anywhere from \$400,000 to \$1.74 million annually over the past ten years. This is considered and reflected in an annual offset of \$600,000 along with the corresponding impact on unrestricted reserves for comparison.

Assumptions

Revenue:

- No change to the license fee rate of \$458 through 2028.
- Average increase in License Fees revenue of 1% annually to account for net increase in membership.
- All other revenue sources to remain relatively static based on current trends, with small increases of 1-2% in select areas.

Expense:

- Salaries: projections include a 3% increase to the midpoint of the compensation grid in FY25 and FY27, as well as annual cost of movement through steps for all positions.
- No additional FTE in FY26, FY27, or FY28.
- Corresponding increase in taxes and benefits tied to projected salary increases.
- Average increase in medical costs of 4% each year.
- Average increase in all other benefits of 3% each year.
- Average increase in direct expenses of 4% each year.

Based on the first draft of the FY25 budget, there are sufficient reserves to support maintaining a license fee of \$458 in 2026. In 2027, either reserve funds would need to be reallocated from other established reserves (such as the Facilities Reserve Fund) to support the projected net loss or license fees would need to increase. By 2028, there will likely not be sufficient unrestricted reserves and license fees will need to increase. Keep in mind that per WSBA Fiscal Policies, the general fund reserve must maintain a \$2 million balance and has typically been satisfied through the maintenance of the operating reserve fund.

Below is a chart showing both historical and projected license fees and reserve balance data. Included in the chart is the "Effective License Fee," which represents the fee that would need to be charged if no reserves are used, resulting in a break-even budget.

The effective license fee from FY24 to FY28 increases each year due to the corresponding growth in net losses and limited increase in the number of attorney licenses. The increases range from 2-6% annually (and an average of 3.8%), which is in line with the annual increase in expenses of approximately 3.5%.

WASHINGTON STATE BAR ASSOCIATION

TO: WSBA Board of Governors

CC: Terra Nevitt, Executive Director

FROM: Renata Garcia, Chief Regulatory Counsel

Bobby Henry, Associate Director for Regulatory Services

DATE: June 14, 2024

RE: Proposed Amendments to WSBA Bylaws to Remove Resident Agent Requirement

ACTION: This is the second read and request for approval of the proposed amendments to the WSBA Bylaws removing the resident agent requirement and references to the resident agent throughout the Bylaws.

Approval of the attached proposed amendments to the WSBA Bylaws would remove the requirement for out-of-state members to provide a resident agent and remove all references to the resident agent from the WSBA Bylaws.

Background

At its May 2-3, 2024 meeting, the Board of Governors approved the suggested amendments to the Admission and Practice Rules (APR) and the Rules for Enforcement of Lawyer Conduct (ELC) to remove the resident agent requirement. Those suggested amendments are now before the Washington Supreme Court. The Board also reviewed for the first time related amendments to remove the resident agent from the WSBA Bylaws. The proposed amendments to the WSBA Bylaws should be approved to conform with the suggested amendments to the APR and ELC already approved by the Board.

Voting by out-of-state members is now a separate issue and addressed in a separate agenda item and cover memo.

The cover memo on the resident agent issue from the May meeting is attached as reference.

RE: Suggested Amendments to Remove Resident Agent Requirement

ACTION: Chief Regulatory Counsel requests the Board of Governors approve the suggested amendments to the Admission and Practice Rules (APR) and Rules for Enforcement of Lawyer Conduct (ELC) for submission to the Washington Supreme Court on expedited review under the procedures of Rule 9 of the General Rules (GR). The amendments would remove the requirement to designate a resident agent for the purpose of accepting service of process for WSBA members who do not have a physical street address in Washington.

FIRST READING: Related suggested WSBA Bylaws amendments are included for a required first reading. The WSBA Bylaws amendments will be presented at the next meeting for action subject to the Court adoption of the APR amendments.

Summary

Currently, APR 13(f) requires most members of the WSBA to designate a resident agent for the purpose of receiving service of process if their address of record is not a physical street address in Washington state. In response to WSBA's effort to enforce this rule, members raised several concerns about the resident agent requirement including safety and privacy concerns, the difficulty in complying for military members, confusion about the wording of the rule, and the necessity for such a rule especially for members who are not actively practicing law in Washington.

Based on research into the history of the rule, the original purpose of the rule, the concerns raised by members, and the lack of a similar requirement in most if not all other U.S. jurisdictions, we determined the resident agent requirement is antiquated and no longer necessary. Other rules and WSBA Bylaws referring to the resident agent are included for amendment. The purpose and effect of all the suggested amendments are summarized in the table below.

Background

The State Bar Act requires Washington residency for admission to practice law and we believe the resident agent rule was adopted in in 1982 when the Court superseded the statutory residency requirement by adopting APR 5(b) which stated that residency was not required for applicants or members of the Bar. The Court adopted the resident agent requirement instead. At that time, the resident agent requirement only applied to members who did not live or maintain an office in Washington. As the requirement was set forth in the admissions rules, the designation of a resident agent, when necessary, was incorporated into the admissions process for all new admittees.

APR 5 relates to the admission process. Accordingly, designation of a resident agent has been required, when necessary, for all new admittees since adoption of the rule. Although APR 5(f) required every member except a judicial member of the WSBA to designate a resident agent, in practice WSBA did not enforce the rule with any members not on active status. This is most likely because the requirement was set forth in the admissions rules and members are only admitted in active status.

In 2017, when limited practice officers (LPOs) and limited license legal technicians (LLLTs) were first included as members of the WSBA, and as part of the effort to coordinate the licensing requirements for all license or member types, the resident agent requirement was moved from APR 5 (admissions) to APR 13 (address of record) and expanded to include all LPOs and LLLTs. Below is an excerpt from the GR 9 coversheet when the amendments to APR 5 and 13 were proposed to the Court:

The suggested amendments to APR 13 would also include the resident agent requirement that is currently in APR 5. Currently, the resident agent rule requires a resident agent if the lawyer does not reside or maintain an office in Washington. An issue arises when some lawyers use a post office box, resulting in no physical street address at which to serve the lawyer. The suggested amendment would require lawyers, LLLTs and LPOs to provide a resident agent when their address

of record is outside the state or is not a physical street address. These suggested amendments would ensure that all lawyers, LLLTs and LPOs have a tie to Washington and have an address at which the legal professional can actually be served.

We believe the primary purpose for moving the rule from APR 5 to APR 13 was to clarify that it was an ongoing licensing requirement, as opposed to an admissions requirement only. APR 13(f) currently states:

Resident Agent. If the address of record required under this rule is not in the state of Washington or is not a physical street address, the lawyer, LLLT, or LPO shall file with the Bar the name and address of an agent within this state for the purpose of receiving service of process or of any other document required or permitted by statute or court rule to be served or delivered to a resident lawyer, LLLT, or LPO. Service or delivery to such agent shall be deemed service upon or delivery to the lawyer, LLLT, or LPO. The name and address of the resident agent shall be a public record. If the address or name of the resident agent changes, the lawyer, LLLT, or LPO shall notify the Bar of the change within 10 days after the change. Judicial and honorary members of the Bar are exempt from the requirements of this section.

In addition to expanding its application and clarifying that the requirement of a resident agent was ongoing, the resident agent rule was further modified to specifically require a physical street address in Washington state.

Member Impact and Feedback

Accordingly, in early 2018, the WSBA sent a letter to approximately 3,300 members (active, inactive, and emeritus pro bono) whose addresses of record were not a physical street address in the state of Washington notifying them of the newly amended resident agent requirement. At that time the requirement was not incorporated into the annual license renewal and suspension process. Considering the large number of members impacted by this requirement, WSBA opted for a gradual approach to enforcing the rule. To date, there are still a significant number of members out of compliance. On October 16, 2023, we emailed approximately 4,756 members (active, inactive, and pro bono) to remind them of the resident agent requirement and to seek compliance. As of February 8, 2024, the number of non-compliant members has been reduced to 3,438, which is only a 28% decrease. In response to our most recent reminder, we received hundreds of phone calls and emails from concerned members. The feedback can be classified generally into the following categories:

- Ambiguity: Some members have shared a different interpretation of the rule with us. They have a shared that the rule as written ("not in the state of Washington or is not a physical street address") can be interpreted as not applying to those with a physical street address outside of the state. In other words, those with a physical street address in another state are not required to provide the WSBA with a resident agent.
- **Privacy and safety concerns:** Members who do not have a brick-and-mortar office or work from home are reluctant to make their home address available to the public.
- **Inactive members:** Inactive members have questioned the reason for providing the WSBA with a resident agent because they are not practicing law in the state.
- **Military members:** Some military members have asked for an exception to the rule while serving in another state or overseas.

Use of PO Box or PMB: Some members believe they are not required to provide a resident service so long
as they list the physical street address of the post office or private mailbox in addition to the mailbox
number.

Other U.S. Jurisdictions

We conducted a survey of other U.S. jurisdictions regarding residency requirements and to find out if other U.S. jurisdictions had a similar resident agent requirement. We heard back from 25 jurisdictions, including Oregon and Idaho, and none of the jurisdictions which responded have a resident agent requirement.

Other Rules and WSBA Bylaws Referring to Resident Agent

As identified in the summary table above, there are references to the resident agent in several rules and WSBA Bylaws. Most of the suggested amendments relate to removing the requirement to designate a resident agent, to notify the WSBA of change in resident agent, or removing the failure to designate a resident agent as a grounds for administrative suspension from the practice of law. Others suggested amendments include the following.

- Removing the option to serve the resident agent in disciplinary proceedings when personal service is
 required under the Rules for Enforcement of Lawyer Conduct (ELC). After consulting the Office of
 Disciplinary Counsel, which indicated that resort to resident-agent service is infrequent, it was agreed that
 the benefits of eliminating the resident agent requirement outweigh the minor burden of removing one
 alternative means of service in disciplinary proceedings.
- Making a recommendation for administrative suspension a discretionary act when a member fails to
 timely notify the WSBA of a change in contact information. Although the WSBA has not suspended a
 member solely on these grounds, the consequence of suspension is helpful in ensuring members update
 their contact information. However, we do not believe it should be required that the WSBA recommend
 the suspension of all members who do not update their contact information within ten days of the
 change. Instead, suspension should be limited to those who intentionally fail to comply after repeated
 warning.
- Removing the option to vote in the district of the member's resident agent. For members who reside outof-state, they will not have the option to vote in Board of Governors elections for a Governor representing
 one of the state's districts. Out-of-state members will continue to be eligible to vote for At Large
 Governors, and, if they inform the Executive Director, to vote for a Governor in the district of their primary
 Washington practice.

WSBA RISK ANALYSIS: This section is to be completed by the Office of General Counsel, with input from the proposing entity or individual.

The Board is asked to eliminate the registered agent requirement in both court rules and WSBA Bylaws. The Board can act on the court rule requests at this meeting, but the Bylaw changes require two meetings. Board action on the court rules authorizes sending the rules to the Court for consideration.

There is no legal requirement that the WSBA require a registered agent for members with out of state addresses. The important information is a reliable, current address for WSBA communications. Eliminating the requirement that WSBA members with out of state addresses also have a registered agent in Washington does not appear to

create legal risk for the WSBA. Although the WSBA has used registered agent addresses for service in discipline matters in the past, other alternatives exist.

The current Bylaws state that WSBA members residing out of state vote in the district "of the address of the agent they have designated within the State of Washington for the purpose of receiving service of process as required by APR 13, or specifically designated to the Executive Director, within the district of their primary Washington practice." The proposed change eliminates the ability of these members to participate in the congressional district elections completely and limits their participation to at large elections. Given that these members do not reside in a Congressional District in Washington, it is logical that they do not participate in the Congressional District elections. However, in state WSBA members are eligible to vote in both Congressional District and at large governor elections. This is also currently true for out of state members. The change will exclude out of state members from participating in Congressional district elections-and therefore treat in state members differently from out of state members. The Board may wish to discuss whether alternatives exists that allow more equitable treatment of all WSBA members.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

The fiscal impact to WSBA resulting from the proposed recommendation is primarily limited to the amount of staff time used to incorporate any approved revisions to the relevant records and systems. The staff time that would be allocated to this work is included in the overall duties of existing WSBA staff and would not require additional staff or allocation of resources from other internal sources. After implementation of recommendations there would be a savings in staff time that is currently being used to respond to members about this requirement.

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

The purpose of the equity analyses is to understand how entities incorporated an equity lens into the action items presented to the Board of Governors. An equity lens is 1) identifying and centering people and communities most impacted decisions and/or 2) meeting people and communities according to their specific needs to produce fair and equal outcomes for all. It appears that the Chief Regulatory Counsel considered those most impacted include inactive members, members who lived out of state, members in the military and members who only use a PO Box and do not disclosure a physical address for safety privacy reasons, and is making the proposal to remove the resident agent requirement to address their concerns. Based on our review, there does not appear to any concerns about inequitable outcomes.

RE: Out-Of-State Bar Member Voting Options and Recommendations

DISCUSSION: Discuss options for out-of-state member voting in response to the elimination of the resident agent requirement including the merits and barriers of each option.

FIRST READ: Based on the information presented in this memo, we have included suggested WSBA Bylaw amendments for two of the approaches below so as to eliminate any delay in the policy-making process. If the Board chooses to proceed with either option, WSBA Bylaw amendments will be presented at the next meeting for action.

Background

At its May 2, 2024 meeting, the WSBA Board of Governors voted to approve suggested amendments to the Admission and Practice Rules (APR) and Rules for Enforcement of Lawyer Conduct (ELC) that would eliminate the requirement that out-of-state attorneys maintain a resident agent within Washington. This change in the rules was prompted, first, by member feedback that the resident agent requirement was burdensome and, second, by WSBA staff's experience that the requirement was both frequently ignored and infrequently used for its intended purpose of facilitating service of process. The suggested amendments to the court rules have been sent to the Washington Supreme Court for their consideration.

Removal of the resident agent requirement impacts several sections of the WSBA Bylaws, including Article VI, Section C, which governs voting procedures. At present, Article VI, Section C of the Bylaws states that, for purposes of district governor elections,

"Active members residing outside the State of Washington may only vote in the district of the address of the agent they have designated within the State of Washington for the purpose of receiving service of process as required by APR 13, or, if specifically designated to the Executive Director, within the district of their primary Washington practice." 1

All active members, including those living outside Washington, may also vote in all at-large governor elections and, if eligible, elections of the At-Large Young Lawyer governor.² As the WSBA Bylaws note, "[r]egardless of the method

¹ WSBA Bylaws, Art. VI.C.2.a.

² WSBA Bylaws, Art. VI.C.3.

by which any person is selected to serve on the BOG, each Governor will act in the best interest of all members of the Bar and the public."³

At the May 2, 2024 meeting, the Board of Governors requested that WSBA staff present options for the Board to consider for adapting Article VI, Section C to the elimination of the resident agent requirement in the court rules, should the Court choose to adopt those changes. This memo provides a number of options to address this issue and notes potential benefits and drawbacks to each.

Based on these benefits and hurdles, we have included draft Bylaw revisions for the options that appear most viable. If the Board agrees that one of these options is the best path forward, this will allow the Board to proceed with the first reading at the July 18-19, 2024 meeting. We also note below which of the options best appears to balance preserving out-of-state members' votes in elections that are consequential to them, out-of-state members' input, ease of administration of the elections for members and the Bar, and ensuring the Board is equitably representative of all members.

Community Input

As of the date of this memo, 7,564 active members indicate they reside outside a Washington congressional district.⁴ Following the May 2, 2024 Board meeting, WSBA staff sent a survey to out-of-state members requesting their input on resident agent and voting matters. Three-hundred and seventy-three people responded to the survey. Respondents overwhelmingly stated that eliminating the resident agent requirement was important to them, with 79% answering that it was extremely or somewhat important.

With respect to Board elections, the survey indicates out-of-state members are not significantly engaged with WSBA elections. Only 19% of respondents indicated they had ever voted in a BOG election while residing outside of Washington, although 48% stated voting in BOG elections was somewhat or extremely important to them. In addition, only 22% indicated they were aware they could vote in the district of their resident agent and only 8% indicated they were aware of the option to request to vote in the district of their primary practice within Washington. It is likely these responses overstate the engagement of out-of-state bar members because the segment of out-of-state members who are likely to respond to a survey from WSBA are also likely to be more interested in bar affairs generally than the much larger proportion of out-of-state members who chose not to respond to the survey.

Other Legal Requirements for Registered/Resident Agent in Washington

One question raised at the May 2, 2024 Board meeting was whether a registered or resident agent was required for attorneys under other circumstances, such as to operate a business in Washington. In Washington, corporations, nonprofits, limited liability partnerships, limited partnerships, and general or limited cooperative associations are required to designate and maintain a registered agent with the Washington Secretary of State.⁵ A law practice may operate under one of several of these business structures. The registered agent requirement applies to both

domestic business entities, whose internal affairs are governed by Washington law, and registered foreign entities, whose internal affairs are governed by the law of a jurisdiction other than Washington.⁶ The business may be served with any process, notice, or demand required or permitted by law by serving the registered agent.⁷ If the entity ceases to have a registered agent or the registered agent cannot be served, Washington statutes permit service instead by registered or certified mail to the entity's principal office or to the Secretary of State.⁸

Although it does not appear that sole proprietorships are necessarily required to register an agent for service of process with the Washington Secretary of State, most sole proprietorships must apply for a business license, which requires disclosure of a mailing address and physical address for the business. A sole proprietorship's address, including for out-of-state businesses, can be found using the Washington Department of Revenue's Business Lookup.

Examples from Other States

From our review of voting policies for out-of-state bar members in other integrated bar associations, it appears most bar associations in other states do not provide a mechanism for nonresident members to vote in district-based bar elections. The state bar associations of Alabama⁹, Alaska¹⁰, Hawaii¹¹, Idaho¹², Kentucky¹³, Louisiana¹⁴, Michigan¹⁵, Montana,¹⁶ Nevada,¹⁷ North Dakota¹⁸, Rhode Island¹⁹, South Dakota,²⁰ Utah²¹, Virginia²², and Wyoming²³ include a residency requirement for members to vote in their equivalent of district-based elections.

Several states, however, do permit out-of-state members to vote in district-based elections. Arizona²⁴, Missouri,²⁵ and Nebraska,²⁶ for example, provide that active out-of-state members may vote in the district of their most recent

in-state residence or place of business. New Hampshire²⁷ and Oregon²⁸ have a designated out-of-state governor position on their governing boards. New Mexico also designates one governor to represent out-of-state bar members, but includes out-of-state bar members residing in El Paso County, Texas in the neighboring districts within New Mexico.²⁹

A few states, including Georgia³⁰, South Carolina,³¹ and Wisconsin,³² employ a model where a large governing body akin to a legislature governs the bar association and may include out-of-state representatives. Texas uses a similar structure, but out-of-state members are non-voting liaisons.³³

Voting Options

The following are several possible options to permit out-of-state bar members to participate in Board of Governors elections:

1. Permit out-of-state bar members to vote only in at-large governor elections

Under this option, out-of-state bar members would retain the ability to vote in at-large governor elections, while the option to vote in district elections on the basis of their resident agent would be eliminated. This option would be simple to administer and would not require extra labor on members' part to meet the qualifications to vote. However, as discussed at the May 2 BOG meeting, this reduces out-of-state members' opportunities to express a preference for board candidates.

2. Permit out-of-state bar members to voluntarily designate a resident agent with a Washington address for purposes of voting in elections in the district where their resident agent is located

Assuming the Washington Supreme Court eliminates the mandatory resident agent requirement for out-of-state members, this option would permit out-of-state members to maintain a resident agent voluntarily for purposes of establishing residency for voting in BOG district elections. The out-of-state member would select a Washington resident agent in a location of their choice and would vote in the district where that agent is located. The primary benefits of this system are that out-of-state bar members who wish to participate in district elections have a mechanism to do so and that mechanism would require little modification to the way WSBA currently administers elections. Out-of-state members would continue to inform WSBA of the address of their resident agent, just on a voluntary basis rather than mandatory.

This method of voting, however, continues to present administrative burdens and costs for out-of-state members who wish to vote. The predominant purpose of eliminating the resident agent requirement is to reduce the burdens on out-of-state members. This voting method would reintroduce those burdens. Moreover, this method runs counter to the desires of most out-of-state bar members, for whom eliminating the need to maintain a resident agent is a

high priority. As noted above, 79% of survey respondents said it was important to them to eliminate the resident agent requirement. Only 14.4% of respondents agreed that voting based on the location of a voluntary resident agent would best represent their interests on the board, while 33.7% disagreed.³⁴ Especially without the Court's requirement to maintain a resident agent, the outcome of conditioning voting on voluntarily designating an agent may in fact be to decrease out-of-state bar members' participation in elections because of the extra steps required to become eligible to vote in district elections.

Also discussed at the May 2 meeting was the potential for out-of-state bar members to strategically designate a resident agent in a district where they wish to vote, but to which the member has no connection beyond the agent. Just as with a mandatory resident agent requirement, such maneuvering could still occur with a voluntary resident agent. An unintended consequence of this method could also be that out-of-state bar members select the location of their resident agents based on administrative considerations, rather than considerations related to their bar membership. For instance, out-of-state members may tend to designate agents in urban areas, where more professional registered agents are located or where mail can be sent and received quickly. This could skew the populations included in certain districts more heavily than others.

Regardless of the likelihood of these outcomes, the ability to select a resident agent in any location in Washington does mean that out-of-state bar members could vote in a district to which they have no meaningful connection. Although governors have a responsibility to act in the best interests of the entire bar membership, district representation nonetheless allows governors to establish a connection to the individuals living and practicing within their district. As noted in the Bylaws, one of the responsibilities of district governors is to "bring to the BOG the perspective, values and circumstances of her or his district to be applied in the best interests of all members, the public and the Bar," and to "bring information to the members in the district [. . .]." 35

Lastly, an additional hurdle presented by this method of voting is that it would likely require significant outreach to inform out-of-state members that they must voluntarily designate a resident agent if they wish to vote in district elections. As the survey of out-of-state bar members reveals, few respondents were aware they could vote in district elections based on the location of their resident agent. Eliminating the mandatory resident agent requirement while still requiring a voluntary resident agent for voting has the potential to create confusion about the voting requirements and regular education campaigns would be needed to ensure out-of-state bar members were aware of their voting options.

3. Randomly assign out-of-state bar members to a district for purposes of voting

In this method of voting, upon notification from a bar member that their residence is located outside Washington, WSBA would assign the bar member to a district on a random basis. This option appears relatively easy to administer and does not require significant additional steps on the part of the out-of-state member. A possible downside to this option is that out-of-state bar members would have no connection to the district to which they are assigned, as discussed with respect to the voluntary resident agent option. This method could discourage participation in elections by out-of-state members—or at least fail to engender participation beyond current levels—because the out-of-state member would not be invested in the community with which they are voting. Additionally, in our survey,

³⁴ 51.9% of respondents were neutral on this method.

³⁵ WSBA Bylaws, Art. IV.A.2.d.

47.3% of respondents did not think this method would best represent their interests on the board as compared to the 11.8% who thought it would represent their interests.³⁶

4. Permit all out-of-state bar members to vote in all at-large elections. Out-of-state bar members who practice in Washington would also be permitted to vote in the district of their primary practice, which they would indicate annually during license renewal.

Under this proposal, all out-of-state bar members would continue to vote in At-Large Governor and At-Large Young Lawyer Governor elections. In addition, any bar member who resides outside Washington, but continues to practice law within Washington would vote in district elections in the district of their primary Washington practice. Out-of-state practitioners would self-designate the district in which their Washington practice predominantly occurs during the annual relicensing process.

Under the current Bylaws, out-of-state bar members may vote in the district of their primary practice if they wish, but they must take the affirmative step of contacting the WSBA Executive Director to ask for approval to vote in that district. Many out-of-state bar members are unaware of this process. Only 8% of respondents to our survey stated they knew they could vote in their primary practice district.

This proposal would eliminate the need for out-of-state bar members to proactively contact the Bar for a ballot in the district of their primary practice. Instead, out-of-state bar members would be prompted during the annual relicensing process to indicate if they continue to practice law in Washington, and if so, the district in which their practice primarily occurred. They would then automatically receive a ballot for that district election.

A benefit of this option is that it provides regional representation for out-of-state bar members who maintain a connection to a particular community in Washington through their continued practice of law in that region. As previously discussed, regional representation provides a significant way for Board governors to identify and address issues important to the community that elected them. This helps ensure the Board as a whole is aware of matters important to bar members across the state—and beyond—and that the particularized interests of specific populations of bar members are not overlooked. With respect to out-of-state practitioners, this is particularly salient in areas such as Spokane, Vancouver, and other population centers along the state border, where a strong contingent of bar members may practice across state lines. These cross-border practitioners have specialized concerns, for instance with respect to reciprocity or advising clients on operations within multiple states, that could be raised through either their district or at-large governors.

In addition, this proposal has the potential to increase out-of-state bar members' participation in elections both because the process of receiving a district ballot will become more automated and because the election will be relevant to the region in which the out-of-state member practices. 45.3% of survey respondents also said they thought a governor in the district of their primary would well-represent their interests, with only 11.9% disagreeing.³⁷

Lastly, WSBA anticipates this system will be fairly straightforward to administer and, at the very least, will not be any more burdensome to administer than the current system.

³⁶ 41% of respondents were neutral on this method.

³⁷ 42.8% of respondents were neutral on this option.

This option does, however, mean that out-of-state members who no longer practice within Washington will vote only for at-large governors. While this provides them with representation on the Board, it does provide them fewer opportunities to elect additional preferred candidates. Nonetheless, Board governors give every indication of taking seriously their duty to all bar members regardless of residence, thus out-of-state bar members interests are unlikely to go unprotected under this option. 50% of out-of-state bar members who responded to our survey also indicated they agreed that their interests are well represented by an at-large governor, with only 7.6% disagreeing.³⁸

Finally, as with the present system of self-designating either a district of primary practice or a resident agent, there is the potential for out-of-state members to strategically designate a primary practice district. However, such tactics are possible under the current policies but have not led to any drastic results for our Board elections. This problem, therefore, would appear to be a fairly remote possibility. To further protect against this possibility, the out-of-state bar member could provide the information about their primary place of practice in the form of a declaration.

5. Add a Board of Governors seat for out-of-state members

Here, a dedicated governor for out-of-state members would be added to the Board. The position would be elected only by out-of-state members. Although this position could potentially be filled by any active bar member, we recommend that any policy implementing this proposal require the position to be filled by someone who is an out-of-state bar member themselves. Given that the purpose of the position would be to ensure out-of-state bar members' perspectives are adequately represented on the Board, filling the position with an out-of-state member would best accomplish this goal. In addition to voting for the out-of-state governor, out-of-state bar members would continue to vote for at-large governor positions.

The clear benefit of this option is that it provides strong representation for out-of-state bar members on the Board of Governors. A large percent of survey respondents agree that a dedicated governor seat would represent their interests well with 67.9% agreeing, as compared to just 7.5% expressing disagreement.³⁹

The State Bar Act is a consideration in any proposal to increase the size of the Board of Governors. The Act establishes a Board of no more than fifteen members.⁴⁰ Please refer to the legal risk analysis for further discussion.

Adding a Board member may come with several potential challenges. First, as discussed at the May Board meeting, adding a governor who resides outside Washington, and potentially overseas, will increase Board costs. Between 2014 and 2016, the WSBA Board of Governors explored, and eventually adopted, policies adding three new at-large seats to the Board. Those positions, however, were never ultimately filled and, in January 2020, the Board eliminated the seats. The cost of adding governor positions appears to have been one impetus for rescinding the prior expansion of the Board. At that time, the estimated cost of adding a governor located in Spokane was estimated to be \$11,000 per year (equivalent to \$13,350 today). It would be reasonable to expect at least a similar cost for adding an out-of-state board member, however, this cost could be much greater depending on the residence of the governor.

³⁸ 42.5% of respondents were neutral on this option.

³⁹ 24.5% of respondents were neutral on this option.

⁴⁰ RCW 2.48.030.

⁴¹ See January 16-17, 2020 Board of Governors Meeting Materials, Summary and Compilation of New Governors Workgroup Materials, pg. 226 (available at https://www.wsba.org/docs/default-source/about-wsba/governance/bog-meeting-materials-archive/bog-meeting-materials-2019-2020/board-of-governors-meeting-materials-january-2020.pdf?sfvrsn=20830ff1 4#page=226).

A second consideration is ensuring the Board of Governors is an appropriate size to allow for efficient action. Currently, the Board of Governors consists of the Board President, 11 district governors, and three at-large governors.⁴² In addition, the President Elect, Immediate Past President, and WSBA Executive Director, although not voting members of the Board, serve as officers.⁴³ Accordingly, up to 18 individuals are involved in the governance of the Bar.

Considerations of Board size also factored into the 2020 decision to eliminate the three additional at-large Board positions. The Board of Governors at that time noted that the ill effects of an overly large Board might include difficulty communicating effectively between all Board members, free-rider problems where a small subset of Board members ends up carrying the responsibility for more than their fair share of duties, lack of engagement from Board members, and ineffective oversight of Bar activities. Similar issues may arise with the expansion of the Board to add another governor for out-of-state members. Increasing the size of the Board by one seat, however—for a total of 19 governing individuals—may not have a significant impact on the Board's current ability to conduct business.

Lastly, recruiting out-of-state bar members to run as candidates for a dedicated out-of-state governor position may prove challenging. Our survey of out-of-state bar members indicates they are not engaged with Board elections. Again, only 19% indicated they had ever voted in a Board election while residing outside of Washington. With Spokane located on the border with Idaho and Portland just over the border in Oregon, there may be a population of Washington bar members in bordering states to draw from to serve on the Board. However, the geographic spread of out-of-state members may nonetheless make it difficult to locate candidates and for those candidates to engage with their constituency once elected.

6. Convert one at-large governor position to an at-large governor position dedicated solely to out-of-state members

Under this proposal, one of the three current at-large governor positions would be converted to a dedicated governor for out-of-state members and would be elected only by out-of-state members. Out-of-state members would also retain the ability to vote in the remaining at-large governor elections. Again, while perhaps less engaged in bar matters than in-state members, there are a significant number of active bar members who reside out-of-state. This method would ensure they receive clear representation on the Board. This method also avoids issues associated with increasing the size of the Board.

The primary downside to this method, however, would be the loss of one of the current at-large governor positions. Those positions were created as a way to increase representation of communities that have been historically underrepresented in the legal profession and to give a voice to lawyers who are new to the profession.⁴⁵ Repurposing one of those positions for an out-of-state at-large governor may dilute the representation of those perspectives on the Board.

Conclusion

This memo presents a number of voting options for the Board to consider for out-of-state bar members. Of these options, we have provided draft Bylaw amendments for options 4 and 5. Based on the drawbacks and more limited benefits of the remaining options, we have not provided draft amendments for those options. However, should the Board wish to pursue those options or others not presented here, we would be more than willing to draft additional materials at the Board's direction.

The decision of which option to proceed with is ultimately the Board's. However, option 4 appears to best protect out-of-state bar members representation on the Board while also avoiding some of the potential downsides of increasing the size of the Board, as discussed in option 5. In addition, option 4 preserves out-of-state practitioners' connections to their Washington communities and removes barriers for them to participate in Board elections. Although out-of-state bar members who no longer practice in Washington would not vote in district elections, they would still be able to vote in at-large governor elections. This would ensure they are represented on the Board and could voice their preferences, even if they no longer have a geographic connection to Washington by virtue of ceasing to practice in the state.

Information for Fiscal Analysis

Provide information to help inform the Fiscal Analysis:

- The options presented in this memo affect the process for out-of-state bar members to vote in Board of Governor elections
- Staff time may be required to administer elections and to create the online processes necessary to implement the process
- With respect to Option 5, which would create a new BOG seat to be filled by an out-of-state bar member, this will increase the overall cost of administering the BOG. The total additional cost would be impacted by the out-of-state governor's residence.

Information for Equity Analysis

Provide information to help inform the Equity Analysis:

- The primary purpose of all options presented in this memo is to ensure out-of-state bar members are represented on the Board of Governors
- This memo discusses the ways in which the options make distinctions between in-state members, out-of-state members, and out-of-state members who continue to practice in state
- Options #4 or #5, for which Bylaw amendments are included, reduce the present barriers for out-of-state members to vote in Board elections

WSBA RISK ANALYSIS: This section is to be completed by the Office of General Counsel, with input from the proposing entity or individual.

Provided separately as confidential materials.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

The fiscal impact of the proposed options includes both indirect (salaries, benefits, and overhead) and direct expenses. In any of the proposed options, there are indirect expenses for WSBA staff time to develop and implement changes to align with the option selected, ongoing administration of the selected option, and incorporation of any approved revisions to the relevant records. The staff time that would be allocated to this work is included in the overall duties of existing WSBA staff and would not require additional staff or allocation of resources from other internal sources. The impact on direct expenses is dependent upon the option selected. For options one through four, there may be minimal impact on cost for our elections platform which includes an average charge per voter of \$0.45, per seat. Depending on voter turnout, the cost could fluctuate. The fiscal impact of option five would include costs for the additional governor seat to administer elections (approximately \$2,500 annually) and expenses related to their service as a governor such as attendance at Board meetings, outreach, and conferences (approximately \$13,350 noted earlier in the memo). Those costs are estimated based on the current WSBA fiscal policies which allow for reimbursement of expenses for volunteers who reside outside of Washington state, limited to the approximate cost of in-state travel (i.e. cost of travel from the nearest WA border to the location of the particular meeting). If the Board of Governors wish to amend the fiscal policies to include a provision for reimbursement for this specific seat, the fiscal impact would vary greatly depending on the policy limitations and location of residence of the elected governor. In option six, it is possible there would be a reduction in elections platform costs, which are based on a per-voter charge. The current at-large positions are based on a member-wide voter pool and converting one of these positions to an out-of-state position would mean a reduction in the total members eligible to vote.

The application period for any special election held pursuant to this paragraph must be no less than 30 days and must, at a minimum, be prominently posted on the Bar's website and e-mailed to all members eligible to vote in the election.

VI. ELECTIONS

A. ELIGIBILITY FOR MEMBERSHIP ON BOARD OF GOVERNORS

Governors from Congressional and Out-of-State Districts: Any Active member of the Bar, except
a person who has previously served as a Governor for more than 48 consecutive months, may
be nominated or apply for election as Governor from the Congressional District, or geographic
regions within the Seventh Congressional District, or the out-of-state district, in which such
person resides.

Members that have served as Governors for more than 48 consecutive months at time of filing an application, are not eligible to be nominated or apply for election or appointment as Governor from the Congressional District, At-Large Governor position, or geographic regions within the Seventh Congressional District, or out-of-state district in which such person resides, for a period of 36 months after the conclusion of that term of service. Any disputes regarding the eligibility of a member to serve on the Board of Governors shall be addressed by the Board of Governors.

2. At-Large Governors: There will be a total of three At-Large Governor positions.

Any Governor may be removed from office by member recall. A recall vote is initiated by an Active

member filing a petition for recall with the Executive Director. A petition for recall must identify the Governor, the Governor's congressional district or at-large status, and the Governor's term of office; set forth the basis for the recall; and contain the names and signatures of the Active members supporting

the petition.

- 1. For congressional district Governors, the petition must be signed by five percent of the Active members of the Governor's congressional district at the time of filing. Only members of the Governor's district who are on Active status at the time of the vote are eligible to vote.
- 2. For the Young Lawyers At-Large Governor, the petition must be signed by five percent of the Young Lawyers as defined in Article XII of these Bylaws at the time of filing. Only Young Lawyers who are on Active status at the time of the vote are eligible to vote. For all other At-Large Governors, the petition must be signed by five percent of the Active members of the Bar at the time of filing, and only members on Active status at the time of the vote are eligible to vote.
- 3. The voting procedures set forth in the "Election of Governors from Congressional Districts" Article VI.C.2 of these Bylaws will be used as a procedural guideline for conducting a recall vote, and a majority vote is sufficient to pass a recall petition.

Suggested Amendments to WSBA Bylaws to Add Out-Of-State Governor

F. MEMBER	RECALL OF	GOVERNORS
-----------	-----------	-----------

Any Governor may be removed from office by member recall. A recall vote is initiated by an Active member filing a petition for recall with the Executive Director. A petition for recall must identify the Governor, the Governor's district or at-large status, and the Governor's term of office; set forth the basis for the recall; and contain the names and signatures of the Active members supporting the petition.

- For district Governors, the petition must be signed by five percent of the Active members of the Governor's district at the time of filing. Only members of the Governor's district who are on Active status at the time of the vote are eligible to vote.
- 2. For the Young Lawyers At-Large Governor, the petition must be signed by five percent of the Young Lawyers as defined in Article XII of these Bylaws at the time of filing. Only Young Lawyers who are on Active status at the time of the vote are eligible to vote. For all other At-Large Governors, the petition must be signed by five percent of the Active members of the Bar at the time of filing, and only members on Active status at the time of the vote are eligible to vote.
- 3. The voting procedures set forth in Article VI.C.2 of these Bylaws will be used as a procedural guideline for conducting a recall vote, and a majority vote is sufficient to pass a recall petition.

RE: Suggested Amendments to APR 3(c)(2) – Military Spouse Admission by Motion

ACTION: The Board of Governors is asked to approve suggested amendments to APR 3(c)(2) with direction for staff to submit the suggested amendments to the Washington Supreme Court. The suggested amendments would reduce barriers to admission to the practice of law for lawyer spouses of active United States military servicemembers.

Background

Lawyers who are spouses of active servicemembers in the United States military often need to relocate because their servicemember spouse is transferred to a new military station. Because of the relocation, the lawyer spouse or "military spouse" often needs to seek admission to practice law in multiple jurisdictions. Applying for admission to practice law is expensive both in terms of direct costs and in terms of lost income while awaiting admission. In 2019, to reduce the time and expense associated with applying for admission, the Washington Supreme Court adopted the "Military Spouse Admission by Motion" pathway for admission as a lawyer under APR 3(c)(2).

The military spouse admission by motion is similar to general admission by motion. However, unlike admission by motion, the WSBA Admissions Policies do not require the investigation and verification of the information to be done by the National Conference of Bar Examiners (NCBE); instead, it is done in-house by WSBA staff resulting in a faster and less expensive process for military spouse applicants. (The NCBE investigation takes approximately four to six months to complete and the NCBE collects an additional fee from the applicant which is currently \$550). Therefore, military spouse applicants become licensed relatively quickly while at the same time saving the cost of the NCBE investigation fee.

In addition, to qualify for military spouse admission by motion, the applicant cannot qualify for general admission by motion nor admission by UBE score transfer. Essentially, that means the only people who can qualify for military spouse admission by motion are people who do not have a transferrable UBE score and who do have less than three years of practice experience. With 41 jurisdictions administering the UBE, this significantly reduces the population who could qualify for military spouse admission. It could also apply to a small pool of people who have an old UBE score and have not been practicing recently.

Finally, the Washington Supreme Court is likely to adopt the recommendation from the Board of Governors to reduce the active legal experience for general admission by motion to one year. That will further reduce the pool of applicants who could qualify for military spouse admission by motion because that will eliminate the military spouse option for anyone with more than one year of practice in the preceding three years.

Suggested Amendments

The suggested amendments would remove the criteria that the military spouse applicant not qualify for admission by motion and not qualify for admission by UBE score transfer (APR 3(c)(2)(B) & (C). Removal of these barriers will result in more equitable access for military spouses to the practice of law by allowing all military spouses who would otherwise qualify under the rule to take advantage of this more affordable and faster pathway to admission.

Information for Fiscal Analysis

Provide information to help inform the Fiscal Analysis.

- This is an existing process in RSD and the qualifying criteria are not built into the application system. Accordingly, we anticipate no expenses if implemented.
- Because it is a significant reduction in barriers for military spouses, we anticipate a handful of military spouse applicants to seek admission more than we would have had if the change were not implemented. Accordingly, we expect a small increase in revenue for the admissions cost center.

Information for Equity Analysis

Provide information to help inform the Equity Analysis:

• This change will reduce barriers and level the field for all military spouses who would otherwise qualify to apply for admission and allow more military spouses to apply for admission in Washington in a timely and cost effective manner.

WSBA RISK ANALYSIS: This section is to be completed by the Office of General Counsel, with input from the proposing entity or individual.

Provided separately, as confidential materials.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

The proposed amendments would have limited fiscal impact on both revenues and expenses for the WSBA. It is possible that there would be a small increase in the number of military spouses who would be seeking admission in Washington. While we cannot predict the number of people, the potential revenue would be based on the proposed fee for Admission by Motion of \$945¹. There is no change to staff time needed to administer the application process, however there is WSBA staff time used to prepare this proposal and incorporate approved amendments to the relevant records. The staff time that would be allocated to this work is included in the overall

¹ The current Admission by Motion fee is \$620. At their May 2, 2024 meeting, the Board of Governors approved an increase to admission fees, which includes the new fee of \$945 for Admission by Motion. The fee amounts are currently pending approval from the Supreme Court.

duties of existing WSBA staff and would not require additional staff or allocation of resources from other internal sources.

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

The purpose of the equity analyses is to understand how entities incorporated an equity lens into the action items presented to the Board of Governors. An equity lens is 1) identifying and centering people and communities most impacted decisions and/or 2) meeting people and communities according to their specific needs to produce fair and equal outcomes for all. The proposed change is intended to reduce barriers and level the field for all military spouses who would otherwise qualify to apply for admission and allow more military spouses to apply for admission in Washington in a timely and cost-effective manner. Available data shows that more than 80% of military spouses who are not in the military themselves are women and the rate of unemployment is more than the national average. Based on the information provided, it appears that there may be better equitable outcomes for underrepresented and marginalized people including women. Based on our review, there do not appear to any concerns about inequitable outcomes.

RE: Proposed Amendments to WSBA Bylaws for Delivery of Pre-Suspension Notice Under APR 17

FIRST READ: These proposed amendments to the WSBA Bylaws would eliminate the requirement for the presuspension notice under APR 17 to be delivered by certified mail and instead only require either first-class mail or email. The requirement that the Bar also contact the member by email and phone after delivering the presuspension notice would remain unchanged.

The proposed amendments to the WSBA Bylaws would require that an administrative pre-suspension notice be delivered by either regular first-class mail or email only instead of by certified mail with return receipt. This would further advance the paperless goal for license renewal, reduce the staff time needed to assemble certified mail with return receipts, and substantially reduce postage paid. WSBA staff is seeking input from the Board of Governors and WSBA members on the pros and cons of delivery by either email only or by regular first-class mail.

Background

WSBA has been increasingly reducing the amount of paper involved in the annual license renewal process. This year was the second year the WSBA did not mail license renewal forms to members and the first year to send no paper reminders at all—all direct communication was by email. Information about license renewal is also published in the *Bar News* and on wsba.org.

Members who fail to renew their licenses are subject to administrative suspension under APR 17. APR 17 directs the WSBA to determine pre-suspension notice requirements. Currently, the WSBA Bylaws require the WSBA to send members a paper pre-suspension notice by certified mail with return receipt. In addition, the WSBA must make at least one attempt to contact members by email and phone after the pre-suspension notice is delivered.

This year, the WSBA mailed 1,523 pre-suspension notices. The postage for each notice by certified mail return receipt requested is \$8.69. Total certified mail postage this year was \$13,563. Of the 1,523 members receiving a pre-suspension notice, 220 members had their licenses suspended. This is essentially no different from prior years despite members having received no paper notices this year prior to the pre-suspension notice. In fact, the number of pre-suspension notices has been declining since 2022, the last year WSBA mailed license renewal forms to members. In addition, we had fewer suspensions this year than last year. It is clear members are receiving the information WSBA emails to members about license renewal.

¹ The postage rate for international certified mail is \$28.10; there were 17 international notices this year.

² One of the 220 was a House Counsel license which was terminated rather than suspended, as that is the consequence for failing to comply with all license renewal requirements under APR 8(f).

Year	Pre-Suspension Notices	License Suspensions
2024	1,523	220
2023	1,636	224
2022	1,909	216
2021	1,330	187

Eliminating the requirement to use certified mail would advance the paperless goal for license renewal by removing the extra paper involved with certified mail return receipt requested. In addition, certified mail is very labor-intensive requiring staff to go into the office and physically affix the green certified mail labels and return receipt cards to each envelope. Eliminating certified mail would free up approximately 50 hours of staff time.

WSBA staff is considering two options for delivery of the pre-suspension notice: by email or by regular first-class mail. For direct expenses, delivery by email would eliminate the full cost of postage by certified mail (\$13,563 this year) and the cost of the paper and envelopes. For delivery by first-class mail, it would reduce the cost of postage paid by only needing to pay the first-class mail rate of \$.68, which would've translated to \$12,199 in savings using this year as an example.

We do not anticipate the number of members suspended will increase due to eliminating the certified mail requirement. History shows us that the number of pre-suspension notices and suspensions remains fairly constant, if not trending downward, despite eliminating paper forms and reminders. In addition, WSBA will continue to call and email all members on the pre-suspension list after the notice is delivered.

This is not a novel approach to notifying members of a possible suspension of their license. In Oregon, not only are administrative pre-suspension notices delivered by email only, but failure to comply after the email notice results in an automatic suspension.³

WSBA regulatory staff look forward to the input from the Board of Governors and members on this issue.

The fiscal impact of the proposal on direct costs for postage and staff time to prepare and mail paper notices are outlined in the memo. The estimated cost for paper and envelopes for notices in FY24 is less than \$100 for 1,523 notices. Additionally, WSBA staff time has been used to prepare this proposal and will require additional time to incorporate approved amendments to the relevant records. The staff time allocated to this work is included in the overall duties of existing WSBA staff and would not require additional staff or allocation of resources from other internal sources.

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

The purpose of the equity analyses is to understand how entities incorporated an equity lens into the action items presented to the Board of Governors. An equity lens is 1) identifying and centering people and communities most impacted decisions and/or 2) meeting people and communities according to their specific needs to produce fair and equal outcomes for all. It appears the people who may be most impacted by this decision are the people who may be suspended for lack of complying with license renewal requirements. Short of directly soliciting input from people who were sent pre-suspension notices, it may be helpful to review the aggregated demographic information of past groups of people who were sent pre-suspension notices over the last several years. Reviewing this information could assist with determining whether there may be unintended consequences to particular groups of members.

Proposed Amendments to WSBA Bylaws Article III Section J.3. Administrative Suspension

[page 15 of WSBA Bylaws Amended April 10, 2023]

3. Administrative Suspension

- a. Administrative suspensions are neither interim nor disciplinary suspensions, nor are they disciplinary sanctions. Except as otherwise provided in the APR and these Bylaws, a member may be administratively suspended for the following reasons:
 - 1) Nonpayment of license fees or late-payment fees;
 - 2) Nonpayment of any mandatory assessment (including without limitation the assessment for the Client Protection Fund);
 - 3) Failure to file a trust account declaration;
 - 4) Failure of a lawyer to file a professional liability insurance disclosure;
 - 5) Failure of a LLLT or LPO to provide proof of financial responsibility;
 - 6) Failure to comply with mandatory continuing legal education requirements;
 - 7) Nonpayment of child support;
 - 8) Failure to designate a resident agent or notify the Bar of change in resident agent or the agent's address;
 - 9) Failure to provide current information required by APR 13 or to notify the Bar of a change of information required by APR 13 within 10 days after the change; and
 - 10) For such other reasons as may be approved by the BOG and the Washington Supreme Court.
- b. Unless requirement for hearing and/or notice of suspension are otherwise stated in these Bylaws or the APR, ELC, ELPOC or ELLLTC, a member will be provided notice of the member's failure to comply with requirements and of the pendency of administrative suspension if the member does not cure the failure within 60 days of the date of the written notice, as follows:

[OPTION A]

1) Written notice of non-compliance will be sent one time by the Bar to a member at the member's address of record with the Bar by registered or certified first class mail. Such written notice will inform the member that the Bar will recommend to the Washington Supreme Court that the member be suspended from membership and the practice of law if the member has not corrected the deficiency within 60 days of the date of the notice.

[OPTION B]

1) Written notice of non-compliance will be sent one time by the Bar to a member at the member's member's email address of record with the Bar by registered or certified mail. Such written notice will inform the member that the Bar will recommend to the Washington Supreme Court that the member be suspended from membership and the practice of

- law if the member has not corrected the deficiency within 60 days of the date of the notice.
- 2) In addition to the written notice described above, the Bar will make one attempt to contact the member at the telephone number(s) the member has made of record with the Bar and will speak to the member or leave a message, if possible. The Bar will also make one attempt to contact the member at the member's e-mail address of record with the Bar.
- c. Although not required to provide any additional notice beyond what is described above, the Bar may, in its sole discretion, make such other attempt(s) to contact delinquent members as it deems appropriate for that member's situation.
- d. A member failing to correct any deficiency after two months' written notice as provided above must be suspended from membership. The Executive Director must certify to the Clerk of the Supreme Court the name of any member who has failed to correct any deficiency, and when so ordered by the Supreme Court, the member will be suspended from membership in the Bar and from the practice of law in Washington. The list of suspended members may be provided to the relevant courts or otherwise published at the discretion of the BOG.

RE: Proposed Amendments to WSBA Bylaws for Return to Active Status MCLE Requirements

FIRST READ: WSBA staff seek Governor and member feedback on proposed amendments to the WSBA Bylaws relating to the MCLE requirements for return to active status.

WSBA staff is seeking input from the Board of Governors and WSBA members on proposed amendments to the WSBA Bylaws relating to the MCLE requirements for WSBA members returning to active status and to the readmission process when it has been less than four years since the member voluntarily resigned. The proposed amendments to the WSBA Bylaws attempt to align the competency requirements for return to active status with admission to the bar, ensuring it is not more difficult for a member to return to active status than it is for someone to be admitted to the Bar for the first time. The amendments would also simplify and make consistent the MCLE requirements for members who are returning to active status. In addition, the proposed amendments more clearly define the process for readmission for those who voluntarily resigned within the last four years.

Background

WSBA members often change license status for various reasons. WSBA members can choose inactive, judicial, or pro bono status; and members can be suspended for administrative or disciplinary reasons. Members wishing to return to active status must meet the requirements established in the WSBA Bylaws to demonstrate continued minimum competence to practice law.

The methods used for determining minimum competence have evolved over the last 20 years. Twenty years ago, if a lawyer member was inactive or suspended for more than three years, taking and passing the bar exam was the only way to demonstrate minimum competence in order to return to active status. Several years later the requirement was to take and pass the bar exam if the member was inactive or suspended for more than five of the prior ten years, including non-consecutive time periods within the ten-year period. Several years later still, brings us to the current requirements for demonstrating minimum competence which are, in a very simplified manner, complete 45 MCLE credits for a lawyer member and, in addition, if the member was inactive or suspended for more than six years, attend a two-day real-time reinstatement course. The reinstatement course was designed as a substitute for the bar exam which is why it is currently offered only twice a year, like the bar exam. Finally, if a member is inactive or suspended for more than ten consecutive years without any active legal experience, i.e., law practice, law professor, or judge, then the member must take and pass the bar exam.

The specific MCLE requirements today vary for each member returning to active status depending on the member's current status and the length of time not on active status. This makes for a confusing and burdensome

process for both the members and staff. For example, a lawyer member who is inactive *less than* six years needs to complete 45 MCLE credits of any type or subject within the prior *six* years. However, if the lawyer member has been inactive for *more than* six years then the MCLE requirement is to complete 45 credits within the prior *three* years and the credits earned must meet the credit type or subject requirements consistent with a normal MCLE reporting period. In addition, the member must attend a real-time reinstatement course offered only twice a year and the credits do not count toward the 45 credits otherwise required.

An issue of equity and fairness also arises with the Board of Governors' recent approval of suggested amendments to the Admission and Practice Rules resulting from the recommendations of the Washington Bar Licensure Task Force approved by the Washington Supreme Court. If adopted by the Washington Supreme Court, the amendments will reduce the active legal experience requirement for admission by motion applicants to one year of active legal experience in the three years preceding the filing of the application (as opposed to 3 of 5 years). The unintended consequence of these amendments is that there will be more barriers for an inactive, judicial, or pro bono member to overcome to return to active status than there will be for a lawyer from another U.S. jurisdiction to be newly admitted into the Washington Bar when it comes to demonstrating minimum competence.

For example, take a situation where a WSBA member changes to inactive status and moves to California to practice law for seven years at which time the member wants to return to active status in Washington. The requirements for the WSBA member to return to active status would be to report 45 MCLE credits earned within the last three years and attend an in-person two-day real-time reinstatement course. The member may need to wait up to six months for the next available course as it is offered only twice per year. Compare this member's situation to a situation where a California lawyer has been practicing law for seven years and decides to apply for admission in Washington. With the expected adoption of the admission by motion amendments, the California lawyer will be admitted based on the seven years of active legal experience (when only one is required) with the only other significant requirement being to take and pass the online, open-book Washington Law Component test.

Proposed Bylaws Amendments

In light of the suggested amendments to admission by motion and also because the requirements for returning to active status had not been reviewed for over a decade, WSBA staff undertook a review of the requirements for returning to active status with the primary goals of (1) ensuring it is not more difficult for a member to return to active status than it is for someone who is seeking admission to the Bar for the first time, (2) simplifying and streamlining the requirements where possible, and (3) maintaining appropriate standards to demonstrate minimum competence to protect the public.

In order to accomplish these goals, the proposed amendments bring an "active legal experience" factor into the minimum competence determination. Active legal experience is defined in APR 1(e)¹ and essentially means practicing law in another U.S. or English common law jurisdiction. Under this proposal, if a member can demonstrate active legal experience for at least one of the three years preceding the application (the same standard in the suggested amendments for admission by motion) then the member will be deemed to have demonstrated minimum competence and there will be no additional MCLE requirements. Significantly, this means

¹ Active legal experience as a lawyer is defined in APR 1(e) as "experience in the active practice of law as a lawyer, including practice as a Pro Bono Status Lawyer licensed under APR 3(g), or as a teacher at an approved law school, or as a judge of a court of general or appellate jurisdiction or any combination thereof, in a state or territory of the United States or in the District of Columbia or in any jurisdiction where the common law of England is the basis of its jurisprudence;"

that judicial members will have no MCLE requirements to return to active status as their role as a judicial officer qualifies as active legal experience.

When a member cannot demonstrate active legal experience, then there will be MCLE requirements to demonstrate minimum competence. The proposal is to require a full standard reporting period's worth of credits² earned within the prior six years regardless of how long the member has been inactive or suspended and regardless of which status the member has prior to retuning to active status. If the member is inactive or suspended for more than six years, then the reinstatement course will be required but it will be offered as a recorded program so as not to delay the member's return to active status. The MCLE credits for the reinstatement course will count toward the total credits required rather than as additional required MCLE credits as is currently the case.

In cases where a member is inactive or suspended for ten consecutive years without active legal experience, the exam will continue to be the method for demonstrating minimum competence. We expect to be able to propose other options in lieu of the bar exam as alternative pathways to admission are developed and implemented.

Finally, the proposed amendments clarify that readmission after voluntary resignation must be by applying for admission under APR 3 unless it has been less than four years since the resignation, in which case the former member may choose to return to active under the WSBA Bylaws. Like other status changes, the amendments to the Bylaws for readmission after resignation incorporate the active legal experience as a means to demonstrate minimum competence; otherwise, equivalent MCLE requirements are imposed.

WSBA regulatory staff look forward to the input from the Board of Governors and members on this issue.

<u>Information for Fiscal Analysis</u>

Provide information to help inform the Fiscal Analysis.

- The amendments affect procedural requirements for members returning to active status so no additional or loss of revenue expected in any of the RSD cost centers. The only fiscal impact anticipated is indirect staff resources needed to update procedures, websites, documents, etc.
- The amendments would reduce the number of people required to attend the reinstatement course which would reduce revenue to the CLE cost center.

Information for Equity Analysis

Provide information to help inform the Equity Analysis:

- The primary purpose of the amendments is to ensure that it is not more difficult for a member to return to active status than it is for someone who is seeking original admission to the Bar.
- The standards applied for members returning to active and for new members will be equivalent.
- The MCLE requirements for returning to active will be easier to understand for members and staff.
- The MCLE requirements will be consistent for all members returning to active status.
- The recorded reinstatement course option will reduce the amount of time to return to active so members will not face loss of income or opportunity while waiting for course availability.

² Members must earn a total of 45 MCLE credits as lawyers or 30 credits as LPOs and LLLTs, of which 15 must be law and legal procedure and 6 must be ethics.

The proposed amendments would require WSBA staff time used to incorporate any approved revisions to the relevant records. The staff time that would be allocated to this work is included in the overall duties of existing WSBA staff and would not require additional staff or allocation of resources from other internal sources. Additionally, the current reinstatement course required for members seeking to return to active status is administered by the WSBA CLE department, which offers the program both for reinstatement and the general membership in both a live format twice per year as well as in a recorded product format. WSBA CLE program fee is the same fee (\$399) regardless of live attendance or recorded product. Over the past five years, the average annual number of registrants for the program is 88, with a split of 38 to 59 of reinstatement versus general membership education. The proposal includes eliminating the live attendance requirement for reinstatement and instead allowing education through recorded product. It is likely that WSBA CLE would continue to hold at least one of the two live seminars in order to produce a recorded product so overall program cost would remain unchanged. The total revenue amount for the CLE fund would not likely change, instead revenue would shift between the CLE Seminars and Products cost centers (seminars would decrease and products would increase, with a net zero impact) due to members choosing the recorded product option over live attendance.

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

The purpose of the equity analyses is to understand how entities incorporated an equity lens into the action items presented to the Board of Governors. An equity lens is 1) identifying and centering people and communities most impacted decisions and/or 2) meeting people and communities according to their specific needs to produce fair and equal outcomes for all. The goal of creating a system that is clearer and consistent, that is the same for similarly situated groups, and reduce the time it takes to move from inactive to active appears to be a welcomed change and ultimately provide fairer outcomes. As you seek input from Bar leaders and members, we suggest identifying what members may be most impacted by these changes – indirectly or directly – and seek input from those groups to consider and incorporate into any revised drafts.

WSBA BYLAWS

ARTICLE III. MEMBERSHIP

...

D. CHANGE OF MEMBERSHIP STATUS TO ACTIVE

- 1. Members may change membership status as provided below.
 - a. Transfer from Inactive to Active.
 - 1) An Inactive member or Honorary member may transfer to Active by:
 - (a) paying an application and/or investigation fee and completing and submitting an application form, all required licensing forms, and any other required information. The fee in this paragraph is not required from an LPO or LLLT who has been inactive for 90 days or less;
 - (b) paying any MCLE late fees owed;
 - (c) demonstrating active legal experience as defined in APR 1(e) for at least one year of the three years preceding the filing of the application or completing MCLE requirements as outlined in subsection (d) below. Regardless of demonstrating active legal experience, if the member has been Inactive or a combination of Inactive, Pro Bono, Suspended, or Judicial for one year or less as of the date the application was submitted, and the member was required to report during that time period, then the member must establish MCLE compliance for that reporting period.
 - (d) completing MCLE requirements as outlined below when a member cannot demonstrate active legal experience as described in subsection (c) above. A member may use MCLE comity to meet the MCLE requirements of this section as provided for in APR 11(c)(6).
 - i. If the member has been Inactive or a combination of Inactive, Pro Bono, Suspended, or Judicial for one year or less as of the date the application was submitted and the member was not required to report during that time period, or if the member is changing status during their first MCLE reporting period, then the member has no additional MCLE requirements.
 - ii. If the member has been Inactive or a combination of Inactive, Pro Bono, Suspended, or Judicial for one year or less as of the date the application was submitted, and the member was required to report during that time period, then the member must establish MCLE compliance for that reporting period.
 - iii. If the member has been Inactive or a combination of Inactive, Pro Bono,
 Suspended, or Judicial for more than one year or up to six consecutive years
 as of the date the application was submitted, then the member must
 earning and report approved MCLE credits in a number and manner
 consistent with the requirements for one MCLE reporting period under APR
 11 except that within the six years preceding the return to Active status, and

reporting the total number of approved MCLE credits required for one reporting period for an Active member with the same license type, and paying any outstanding MCLE late fees that are owed the credits required in this section must be earned no earlier than six years prior to the date the application is submitted. If the member has been Inactive or a combination of Suspended and Inactive for less than one year, and the member would have been required to report during the time the member was Inactive and/or Suspended, the member must establish that the member is compliant with the MCLE reporting requirements for that reporting period before the member can change to Active. This paragraph does not apply to members transferring back to Active during their first MCLE reporting period;

- (e) passing a character and fitness review essentially equivalent to that required of all applicants for admission to the Bar, pursuant to APR 20-24.3; and
- (f) paying the current Active license fee, including any mandatory assessments, less any license fee (not including late fees) and assessments paid as an Inactive member for the same year.
- 2) If a member was has been Inactive or any combination of Suspended and Inactive, Pro Bono, or Suspended in Washington for more than six consecutive years as of the date the application was submitted, the member must, earn MCLE credits in a manner consistent with the requirement for one reporting period for an Active member of the same license type, and these credits must be earned and reported within the three years preceding the return to Active status. In in addition to complying with subsection 1)(c) or (d) above, the member must complete a reinstatement/readmission course sponsored by the Bar, which must consist of education on law office management and professional responsibility (including the applicable RPC for the member's license type, proper handling of client funds and trust accounts, and client communications), legal research and writing, and changes in the law that apply to the member's license type, as follows:
 - (a) For lawyer members, a minimum of 15 live MCLE credits, consisting of at least four credit hours on law office management and professional responsibility, at least three credit hours on legal research and writing, and the remaining credit hours on recent significant changes in the law;
 - (b) For LLLT members, a minimum of seven live MCLE credits, consisting of at least two credit hours on law office management and professional responsibility, at least one credit hour on legal research and writing, and the remaining credit hours on recent significant changes in the law in approved LLLT practice or core educations areas;
 - (c) For LPO members, a minimum of seven live MCLE credits, consisting of at least two credit hours on professional responsibility, and the remaining credit hours on recent significant changes in the law covered by the approved LPO Study Topics.

The MCLE credits earned for the course will apply to the total credits required in subsection 1)(d) above. The member is required to pay the cost of the course. Any member completing such course will be entitled to credit towards mandatory continuing legal education requirements for all CLE credits for which such reinstatement/readmission course is accredited. The member must comply with all registration, payment, attendance, and other requirements for such the course, and will be responsible for obtaining proof of attendance at the entire course and submitting or having such proof of completion submitted to the Bar.

Periods of administrative and/or disciplinary suspension occurring immediately before or after a change to Inactive will be included when determining whether a member is required to take the readmission course. For purposes of determining whether a member has been Inactive and/or Suspended for more than six consecutive years, the period continues to run until the change to Active membership is completed, regardless of when the application is submitted to the Bar.

- 3) Any member seeking to change to Active who was Inactive or any combination of Suspended and Inactive in Washington and does not have active legal experience as defined in APR 1(e) in any jurisdiction for more than ten consecutive years as of the date the application is submitted, must, in addition to is required to complete the requirements in Art. III. Sec.D.1.a.(1)(a), (b), (c) and (d), (e) and (f) above, and is also required to take and pass the examinations required for admission to the Bar for the member's license type.
- 4) A Disability Inactive status member may be reinstated to Active pursuant to the disciplinary rules applicable to their license type. Before being transferred to Active, after establishing compliance with the disciplinary rules, the member also must comply with the requirements in these Bylaws for Inactive members transferring to Active status.
- 5) A member of any type who has transferred to Inactive status during the pendency of a grievance or disciplinary proceedings may not be transferred to Active except as provided herein and may be subject to such discipline by reason of any grievance or complaint as may be imposed under the ELC, ELPOC, or ELLLTC.

b. Transfer from Judicial to Active.

A Judicial member may request to transfer to any other status, including Active. Upon a Judicial member's resignation, retirement, or completion of such member's term of judicial office, such member must notify the Bar within 10 days, and any Judicial member desiring to continue his or her an affiliation with the Bar must change to another membership status within the Bar.

1) A Judicial member who has complied with all requirements for maintaining eligibility to return to another membership status may transfer to Active by submitting an application for change to Active membership status, paying any MCLE late fees owed, and paying the then current Active license fee for the member's license type, including

any mandatory assessments, less any license fee (not including late fees) and assessments paid as a Judicial member for the same licensing year.

- (a) paying the then current Active license fee for the member's license type, including any mandatory assessments, less any license fee (not including late fees) and assessments paid as a Judicial member for the same licensing year; and
- (b) complying with the MCLE requirements for members returning from Inactive to Active. Either judicial continuing education credits or lawyer continuing education credits may be applied to the credit requirement for Judicial members transferring to Active. If judicial continuing education credits are applied, the standards for determining accreditation for judicial continuing education courses will be accepted as establishing compliance.
- 2) A Judicial member wishing to transfer to Active upon leaving service as a judicial officer who has failed in any year to provide the annual member registry information or pay the annual license fee required of Judicial members to maintain eligibility to transfer to another membership status shall, prior to transfer to Active, be required to pay the Active license fee for the member's license type <u>for</u> any years the registry information was not provided or the Judicial fee was not paid, in addition to complying with the requirements of (<u>a1</u>) above.

c. Transfer from Pro Bono to Active

A Pro Bono member may transfer to Active by complying with the requirements for members returning from Inactive to Active. There is no limit on how long a member may be Pro Bono before returning to Active status.

d. Referral to Character and Fitness Board

All applications for readmission, reinstatement or transfer to Active status will be reviewed by Bar staff and handled consistent with the provisions of APR 20-24.3. In all cases reviewed by it, the Character and Fitness Board has broad authority to recommend withholding a transfer to Active status or imposing conditions on readmission to Active status, which may include retaking and passing the licensing examination applicable to the member's license type. The member will be responsible for the costs of any investigation, examination, or proceeding before the Character and Fitness Board and the Washington Supreme Court.

K. CHANGING STATUS AFTER SUSPENSION

1. Upon the completion of an ordered disciplinary or interim suspension, or at any time after entry of an order for an administrative suspension, a suspended member may seek to change status from suspended to any other membership status for which the member qualifies at the time the change in status would occur.

- Before changing from suspended status, a member who is suspended pursuant to an interim or
 disciplinary suspension must comply with all requirements imposed by the Washington Supreme
 Court and/or the applicable disciplinary rules in connection with the disciplinary or interim
 suspension. Additionally, such member must comply with all other requirements as stated in
 these Bylaws and in the applicable APR.
- 3. If a member was suspended from practice for more than one reason, all <u>All</u> requirements associated with each type of reason for suspension must be met before the change from suspended status can occur.
- 4. Unless otherwise provided in the applicable APR, a suspended member may seek to change status by:
 - a. paying the required license fee and any assessments for the licensing year in which the status change is sought, for the membership status to which the member is seeking to change. For members seeking to change to Active or any other status from suspension for nonpayment of license fees, the required license fee will be the current year's license fee and assessments, the assessments for the year of suspension, and double the amount of the delinquent license fee and late fees for the license year that resulted in the member's suspension;
 - completing and submitting to the Bar an application for change of status, any required or requested additional documentation, and any required application or investigation fee, and cooperating with any additional character and fitness investigation or hearing that may be required pursuant to APR 20-24.3; and
 - c. completing and submitting all licensing forms required for the license year for the membership status to which the member is seeking to change-;
 - d. paying any MCLE late fees owed; and
 - e. demonstrating active legal experience as defined in APR 1(e) for at least one year of the three years preceding the filing of the application, or, complying with the MCLE requirements for members returning from Inactive to Active as set forth in Art. III Sec. D.1.a.(1)(d) and D.1.a.2). In addition to the above requirements:
 - Any member seeking to change to Active who was Suspended, or any combination of Suspended and Inactive, for less than six consecutive years must establish that within the six years prior to the return to active status, the member has earned and reported approved MCLE in a manner consistent with the requirements for one reporting period for an Active member with the same license type. However, if the member has been Suspended and/or Inactive for one year or less and the member was required to report MCLE compliance during the time the member was Suspended and/or Inactive, the member must establish that the member is compliant with the MCLE credits the member would have been required to report that period.
 - 2) Any member seeking to change to Active who was Suspended, or any combination of Suspended and Inactive, for six or more consecutive years must establish that within the three years prior to the return to Active status, the member has earned and reported approved MCLE credits in a manner consistent with the requirement for one reporting period for an Active member with the same license type. In addition, the member must

have completed the applicable readmission/reinstatement course as set forth in Art. III. Sec.D.1.a)(2).

Any member completing such course will be entitled to credit towards mandatory continuing legal education requirement for all CLE credits for which such reinstatement/readmission course is accredited. It is the member's responsibility to pay the cost of attending the course. The member must comply with all registration, payment, attendance, and other requirements for such course, and will be responsible for obtaining proof of attendance at the entire course and submitting or having such proof submitted to the Bar.

5. Any member seeking to change to Active who was Suspended or any combination of Suspended and Inactive in Washington and does not have active legal experience as defined in APR 1(e) in any jurisdiction for more than ten consecutive years at the time the application is submitted, must, in addition to the requirements of Art. III, Sec. K.4.(a)-(d), above, take and pass the examinations required for admission to the Bar for the member's license type.

N. READMISSION AFTER VOLUNTARY RESIGNATION

Any former lawyer or LPO member who has voluntarily resigned and who seeks readmission to membership must apply for admission under APR 3 unless the member has been voluntarily resigned for less than four years at the time the application is submitted, in which case the member may choose to apply as follows. do so in one of two ways: by filing an application for readmission in the form and manner prescribed by the Bar, including a statement detailing the reasons the member resigned and the reasons the member is seeking readmission, or by seeking admission by motion pursuant to APR 3(c) (if the former member is licensed as a lawyer in another U.S. jurisdiction and would otherwise qualify for admission under that rule).

- 1. A former member <u>choosing to file filing</u> an application for readmission <u>less than four years</u> after voluntary resignation in lieu of filing an application for admission under APR 3 must:
 - a. submit an application for readmission in the form and manner prescribed by the Bar, including a statement detailing the reasons for voluntarily resigning and the reasons for seeking readmission;
 - b. pay the <u>an</u> application fee <u>equal to that of a general bar exam applicant</u>, together with such amount as the BOG may establish to defray the cost of processing the application and the cost of investigation; and
 - c. establish that such person is morally, ethically, and professionally qualified to be licensed as the applicable member type and is of good moral character and has the requisite fitness to practice law consistent with the requirements for other applicants for admission to practice law as the applicable member type. An application for readmission will be subject to character and fitness investigation and review as described in APR 20-24.3, consistent with other applications for admission=;

- d. demonstrate active legal experience as defined in APR 1(e) for at least one year of the three years preceding the filing of the application, or, earn and report approved MCLE credits in a number and manner consistent with the requirements for one MCLE reporting period under APR 11 within the six years preceding the return to Active status, and reporting the total number of approved MCLE credits required for one reporting period for an Active member with the same license type, and paying any outstanding MCLE late fees that are owed. except the credits required in this section must have been earned no earlier than six years prior to the date the application was submitted; In addition to the above requirements, if an application for readmission is granted and:
- e. pay any MCLE late fees owed;
- f. complete the reinstatement/readmission course as required in Art. III Sec. D.1.a.(2); and
 - 1) it has been less than four consecutive years since the voluntary resignation, the applicant must establish:
 - (a)—that within the three years prior to readmission the former member has earned and reported approved MCLE credits in a manner consistent with the requirement for one reporting period for an Active member of the same license type, without including the credits that might otherwise be available from the reinstatement/readmission course; and
 - (b) attend and complete the applicable Bar-sponsored reinstatement/readmission course as set forth in Art. III.Sec.D.1.a_)(2).
 - 2) it has been four or more consecutive years since the voluntary resignation, the applicant must take and pass the applicable examination required for admission.
- g. upon successful completion of the above requirements, the former member must satisfy the preadmission requirements and be admitted by Supreme Court order as set forth in APR 5, except that a lawyer who has been resigned for less than four years need not take and pass the Washington Law Component:
 - 1) A lawyer who has been resigned for less than four years need not take and pass the Washington Law Component; and
 - 2) A LLLT applicant who has been resigned less than four consecutive years need not demonstrate completion of substantive law-related work experience.
- 2. A voluntarily resigned former member seeking readmission through admission by motion pursuant to APR 3(c) must comply with all requirements for filing such application and for admission upon approval of such application.

D. CHANGE OF MEMBERSHIP STATUS TO ACTIVE

1. Members may change membership status as provided below.

a. Transfer from Inactive to Active.

- 1) An Inactive member or Honorary member may transfer to Active by:
 - (a) paying an application and/or investigation fee and completing and submitting an application form, all required licensing forms, and any other required information. The fee in this paragraph is not required from an LPO or LLLT who has been inactive for 90 days or less;
 - (b) paying any MCLE late fees owed;
 - (c) demonstrating active legal experience as defined in APR 1(e) for at least one year of the three years preceding the filing of the application or completing MCLE requirements as outlined in subsection (d) below. Regardless of demonstrating active legal experience, if the member has been Inactive or a combination of Inactive, Pro Bono, Suspended, or Judicial for one year or less as of the date the application was submitted, and the member was required to report during that time period, then the member must establish MCLE compliance for that reporting period.
 - (d) completing MCLE requirements as outlined below when a member cannot demonstrate active legal experience as described in subsection (c) above. A member may use MCLE comity to meet the MCLE requirements of this section as provided for in APR 11(c)(6).
 - i. If the member has been Inactive or a combination of Inactive, Pro Bono, Suspended, or Judicial for one year or less as of the date the application was submitted and the member was not required to report during that time period, or if the member is changing status during their first MCLE reporting period, then the member has no additional MCLE requirements.
 - ii. If the member has been Inactive or a combination of Inactive, Pro Bono, Suspended, or Judicial for one year or less as of the date the application was submitted, and the member was required to report during that time period, then the member must establish MCLE compliance for that reporting period.
 - iii. If the member has been Inactive or a combination of Inactive, Pro Bono, Suspended, or Judicial for more than one year or up to six consecutive years as of the date the application was submitted, then the member must earn and report approved MCLE credits in a number and manner consistent with the requirements for one MCLE reporting period under APR 11 except that

the credits required in this section must be earned no earlier than six years prior to the date the application is submitted.

- (e) passing a character and fitness review essentially equivalent to that required of all applicants for admission to the Bar, pursuant to APR 20-24.3; and
- (f) paying the current Active license fee, including any mandatory assessments, less any license fee (not including late fees) and assessments paid as an Inactive member for the same year.
- 2) If a member has been Inactive or any combination of Inactive, Pro Bono, or Suspended in Washington for more than six consecutive years as of the date the application was submitted, the member must, in addition to complying with subsection 1)(c) or (d) above, complete a reinstatement/readmission course sponsored by the Bar, which must consist of education on law office management and professional responsibility (including the applicable RPC for the member's license type, proper handling of client funds and trust accounts, and client communications), legal research and writing, and changes in the law that apply to the member's license type, as follows:
 - (a) For lawyer members, a minimum of 15 MCLE credits, consisting of at least four credit hours on law office management and professional responsibility, at least three credit hours on legal research and writing, and the remaining credit hours on recent significant changes in the law;
 - (b) For LLLT members, a minimum of seven MCLE credits, consisting of at least two credit hours on law office management and professional responsibility, at least one credit hour on legal research and writing, and the remaining credit hours on recent significant changes in the law in approved LLLT practice or core educations areas;
 - (c) For LPO members, a minimum of seven MCLE credits, consisting of at least two credit hours on professional responsibility, and the remaining credit hours on recent significant changes in the law covered by the approved LPO Study Topics.

The MCLE credits earned for the course will apply to the total credits required in subsection 1)(d) above. The member must comply with all registration, payment, attendance, and other requirements for the course, and will be responsible for submitting proof of completion to the Bar.

- 3) Any member seeking to change to Active who was Inactive or any combination of Suspended and Inactive in Washington and does not have active legal experience as defined in APR 1(e) in any jurisdiction for more than ten consecutive years as of the date the application is submitted, must, in addition to the requirements in Art. III. Sec.D.1.a.(1)(a), (b), , (e) and (f) above, take and pass the examinations required for admission to the Bar for the member's license type.
- 4) A Disability Inactive status member may be reinstated to Active pursuant to the disciplinary rules applicable to their license type. Before being transferred to Active, after establishing compliance with the disciplinary rules, the member also must comply with the requirements in these Bylaws for Inactive members transferring to Active status.

5) A member of any type who has transferred to Inactive status during the pendency of a grievance or disciplinary proceedings may not be transferred to Active except as provided herein and may be subject to such discipline by reason of any grievance or complaint as may be imposed under the ELC, ELPOC, or ELLLTC.

b. Transfer from Judicial to Active.

A Judicial member may request to transfer to any other status, including Active. Upon a Judicial member's resignation, retirement, or completion of such member's term of judicial office, such member must notify the Bar within 10 days, and any Judicial member desiring to continue an affiliation with the Bar must change to another membership status within the Bar.

- 1) A Judicial member who has complied with all requirements for maintaining eligibility to return to another membership status may transfer to Active by submitting an application for change to Active membership status, paying any MCLE late fees owed, and paying the then current Active license fee for the member's license type, including any mandatory assessments, less any license fee (not including late fees) and assessments paid as a Judicial member for the same licensing year.
- 2) A Judicial member wishing to transfer to Active upon leaving service as a judicial officer who has failed in any year to provide the annual member registry information or pay the annual license fee required of Judicial members to maintain eligibility to transfer to another membership status shall, prior to transfer to Active, be required to pay the Active license fee for the member's license type for any years the registry information was not provided or the Judicial fee was not paid, in addition to complying with the requirements of (1) above.

c. Transfer from Pro Bono to Active

A Pro Bono member may transfer to Active by complying with the requirements for members returning from Inactive to Active. There is no limit on how long a member may be Pro Bono before returning to Active status.

d. Referral to Character and Fitness Board

All applications for readmission, reinstatement or transfer to Active status will be reviewed by Bar staff and handled consistent with the provisions of APR 20-24.3. In all cases reviewed by it, the Character and Fitness Board has broad authority to recommend withholding a transfer to Active status or imposing conditions on readmission to Active status, which may include retaking and passing the licensing examination applicable to the member's license type. The member will be responsible for the costs of any investigation, examination, or proceeding before the Character and Fitness Board and the Washington Supreme Court.

K. CHANGING STATUS AFTER SUSPENSION

- 1. Upon the completion of an ordered disciplinary or interim suspension, or at any time after entry of an order for an administrative suspension, a suspended member may seek to change status from suspended to any other membership status for which the member qualifies at the time the change in status would occur.
- Before changing from suspended status, a member who is suspended pursuant to an interim or
 disciplinary suspension must comply with all requirements imposed by the Washington Supreme
 Court and/or the applicable disciplinary rules in connection with the disciplinary or interim
 suspension. Additionally, such member must comply with all other requirements as stated in
 these Bylaws and in the applicable APR.
- 3. All requirements associated with each reason for suspension must be met before the change from suspended status can occur.
- 4. Unless otherwise provided in the applicable APR, a suspended member may seek to change status by:
 - a. paying the required license fee and any assessments for the licensing year in which the status change is sought, for the membership status to which the member is seeking to change. For members seeking to change to Active or any other status from suspension for nonpayment of license fees, the required license fee will be the current year's license fee and assessments, the assessments for the year of suspension, and double the amount of the delinquent license fee and late fees for the license year that resulted in the member's suspension;
 - completing and submitting to the Bar an application for change of status, any required or requested additional documentation, and any required application or investigation fee, and cooperating with any additional character and fitness investigation or hearing that may be required pursuant to APR 20-24.3;
 - c. completing and submitting all licensing forms required for the license year for the membership status to which the member is seeking to change;
 - d. paying any MCLE late fees owed; and
 - e. demonstrating active legal experience as defined in APR 1(e) for at least one year of the three years preceding the filing of the application, or, complying with the MCLE requirements for members returning from Inactive to Active as set forth in Art. III Sec. D.1.a.(1)(d) and D.1.a.2).
- 5. Any member seeking to change to Active who was Suspended or any combination of Suspended and Inactive in Washington and does not have active legal experience as defined in APR 1(e) in any jurisdiction for more than ten consecutive years at the time the application is submitted, must, in addition to the requirements of Art. III, Sec. K.4.(a)-(d), above, take and pass the examinations required for admission to the Bar for the member's license type.

N. READMISSION AFTER VOLUNTARY RESIGNATION

Any former lawyer or LPO member who has voluntarily resigned and who seeks readmission to membership must apply for admission under APR 3 unless the member has been voluntarily resigned for less than four years at the time the application is submitted, in which case the member may choose to apply as follows.

- 1. A former member choosing to file an application for readmission less than four years after voluntary resignation in lieu of filing an application for admission under APR 3 must:
 - a. submit an application for readmission in the form and manner prescribed by the Bar, including a statement detailing the reasons for voluntarily resigning and the reasons for seeking readmission;
 - b. pay an application fee equal to that of a general bar exam applicant;
 - c. establish that such person is morally, ethically, and professionally qualified to be licensed as the applicable member type and is of good moral character and has the requisite fitness to practice law consistent with the requirements for other applicants for admission to practice law as the applicable member type. An application for readmission will be subject to character and fitness investigation and review as described in APR 20-24.3, consistent with other applications for admission;
 - d. demonstrate active legal experience as defined in APR 1(e) for at least one year of the three years preceding the filing of the application, or, earn and report approved MCLE credits in a number and manner consistent with the requirements for one MCLE reporting period under APR 11 except the credits required in this section must have been earned no earlier than six years prior to the date the application was submitted;
 - e. pay any MCLE late fees owed;
 - f. complete the reinstatement/readmission course as required in Art. III Sec. D.1.a.(2); and
 - g. upon successful completion of the above requirements, the former member must satisfy the preadmission requirements and be admitted by Supreme Court order as set forth in APR 5, except that a lawyer who has been resigned for less than four years need not take and pass the Washington Law Component.

RE: Inactive License Fee Exemption Due to Significant Health Condition

FIRST READ: Discussion and first read of proposed WSBA Bylaws amendment to provide for an exemption of the inactive license fee for members who are on inactive status because they are experiencing a significant health condition.

Since March 2023, WSBA regulatory staff have been consulting with the Disciplinary Advisory Round Table (DART) on the development of an improved process to address member requests to transfer to disability inactive status when no grievance or disciplinary proceeding is pending. At the March 20, 2024 meeting of the DART, the DART members reached a general consensus to recommend that WSBA staff pursue a process or program whereby a WSBA member who is unable to practice law because of mental or physical incapacity could apply for an exemption or waiver of the annual inactive license fee when seeking to transfer to inactive status. On July 8, 2024, WSBA staff will present this proposal to the DART and ask for its endorsement.

Background

The primary purpose of disability proceedings under the Rules for Enforcement of Lawyer Conduct (ELC) (and related disciplinary rules for LPOs and LLLTs) — consistent with the Supreme Court's overarching GR 12.1 regulatory objectives — is to protect the public. Under the rules and Supreme Court precedent, it is incumbent on the Bar in such proceedings to ensure members have representation when unable to represent themselves. When a member exhibits conduct during an investigation that could indicate a lack of physical or mental capacity to practice law, or such conduct is reported to the WSBA, or when a member exhibits conduct during a disciplinary proceeding that could indicate an inability to assist counsel in defending a disciplinary proceeding and/or a lack of physical or mental capacity to practice law, then the rules authorize the initiation of disability proceedings under ELC Title 8. Disability proceedings may involve a hearing (ELC 8.2 or 8.3) or stipulation (ELC 8.4) resulting in the transfer of the member's license to disability inactive status. A transfer to disability inactive status can also happen automatically when a member is found by a court to be incompetent or lack capacity. See ELC 8.1. While on disability inactive status, a member does not pay a WSBA license fee. Accordingly, the member does not have an annual license renewal and does not receive general communications from the WSBA. To return to active status, the member must initiate a proceeding under the disciplinary procedural rules to establish that the reason for the transfer to disability inactive status has been removed. See ELC 8.8(a).

The ELC do not anticipate situations where a member voluntarily chooses to transfer to disability inactive status when there is no third-party allegation of incapacity, no grievance, and no pending disciplinary proceeding.

Nevertheless, the WSBA has permitted members to voluntarily seek disability inactive status through a stipulation under ELC 8.4. There is general agreement that in the context of voluntary requests, this approach is not ideal. Such members do not expect to become involved with the Office of Disciplinary Counsel, the Disciplinary Board, or the procedures applicable to disability proceedings under the ELC, including appointment of counsel and production of evidence of physical or mental condition related to the asserted lack of capacity. In addition, the ELC-based process is time-intensive and work-intensive for both the member and WSBA staff. Because the process is time consuming, it often cannot be completed in time to achieve a status change before the annual licensing fee due date, which is the reason many members seek such a status change in the first place. A voluntary transfer to disability inactive status can also be considered stigmatizing because, upon transfer, disability inactive status is public and public-facing information.

Accordingly, when considering the various alternative methods for implementing an inactive license fee exemption for members experiencing a significant health condition, WSBA staff focused on creating a process that would 1) avoid the burden of an ELC Title 8 proceeding in the discipline system, 2) grant financial relief to a member who is unable to practice law, and 3) address the concern of a potentially stigmatizing "disability inactive" status.

In addition, WSBA staff wanted to make the request process as easy and unobtrusive as possible for the member while also keeping the administrative process for staff as simple and efficient as possible.

Proposal

The WSBA staff proposes a relatively simple process whereby a member who is experiencing a significant health condition can simply transfer to "regular" inactive status and then request an exemption of the inactive license fee on an annual basis. Only members who certify they are experiencing a significant health condition that is either (1) the reason for the member transferring to inactive status, or (2) preventing the member from returning to active status, would qualify for the inactive license fee exemption. This is not the same standard as used in ELC 8.3(b)(3) which requires a member to be "unable to practice law because of mental or physical incapacity."

Members would be able to submit a request using a simple online form on which they declare they are experiencing a significant health condition that is the reason for transferring to inactive status or that is preventing them from returning to active status. The form would not ask members to disclose the disability, condition, or any related medical records, but the WSBA may request reasonable documented proof. The request would only be used for purposes of waiving the inactive license fee. Members would be able to request the exemption annually by the license renewal deadline of February 1, which is the same deadline for the extreme financial hardship exemption for the active license fee. See WSBA Bylaws Art. I Sec. 5.

We expect only a handful of members to make a request for the exemption. Attached are disability inactive statistics from the last ten years demonstrating that the number of members transferring to disability inactive status ranges from two to seven members each year. Due to the small number of anticipated requests, we expect most if not all requests would be approved upon initial review. One or two might require a follow-up inquiry from WSBA staff to cure deficiencies such as lacking a signature. On rare occasions a request could potentially be rejected, e.g., when a transfer request is submitted by a person other than the member.

Because the member would change to inactive status through an administrative rather disciplinary process, the member's public status on the Legal Directory would simply be inactive like any other member on inactive status. This will hopefully allow members concerned about stigma associated with a "disability inactive" status to seek an

appropriate status adjustment without public labeling. The fee exemption affords the member the added financial benefit of a waived license fee while they focus on their health condition rather than a time-consuming disability proceeding under the ELC.

Finally, just like any member in inactive status, a member who previously sought this relief will be able to follow the standard process to return to active status as set by the WSBA Bylaws. The process starts with the member requesting an application to change to active status and paying a \$100 fee. WSBA staff then provides personalized instructions to the member (the requirements to return to active status vary depending on how long a member is in inactive status). The application is generally processed within two weeks, which is substantially shorter than an ELC 8.8 reinstatement proceeding to determine whether the disability has been removed.

The inactive license fee exemption can be implemented by amending the WSBA Bylaws and developing a request process or form to occur during the annual license renewal season. A draft of proposed amendments to the WSBA Bylaws is attached.

We look forward to the input from the Board of Governors and members on this issue.

Information for Fiscal Analysis

- Possibly one to four inactive members per year might qualify and take advantage of this exemption.
- Staff time will be needed to develop a process in online licensing for this exemption. Part of existing staff duties.

Information for Equity Analysis

The memo identifies the equity considerations.

Provided separately as confidential materials.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

The fiscal impact of this proposal includes a minimal reduction in licensing fee revenue and staff time used to support the development of the proposal, revise internal processes, incorporate any approved revisions to the relevant records, and administer the exemption process. Based on the historical number of members who have transferred to disability inactive status included in attachment 1, there is an average total of 5 people per year transferring from

various statuses (suspended, active, inactive) to disability inactive status. The estimated reduction in license fee revenue is approximately \$1,000-\$2,300 assuming a total of 5 members per year and depending on the member's current status. Exemption of fees for members going from active status at the full fee rate is \$458 per person (members with three or more years of practice) and \$200 for those with regular inactive status. For expenses, the staff time allocated to this work to date and needed if the proposal is approved is included in the overall duties of existing WSBA staff and would not require additional staff or allocation of resources from other internal sources.

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

New Provision for Inactive License Fee Exemption Due to Significant Health Condition

6. Inactive License Fee Exemption Due to Significant Health Condition

The Executive Director may grant an exemption from payment of the annual license fee by any Inactive member who is experiencing a significant health condition that is either (1) the reason for the member transferring to inactive status, or (2) preventing the member from returning to active status. A request must be submitted on or before February 1st of the year for which the exemption is requested. Inactive license fee exemptions under this section are for one calendar year only. An exemption request under this section can be submitted annually. Denial of an exemption request is not appealable.

RE: Proposed Policy for WSBA's Administration of Supreme Court Boards.

SECOND READ/ACTION: Approve Proposed Policy for WSBA's Administration of Supreme Court Boards for Consideration by the Washington Supreme Court

The Task Force Administering Xenial Involvement with Court Appointed Boards (TAXICAB) is seeking the Board of Governors' approval to propose the attached policy for WSBA's administration of Supreme Court boards ("the Boards") to the Washington Supreme Court for adoption. This policy was presented for discussion at the March 3-4, 2023 BOG meeting, for a first reading at the June 23-24, 2023 BOG meeting. It was presented for a second reading at the May 2-3, 2024 meeting where it was tabled to the July 18-19, 2024 meeting.

The policy has not been changed since it was presented in May, however the redline of the policy is now included.

Joint Administration Policy Between the Washington State Bar Association and the Supreme Court Boards

1.0 Introduction

Under Washington State Court <u>General Rule 12.3</u>, the Supreme Court (Court) delegates to the Washington State Bar Association (WSBA),

"[t]he authority and responsibility to administer certain boards and committees established by court rule or order. This delegation of authority includes providing and managing staff, overseeing the boards and committees to monitor their compliance with the rules and orders that authorize and regulate them, paying expenses reasonably and necessarily incurred pursuant to a budget approved by the Board of Governors, performing other functions and taking other actions as provided in court rule or order or delegated by the Supreme Court, or taking other actions as are necessary and proper to enable the board or committee to carry out its duties or functions."

Supreme Court Boards (Boards) report directly to the Court. The duties and functions these Boards perform on behalf of the Court are important to the public, the Court, and WSBA and its members.

2.0 Scope

This policy applies to all current and future Supreme Court Boards administered by WSBA.

3.0 Board Independence

Supreme Court Boards are created by and derive their authority from the Washington Supreme Court. Boards set their own priorities and goals and determine how to carry out their duties and functions as authorized by the Supreme Court. Boards' independence does not limit WSBA's authority or responsibilities under GR 12.3 or to direct its own activities, including taking action to protect the WSBA from liability.

3.1 Effect of Court Rules and Statutes on Board or Committee Independence

Boards are subject to Washington Statutes, and Washington court rules and orders, including such court orders or rules that authorized the Board, and which regulate each Board's duties and functions. This specifically includes GR 12.4 governing records and public access to records.

3.2 WSBA's Administration of Boards

WSBA recognizes that GR 12.3 provides each Board independence in terms of carrying out its activities consistent with any Court order or rule authorizing its existence. WSBA and the Boards will work cooperatively and maintain respect for the Boards' independence as needed to ensure that the Boards can carry out

their duties and functions as authorized by the Supreme Court and that the WSBA can fulfill its duties under GR 12.3.

3.3 Communication with the Public

WSBA acknowledges that Boards have the authority to communicate with the public. Boards will not state that any communication is being made on behalf of WSBA. Boards will not use WSBA letterhead for any public communication. Boards will not knowingly engage in any communications that would subject the WSBA to liability. If there is a reasonable question as to the risk a communication might pose, Boards will seek input from the Executive Director prior to publishing or distributing the communication. The prohibition on using WSBA letterhead does not apply to communications related to regulatory matters.

3.4 Lobbying Activities

WSBA acknowledges that Boards, in order to carry out their mission, may take positions on matters of public interest. These positions may include communicating with federal, state, and local governmental and community leaders. Constitutional limitation on the use of compelled license fees apply to the Boards' activities to the extent that they are funded by license fees.

3.5 WSBA Policy Changes

When there is proposed change to a WSBA policy, a proposed adoption of a new WSBA policy, or a WSBA proposal to change a Court rule, that the Executive Director believes will directly affect a Board's activities or functions, The Executive Director or their designee will notify the potentially affected Board(s) of the proposal as soon as is practicable and prior to final action, so each Board shall have the opportunity for comment with the Board of Governors, the Executive Director, and the Court.

3.6 Board Action

When a Board is considering taking action that it believes may expose the WSBA to liability, the Board chair will take steps to ensure that the WSBA Executive Director receives notice of the proposed action. The notice will be given so that the WSBA will have adequate time to provide input into the Board's decision-making process.

4.0 Staffing

The Executive Director provides and manages staff for each Board.

4.1 Staff Liaison

The Executive Director shall assign a staff member to serve as a Staff Liaison to each Board. The Staff Liaison shall serve as the primary contact between the Board and WSBA. The Executive Director shall allocate additional staff time to

support each Board in carrying out its duties and functions based on the projected workload for the Board and overall WSBA capacity.

4.2 Staff Liaison Responsibilities and Duties

The WSBA Staff Liaison will work with the Board and make available other WSBA resources as needed and available given WSBA's overall capacity.

The Staff Liaison is not a member of the Board. The Staff Liaison will not vote on matters before a Board that requires Board approval. The presence or absence of the Staff Liaison at any meeting does not affect the quorum for a meeting.

Although a Staff Liaison represents WSBA to the Board it is not the responsibility of the Staff Liaison to direct how the Board proceeds.

4.3 Staff Liaison and Support Personnel are WSBA Employees

Staff Liaisons supporting a Board are WSBA employees and will be hired and have their job performance evaluated per the WSBA Employee Handbook and other WSBA personnel policies.

When evaluating the performance of WSBA staff, the Executive Director, through their representative, should solicit feedback from each Board regarding the performance of the Staff Liaison and any supporting staff working with that Board.

The Board is not involved in the hiring of WSBA staff. However, with any employee whose primary or exclusive role is to support the duties and functions of a Board, WSBA should seek and may receive input from the Board as to skills and experience required for the role.

4.4 Board or Committee Membership

Each Board or Committee will add members to the Board and Committee per the Court rule or order that authorized and regulates the Board or Committee.

4.5 Board of Governors Liaison

The WSBA President may appoint a liaison between the Board of Governors and a Board.

The Board of Governor Liaison is not a member of the Board. They will not vote on matters before a Board that require Board approval. The presence or absence of the Board of Governors Liaison does not affect the quorum for a meeting.

4.6 Internal Structure of a Board

Unless otherwise defined by the court order or rule which authorizes and regulates a Board, the internal structure, such as the creation of subcommittees and appointment of members to such subcommittees, designating a chair or sub-chairs, and other decisions about how the Board conducts its duties and functions, is the sole province of each Board.

5.0 Oversight and Compliance Monitoring

Consistent with GR 12.3, WSBA shall oversee and monitor the compliance of Court Boards with the court rules and orders which authorize and regulate it. This includes GR 12.4 and First Amendment limitations relating to use of compelled license fees.

5.1 Reporting to the Court and WSBA

Boards shall submit an annual report to the Court and submit a copy of the report to the Executive Director and the Board of Governors. Boards shall submit other reports as stated in the court rules and orders authorizing them.

If the court rule or order which authorizes or regulates each Board is silent on the structure of an annual report the Board shall decide the format of the report.

5.2 Resolving Compliance Issues

5.2.1 Good Faith Standard—First Attempt to Resolve

If the Staff Liaison has a good faith belief that a Board is not complying with the court rules or orders which authorize and regulate the Board, the Staff Liaison shall first attempt to resolve the matter with the Board.

5.2.2 Escalation to Executive Director

If resolution fails and/or if the Staff Liaison is unable to address the matter directly, the Staff Liaison shall report any perceived non-compliance issue to the WSBA Executive Director who should attempt to work directly with the Board to resolve the issue.

5.2.3 Escalation to the Court

If these parties cannot resolve the matter, it may be presented to the Court for resolution.

6.0 Budget and Expenditures

6.1 Annual WSBA Budget Process

The Staff Liaison works collaboratively with the Board, and the Executive Director or their designee, to develop a budget that will allow the Board to fulfill its duties and functions, consistent with the rules and orders that authorize and regulate the Board.

The Board's budget will be submitted for approval to the Board of Governors as part of WSBA's overall budget.

WSBA and the Board of Governors cannot pass a budget for a Board without an opportunity for the Board to provide input to the WSBA and Board of Governors.

6.2 Funding Outside the Annual Budget Process

A Board may request additional funding outside of the budget cycle.

Such requests should be submitted to the Executive Director and will be considered by the Executive Director, the Budget & Audit Committee, or Board of Governors as authorized by WSBA Fiscal Policies & Procedures.

6.3 Funding a Board Duties and Functions as Described by GR 12.3

All reasonable and necessary Board duties and functions as defined by each Board's court order or rule must remain funded at a level that ensures the duties and functions can be met. The Boards acknowledge that WSBA has the authority to establish the budget for the WSBA and the Boards. The WSBA acknowledges that this authority cannot be used to interfere with a Board's independence as defined in section 3.0.

6.4 Board Fundraising

A Board may seek additional funding, above and beyond the funding which WSBA provides, including grants for a particular duty or function from a government, private, or public sector entity.

If a Board raises such funds, then WSBA shall not reduce the budget of the Board because of the funds raised, unless it is for the same work.

As a Board is not a legal entity entitled to have and manage a bank account, the Board will need to seek the approval of WSBA, the Washington State Bar Foundation (WSBF), or with the approval of WSBA or the Court another appropriate entity to accept and manage such funds on behalf of the Board.

7.0 Other Actions

Consistent with GR 12.3, WSBA may engage in other activities that are necessary and proper to enable Boards to carry out their duties and functions consistent with the overall capacity of WSBA. This might include access to other WSBA resources and teams, including communication channels, design and publication services, website presence, financial analysis, WSBA technology, and continuing legal education.

8.0 Immunity & Indemnification

8.1 Immunity

If a court order or rule that authorizes and regulates a Board extends immunity to the Board and the members serving on a Board, WSBA shall cooperate with the Board and the Court to provide and defend such immunity.

8.2 Indemnification from Lawsuits

WSBA Bylaw Article XIV indemnification applies to members of court created boards described by this policy to the same extent as volunteers appointed by the WSBA.

Joint Administration Policy Between the Washington State Bar Association and the Supreme Court Boards

1.0 Introduction

Supreme Court Boards (Boards) report directly to the Court. The duties and functions these Boards perform on behalf of the Court are important to the public, the Court, and WSBA and its members.

2.0 Scope

This policy applies to all current and future Supreme Court Boards administered by WSBA., including:

- Access to Justice (ATJ) Board
- Disciplinary Board
- Limited License Legal Technician (LLLT) Board
- Limited Practice Board
- Mandatory Continuing Legal Education Board
- Practice of Law Board

3.0 Board Independence

Supreme Court Boards are created by and derive their authority from the Washington Supreme Court. They are independent from WSBA in that theyBoards set their own priorities and goals and determine how to carry out their duties and functions as authorized by the Supreme Court. Boards' independence does not limit WSBA's authority or responsibilitiesy under GR 12.3 or to direct its own activities, including taking action to protect the WSBA from liability.

3.1 Effect of Court Rules and Statutes on Board or Committee Independence

Boards are subject to all-Washington Statutes, and Washington court rules and orders, including such court orders or rules that authorized the Board, and which

regulate each Board's duties and functions. This specifically includes GR 12.4 governing records and public access to records.

3.2 Construing GR 12.3 WSBA's Administration of Boards

WSBA recognizes that GR 12.3 provides each Board independence in terms of carrying out its activities consistent with any Court order or rule authorizing its existence. WSBA and the Boards will work cooperatively and maintain respect for the Boards' independence as needed to ensure that the Boards can carry out their duties and functions as authorized by the Supreme Court and that the WSBA can fulfill its duties under GR 12.3.

3.3 Communication with the Public

WSBA acknowledges that Boards have the authority to communicate with the public. Boards will not state that any communication is being made on behalf of WSBA. Boards will not use WSBA letterhead for any public communication. Boards will not knowingly engage in any communications that would subject the WSBA to liability. If there is a reasonable question as to the risk a communication might pose, Boards will seek input from the Executive Director prior to publishing or distributing the communication. WSBA acknowledges that Boards, in order to carry out their mission, may take positions on matters of public interest. These positions may include communicating with federal, state, and local governmental and community leaders. Constitutional limitation on the use of compelled license fees apply to the Boards' activities to the extent that they are funded by license fees.

3.5 WSBA Policy Changes

All-When there is proposed changes to a WSBA policy, a proposed adoptions of a new WSBA policy, or a WSBA proposal to change a Court rule, that the Executive Director believes will directly affect a Board's activities or functions, must be presented for a "first read" at least one meeting prior to the Board of Governors' meeting at which final action is taken. The Executive Director or their designee will notify the potentially affected Board(s) of the proposal as soon as is practicable after the Board of Governors' first consideration of the proposal and prior to final action, so each Board shall have the opportunity for comment with the Board of Governors, the Executive Director, and the Court. For good cause shown under exceptional circumstances, the Board of Governors may take action without the two step process required above, by an affirmative vote of two-thirds of the Board of Governors, however WSBA should take all reasonable steps to notify and seek input from the impacted Board(s).

3.6 Board Action

When a Board is considering taking action that it believes may expose the WSBA to liability, the Board chair will take steps to ensure that the WSBA Executive Director receives notice of the proposed action. The notice will be given so that the WSBA will have adequate time to provide input into the Board's decision-making process.

4.0 Staffing

5.1 Reporting to the Court and WSBA

Boards shall submit an annual report to the Court and submit a copy of the report to the Executive Director and the Board of Governors. Boards shall submit other reports as stated in the court rules and orders authorizing them.

If the court rule or order which authorizes or regulates each Board is silent on the structure of an annual report the Board shall decide the format of the report.

5.2 Resolving Compliance Issues

5.2.1 Good Faith Standard—First Attempt to Resolve

If the Staff Liaison has a good faith belief that a Board is not complying with the court rules or orders which authorize and regulate the Board, the Staff Liaison shall first attempt to resolve the matter with the Board.

5.2.2 Escalation to Executive Director

If resolution fails and/or if the Staff Liaison is unable to address the matter directly, the Staff Liaison shall report any perceived non-compliance issue to the WSBA Executive Director who should attempt to work directly with the Board to resolve the issue.

5.2.3 Escalation to the Court

If these parties cannot resolve the matter, it may be presented to the Court for resolution.

6.0 Budget and Expenditures

6.1 Annual WSBA Budget Process

The Staff Liaison works collaboratively with the Board, and the Executive Director or their designee, to develop a budget that will allow the Board to fulfill its duties and functions, consistent with the rules and orders that authorize and regulate the Board.

The Board's budget will be submitted for approval to the Board of Governors as part of WSBA's overall budget.

WSBA and the Board of Governors cannot pass a budget for a Board without an opportunity for the Board to provide input to the WSBA and Board of Governors.

6.2 Funding Outside the Annual Budget Process

A Board may request additional funding outside of the budget cycle. Such requests should be submitted to the Executive Director and will be considered by the Executive Director, the Budget & Audit Committee, or Board of Governors as authorized by WSBA Fiscal Policies & Procedures.

6.3 Fully-Funding a Board Duties and Functions as Described by GR 12.3

All reasonable and necessary Board duties and functions as defined by each Board's court order or rule must remain funded at a level that ensures the duties and functions can be met. The Boards acknowledge that WSBA has the authority to establish the budget for the WSBA and the Boards. The WSBA acknowledges that this authority cannot be used to interfere with a Board's independence as defined in section 3.0.

6.4 Board Fundraising

A Board may seek additional funding, above and beyond the funding which WSBA provides, including grants for a particular duty or function from a government, private, or public sector entity.

DATE: April 6, 2024

RE: Proposed Policy for WSBA's Administration of Supreme Court Boards.

SECOND READ/ACTION: Approve Proposed Policy for WSBA's Administration of Supreme Court Boards for Consideration by the Washington Supreme Court

The Task Force Administering Xenial Involvement with Court Appointed Boards (TAXICAB) is seeking the Board of Governors' approval to propose the attached policy for WSBA's administration of Supreme Court boards ("the Boards") to the Washington Supreme Court for adoption. This policy was presented for discussion at the March 3-4, 2023 BOG meeting, for a first reading at the June 23-24, 2023 BOG meeting, and is now being presented for a second reading.

The policy has been revised since it was presented in June based on stakeholder input and numerous discussions with interested parties. A redline version of the policy is attached to highlight those changes.

Background

Washington General Rule 12.3 charges WSBA with the "authority and responsibility to administer certain boards and committees established by court rule order. This delegation of authority includes providing and managing staff, overseeing the boards and committees to monitor their compliance with the rules and orders that authorize and regulate them, paying expenses reasonably and necessarily incurred pursuant to a budget approved by the Board of Governors, performing other functions and taking other actions as provided in court rule or order or delegated by the Supreme Court, or taking other actions as are necessary and proper to enable the board or committee to carry out its duties or functions." WSBA administers several such entities and over the years, challenges have arisen in terms of the application of GR 12.2 and other WSBA policies, budget and staff allocations, the ability to hire and direct staff, the scope and meaning of "administration," conflicting policy objectives, and decision-making authority.

TAXICAB was created by the Board of Governors on April 17, 2020, to assess WSBA's role in administering the Boards, work with the Court to ensure that such administration is consistent with the Court's intent, and to convey to the Court information about the boards and member concerns. After identifying the recurring challenges and determining that a lack of clarity in how GR 12.3 is to be carried out as one of the causes behind those challenges, the task force determined that a policy, approved by the Supreme Court, that detailed WSBA's administration of the Boards, would help to alleviate some of the recurring challenges.

TAXICAB is comprised of six then-members of the Board of Governors and six representatives from the Boards. The representatives provided regular updates and opportunities to review the draft policy to their boards throughout the

process of developing the process. The proposed policy was unanimously adopted for recommendation to the Board of Governors at its February 8, 2023, meeting. The attached revisions were shared with current members of those Boards in January 2024. Input was solicited and discussed by members of TAXICAB on February 9, 2024.

When this policy was first presented to the Board of Governors for an initial discussion at the March 3-4, 2023 meeting, there were no questions raised or input provided by members of the Board of Governors. However, the Board did receive feedback from Nancy Hawkins on behalf of the Family Law Section in opposition to the policy and expressing concern that the policy favors Boards and should include sections in addition to Boards. These concerns were considered and it was determined that if the Sections wished entry into a similar arrangement it should do so separate and apart from this policy was designed to address only Supreme Court Boards.

The policy was presented to the Board of Governors for first read at the <u>June 23-24, 2023</u>. During that meeting, members of the Board of Governors raised questions about whether the policy was needed and how it would positively affect the status quo. There was also a specific concern included that Section 3.5 of the memo was effectively a change to the WSBA Bylaws. That concern has been addressed in the revised proposed policy. Nancy Hawkins again provided public comment in opposition to the proposed policy.

Intended Impact of the Policy

In recent memory, and perhaps beyond that, there has been periodic conflict and tension between WSBA and the Boards. These conflicts almost always relate to resources and decision-making authority and tension revolves around a central unanswered question: "to what extent are these entities independent from WSBA?" The Boards are created by the Supreme Court and "administered" by WSBA under GR 12.3, so they are clearly of a different character than entities created by the Board of Governors and fully governed by WSBA. And yet, they are funded by WSBA license fees, through a budget approved by the Board of Governors; much of their work is carried out by WSBA employees; volunteers are recruited, trained, and supported by WSBA processes and policies; and, crucially, they lack a separate legal identity that would enable them to open a bank account, enter into a contract, or be a party in a lawsuit. Examples of specific conflicts and questions that have arisen over the years are listed below. Most of these conflicts are minor, while others have been highly disruptive and public. These conflicts have touched nearly all, if not all, of the Boards.

Areas of Conflict/Question

- Are the Boards subject to the open meetings provisions of the WSBA Bylaws? Can they hold executive sessions for reasons other than those articulated by the WSBA Bylaws? Can they exclude staff from a meeting? Can they exclude their BOG liaison from a meeting?
- Are the Boards subject to the limitations of GR 12.2? Are the Boards subject to WSBA's public comment policy? Can the Boards take public positions on federal policy or otherwise? Are Boards positions subject to review by WSBA prior to taking a public position?
- Can WSBA direct the Boards to not engage in an activity that it has determined may expose the organization to liability? In the case of a lawsuit, is WSBA liable for the actions of the Boards? Will WSBA defend and/or indemnify volunteers of the Boards? Are volunteers of the Boards considered WSBA volunteers and will insurance coverage extend to their actions?
- Are there any limits on the Board of Governors' decision making over the Boards' budgets? Can the Board reject any budget proposal for any reason? As a mechanism to direct the actions the Boards? To effectively defund the Boards?

- Do the Boards play a role in hiring or evaluating the staff assigned to support and carry-out their work?
- Can the Boards direct the actions of WSBA staff? Who decides the priorities of WSBA staff?
- Are there any limits on the Executive Director's ability to direct the actions of staff assigned to support and carry-out the work of the Boards?
- Can the Board of Governors direct the Executive Director to intercede into the actions or work of the Boards?
- Do the Boards have access to other WSBA staff and resources (beyond the assigned staff liaison) such as
 graphic design, the ability to send emails to the membership, broadcast technology, or the ability to partner
 with WSBA CLE? Who decides the priorities for use of these resources?
- Who has final say over the proposed budget submitted to the Board of Governors for the Boards?
- Can the Boards use WSBA letterhead? Are they a required to use WSBA letterhead? Are they allowed to develop their own logos and/or letterhead?

Aspects of the Policy that Formalize Current Practice

- 3.0 establishes that WSBA is not limited in its ability to take actions to protect itself from liability.
- 3.1 establishes that Supreme Court Boards are subject to all applicable statutes, court rules, and orders.
- 3.2 establishes that WSBA and the Boards will work collaboratively to help the Boards to carry out their duties as set forth by their authorizing rules/orders.
- 3.3 establishes that the Boards may communicate with the public without prior authorization by the Executive Director of the BOG. Boards will not use WSBA letterhead, except in the case of regulatory communications.
- 4.0, 4.1, 4.2, and 4.3 establish that the Executive Director is responsible for assigning staff to each Board; that staff are WSBA employees subject to all WSBA personnel policies and the supervision of the Executive Director; and that Boards are not involved in the hiring of WSBA staff.
- 4.1 establishes that it is the Executive Director's responsibility to allocate staff resources based on each Board's projected workload and overall WSBA capacity.
- 4.2 establishes the nature of the relationship between the staff liaison and the Board. Specifically, that the staff liaison is not a member of the Board, does not vote, and does not impact quorum.
- 4.2 establishes that the staff liaison will facilitate access to other WSBA resources and that access to those resources is limited by WSBA's overall capacity.
- 4.2 establishes that the staff liaison is not responsible to direct the work of a Board.
- 4.4 establishes that appointments to the Boards are determined by their authorizing rule/order.
- 4.5 establishes the nature of the relationship between the BOG liaison and the Board. Specifically, that the liaison is not a member of the Board, does not vote, and does not impact quorum.
- 4.6 establishes that it's within the Boards' exclusive purview to make decisions about their internal structure and operations, unless otherwise defined by their authorizing order/rule.
- 5.0 establishes WSBA's duty to oversee and monitor the compliance of the Boards with their authorizing rules/orders.
- 5.0 establishes that the Boards are subject to GR 12.4, which relates to access to bar records.
- 5.1 establishes that the Boards shall submit annual reports to the Court and provide a copy to the Executive Director and Board of Governors.
- 6.2 articulates the process for a Board to request funding outside of the budget cycle.
- 7.0 establishes that WSBA can engage in activities or make resources available to support the Boards in their work, subject to WSBA's overall capacity.
- 8.1 establishes a duty on WSBA to cooperate with the Board and Court to provide and defend any immunity

provided by a Board's authorizing court order/rule.

Aspects of the Policy that Shift Current Practice or Provide Clarity in Areas of Prior Conflict

- 3.0 defines the nature of the relationship between WSBA and the Boards. Specifically, the policy establishes that the boards are "independent" from WSBA and defines what that means.
- 3.3 establishes a duty on Boards to not knowingly engage in communications that would subject WSBA to liability and to seek prior input from the Executive Director if there is a reasonable question as to risk.
- 3.4 and 5.0 acknowledges that the Boards are subject to first amendment limitations on the use of compelled license fees. Note that the policy does not make the Boards subject to the limitations of GR 12.2 or the WSBA Bylaws.
- 3.5 establishes a duty on the Executive Director to notify Boards when a WSBA proposed rule or policy change is pending that will have a direct affect on a Board's activities or functions.
- 3.6 establishes a duty on Boards to notify the Executive Director prior to taking any action that may expose the WSBA to liability.
- 4.3 encourages soliciting input from the Boards about the staff liaison's performance.
- 4.3 encourages soliciting input from the Boards about the skills and experiences required for the role.
- 5.2 establishes a conflict resolution process that calls on the Supreme Court to ultimately resolve disputes.
- 6.1 establishes that the budget for Boards is to be created collaboratively with the Board and the Executive Director (or designee) and that the Board of Governors cannot pass a budget for a Board without providing an opportunity for input by that Board.
- 6.3 provides guidance for establishing Board budgets. Specifically, that Boards should be funded at a level that ensures they can meet their functions and duties; that the Board of Governors has the authority to establish that budget; and that budgetary discretion cannot be used to interfere with a Board's independence as defined in section 3.0 of the policy.
- 6.4 establishes that a Board can engage in fundraising and will need to seek the approval of WSBA or the WSBF to accept and manage the funds. It also provides for an outside fiscal sponsor with the consent of WSBA or the Court.
- 8.2 establishes that the indemnification provided in the WSBA Bylaws to volunteers extends to members of the Boards.

Areas of Potential Conflict that the Policy Does Not Address

- There is some lack of clarity about which entities are governed by GR 12.3. This policy does not clarify that further. Section 2.0 limits the scope of the policy to current and future "Supreme Court Boards administered by WSBA." This is narrower than GR 12.3 and also leaves some room for interpretation.
- The policy does not make the Boards subject to the WSBA Bylaws and does not address open meetings requirements, including whether a staff or BOG liaison can be excluded from an executive session.
- The policy does not specifically address how a Board might engage in activities that it is not prohibited from
 carrying out, but that a staff liaison would not be permitted to engage in given that employees are subject to
 all WSBA policies, all aspects of the WSBA Bylaws, and all laws, court rules, court orders, and policies affecting
 WSBA, including GR 12.2 and the WSBA Bylaws.
- The policy does not specifically state that volunteers serving on Supreme Court Boards are "WSBA volunteers," although it does provide for indemnification to the same extent as WSBA volunteers.

considered in the future by the Task Force and/or ultimately answered by the Supreme Court. Instead, the policy seeks to bring clarity to the procedures and processes that often give rise to conflict, including staffing, budget, taking public positions, and assessing risk. For the most part, the policy makes explicit/formal what is already informally in practice, with a few exceptions highlighted above. Importantly, the policy also sets forth a process for resolving disputes. In so doing, the intent is to reduce conflict for staff and volunteers by establishing shared expectations about day-to-day processes and decision-making. While this step may feel modest, it should be noted that WSBA's position on the questions described above has shifted over time depending on the people involved, which has contributed to a lack of clarity.

RE: Proposed Policy for WSBA's Administration of Supreme Court Boards.

FIRST READ: Provide Feedback on Proposed Policy for WSBA's Administration of Supreme Court Boards

The Task Force Administering Xenial Involvement with Court Appointed Boards (TAXICAB) is seeking the Board of Governors' approval to propose the attached policy for WSBA's administration of Supreme Court boards to the Washington Supreme Court for adoption. This policy was presented for discussion at the March 3-4, 2023 BOG meeting and is now being presented for a first reading. Please review the attached materials for background and additional information about the proposal.

The policy has not changed since it was presented in March, however TAXICAB did engage in an equity analysis of the policy facilitated by WSBA Equity and Justice Lead Saleena Salango.

Equity Analysis

Members of TAXICAB met on Friday, March 10 to conduct an equity analysis of the attached proposal and the process by which it was developed. The committee discussed which groups the policy is intended to impact, which of those group is most impacted, who should be centered in considering the policy, and the process that was used to develop the policy and the extent to which impacted groups were included.

The Task Force members identified that the policy directly impacts the WSBA staff that work with Supreme Court Boards and the volunteers that serve on Supreme Court Boards and that if the policy is successful in facilitating the smooth operation of the Supreme Court Boards at WSBA it will also impact the public and the members who support the work through the license fee. The group identified that staff are among the most impacted by the policy and were engaged throughout the process to participate in TAXICAB meetings and provide input, though they were not among the voting members of the Task Force.

The Task Force will meet again following the June Board of Governors meeting to discuss any feedback from the Board.

RE: Proposed Policy for WSBA's Administration of Supreme Court Boards.

FIRST READ: Provide Feedback on Proposed Policy for WSBA's Administration of Supreme Court Boards

The Task Force Administering Xenial Involvement with Court Appointed Boards (TAXICAB) is seeking feedback from the Board of Governors regarding its proposed policy for WSBA's administration of Supreme Court boards. If ultimately approved, TAXICAB recommends that the policy be presented to the Washington Supreme Court for adoption in order that it be binding on both WSBA and the Supreme Court boards administered by WSBA.

Background

GR 12.3 charges WSBA with the "authority and responsibility to administer certain boards and committees established by court rule order. This delegation of authority includes providing and managing staff, overseeing the boards and committees to monitor their compliance with the rules and orders that authorize and regulate them, paying expenses reasonably and necessarily incurred pursuant to a budget approved by the Board of Governors, performing other functions and taking other actions as provided in court rule or order or delegated by the Supreme Court, or taking other actions as are necessary and proper to enable the board or committee to carry out its duties or functions." WSBA administers several such entities and over the years, challenges have arisen in terms of the application of GR 12.2 and other WSBA policies, budget and staff allocations, the ability to hire and direct staff, the scope and meaning of "administration", conflicting policy objectives, and decision-making authority.

TAXICAB was created by the Board of Governors on April 17, 2020, to assess WSBA's role in administering Supreme Court boards, working with the Court to ensure that such administration is consistent with the Court's intent, and conveying to the Court information about the boards and member concerns. After identifying the recurring challenges and determining that a lack of clarity in how GR 12.3 is to be carried out as one of the causes behind those challenges, the task force determined that a policy, approved by the Supreme Court, that detailed WSBA's administration of Supreme Court boards, would help to alleviate some of the recurring challenges.¹

A subcommittee of TAXICAB developed the proposed policy, which was reviewed several times by the task force and unanimously adopted for recommendation to the Board of Governors at its February 8, 2023, meeting.

This policy will not eliminate the tension that exists in WSBA's administration of Supreme Court boards, and the task force ultimately did not reach agreement on the extent to which the boards should be considered "separate" from WSBA and it could be useful to seek feedback from the Court on that question.

¹ The task force considered and rejected several other solutions, including MOUs between WSBA and each Supreme Court Board such as WSBA currently has with the Access to Justice Board and proposing amendments to GR 12.3.

Community Input

TAXICAB is comprised of six members of the Board of Governors (at the time of creation) and six representatives from Supreme Court Boards administered by WSBA.² The representatives provided regular updates and opportunities to review the draft policy to their boards throughout the process of developing the process. There are no significant concerns outstanding.

The task force has not circulated this proposed policy further than its members and the boards they represent.

WSBA RISK ANALYSIS: This section is to be completed by the Office of General Counsel, with input from the proposing entity or individual.

Requested Board Action: The BOG is asked to take two actions: (1) approve a policy setting out the joint interpretation of GR 12.3 and the conflict resolution process; and (2) recommend that the Supreme Court issue an order adopting this policy interpretation of GR 12.3.

Legal Risks Identified for Discussion or Clarification:

This policy sets out a joint understanding of the terms used in GR 12.3 and an agreed conflict resolution mechanism. It also establishes an agreed interpretation of GR 12.3 that is intended for Court approval and appears to decrease the risks associated with WSBA administration of court created boards. Legal risks could be associated with unclear terms or lack of Court approval. Part of the value in this document is knowing that the Court-created boards, the WSBA and the Court all agree on the GR 12.3 interpretation. It appears that the intent is to present the policy for approval by the Court, because it could cause confusion if the Board adopted a policy for Court-created boards that the Court declined to adopt. To avoid such confusion the Board might wish to consider treating this as a Court rule, which is recommended to the Court, but not "adopted" or "approved" by the Board.

This policy does not address potential changes to GR 12.3 and the Task Force was not tasked with this issue.

The Board may wish to discuss the following issues:

- 2.0 Scope-there is no definition of "Supreme Court Boards administered by WSBA." The BOG may wish to discuss whether a clear definition would make the policy scope clearer.
- 3.1 "Boards are subject to all Washington Statutes" might be overly broad. The Board may want to discuss the purpose of this sentence given that some statutes do not apply to the WSBA.
- 3.5 This section appears to essentially change the Bylaws. The Board may want to determine whether to make a change to the Bylaws rather than use two documents to determine when items need first read.
- 8.0 This section reflects our current understanding and does not represent a change.

² The six boards represented on TAXICAB are the Access to Justice Board, Disciplinary Board, LLLT Board, Limited Practice Board, MCLE Board, and Practice of Law Board. WSBA actually administers *ten* boards that are created by court rule or order and there is considerable variety among those boards in terms of the nature of their work, how their members and chairs are appointed, and their level of engagement with the Court. In forming TAXICAB, the drafters identified that the Supreme Court boards that exercise greater independence from WSBA tend do be the ones with greater opportunity for conflict. For the purposes of TAXICAB and the proposed policy, the only boards that have been included are those that have all of their members appointed by the Court.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

The proposed policy clarifies WSBA's current administration of Supreme Court Boards and does not change the work in any way that is anticipated to have a fiscal impact. Note that the annual cost to administer the six boards addressed by the proposed policy in FY22 was approximately \$577K, broken down as follows:

Access to Justice Board: \$158,166

Disciplinary Board: \$133,489

Limited License Legal Technician Board: \$87,338

Limited Practice Board: \$54,267

Mandatory Continuing Legal Education Board: \$73,554

Practice of Law Board: \$70,180

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

The task force did not undertake a specific equity analysis in developing this proposal. Questions to be considered before the Second Reading include:

- **BACKGROUND**: Who does this policy ultimately impact? Staff, volunteer members of the boards and the public? Of those groups, are there any marginalized groups who could be disproportionately impacted?
- **PROCESS**: How did TAXICAB go about the work to draft this policy? In the process of drafting it, did TAXICAB collaborate with the groups this will impact? Are there any people who might be impacted who were left out of the drafting process, and if so, why?
- IMPACT: What was TAXICAB hoping the policy will do? Is it intended to increase clarity and transparency? If so, then naming that is helpful. Does this policy have the potential to disparately impact some individuals or communities, and not others? Is there a need to track the impact to make sure it's not over burdening some groups?

Proposed Policy for WSBA's Administration of Supreme Court Boards
Executive Director Memo Re WSBA's Administration of Supreme Court Entities Background and Authority

RE: WSBA's Administration of Supreme Court Entities Background and Authority

Through Washington State General Rule 12.3, the Supreme Court delegates to WSBA "the authority and responsibility to administer certain boards and committees established by court rule or order. This delegation of authority includes providing and managing staff, overseeing the boards and committees to monitor their compliance with the rule sand orders that authorize and regulate them, paying expenses reasonable and necessarily incurred pursuant to a budget approved by the Board of Governors, performing other functions and taking other actions as provided in court rule or order or delegated by the Supreme Court or taking other actions as are necessary and proper to enable the board or committee to carry out its duties or functions."

The WSBA currently administers 6 such entities, described below. Over the years, challenges have arisen in terms of the application of GR 12.2 and other WSBA policies, budget and staff allocations, the ability to hire and direct staff, the scope and meaning of "administration", conflicting policy objectives, and decision-making authority. One highly publicized example of some of these challenges was documented by the ABA Journal in 2015.

The *Access to Justice Board* was established by court order April 13, 1994, and was most recently <u>reauthorized on March 4, 2016</u>. That order charges WSBA with the Board's administration, including funding and staffing. It provides the Board of Governors with the responsibility of nominating members of the ATJ Board, which are appointed by the Supreme Court. The Order provides that the ATJ Board shall designate its chair and authorizes the ATJ Board to adopt its own operational rules pursuant to the enumerated powers and duties. The order requires the ATJ Board to file an annual report to the Supreme Court and the Board of Governors.

The *Disciplinary Board* first appears in the court rules in 1968 when the board is created and direct responsibility for disciplinary adjudication is transferred away from the Board of Governors. Currently, it is governed by rule 2.3 of the Rules for Enforcement of Lawyer Conduct (ELC), which outlines the Board's composition, qualifications and some operations. Members are appointed by the Court "upon the recommendation of the Board of Governors in consultation with the Disciplinary Selection Panel." The Court also designates the Chair and Vice Chair, upon recommendation of the Board of Governors in consultation with the Disciplinary Selection Panel. Other ELC indicate the functions of the Board. ELC 2.2(a)(1) directs the Board of Governors, through the Executive Director, to provide "administrative and managerial support" to the Disciplinary Board to perform its functions as specified by the rules. ELC 2.2(b) prohibits the Board of Governors and the Executive Director from reviewing Disciplinary Board decisions or recommendations in specific cases (among other limitations).

The *Limited License Legal Technician Board* was established through the adoption of rule 28 of the <u>Admission and Practice Rules (APR)</u> by court order on June 15, 2012. A second order was issued by the Court on July 11, 2012 ordering that the WSBA administer the operations of the LLLT Board, including providing "staff necessary to implement and support the operation of the APR 28 and the Limited License Legal Technician Board." APR 28

provides that members of the LLLT Board are appointed by the Supreme Court. It charges the LLLT Board with recommending new practice areas for LLLTs, working with the Bar and other entities on LLLT examinations, approving education and experience requirements, establishing committees, establishing educational criteria, and "such other activities and functions as are expressly provided for in [the] rule." APR 28 also charges the LLLT Board with proposing additional rules, regulations and amendments to the rule to the Court. WSBA is charged with providing "reasonably necessary administrative support for the LLLT Board."

The *Limited Practice Board* was established by <u>APR 12</u>. The rule outlines the duties and powers of the Limited Practice Board, including creating and grading Limited Practice Officer (LPO) examinations, approving forms for use by LPOs, as well as the board's involvement in the investigation, hearing, and appeal procedures for handling grievances against LPOs. Members are appointed by the Supreme Court, as is the Board's Chairperson. APR 12 provides that "The administrative support to the LP Board shall be provided by the Bar."

The *Mandatory Continuing Legal Education Board* was established by APR 11. Its members and chair are appointed by the Supreme Court. Among other things, APR 11 tasks the MCLE Board with reviewing and suggesting amendments to APR 11, adopting policies, approving MCLE activities, reviewing determinations or decisions made by WSBA regarding approval of activities, determining MCLE fees to defray the reasonably necessary costs of administering the MCLE rules, and waiving or modifying members' compliance requirements. The MCLE Board also conducts hearings on member hardship petitions. The rule also provides that WSBA "shall provide administrative support to the MCLE Board." Suggested amendments to APR 11 as well as policies to provide guidance in its administration are subject to review by the Board of Governors and approval by the Supreme Court.

The *Practice of Law Board* was established by the Washington Supreme Court with the adoption of General Rule 25, effective September 1, 2002. Under the current version of the <u>rule</u>, the Supreme Court appoints its members "after considering nominations from the Practice of Law Board and the Board of Governors." The rule outlines the responsibilities of the Board, which include recommending to the Court "new avenues for persons not currently authorized to practice law to provide legal and law-related services that might otherwise constitute the practice of law as defined in GR 24." Such recommendations must be forwarded to the Board of Governors for consideration and comment at least 90 days before transmission to the Court. The rule also charges WSBA with funding, administering and staffing the Practice of Law Board consistent with GR 12.

WASHINGTON STATE BAR ASSOCIATION

WSBA MISSION

The Washington State Bar Association's mission is to serve the public and the members of the Bar, to ensure the integrity of the legal profession, and to champion justice.

WSBA GUIDING PRINCIPLES

The WSBA will operate a well-managed association that supports its members and advances and promotes:

- Access to the justice system.
 - Focus: Provide training and leverage community partnerships in order to enhance a culture of service for legal professionals to give back to their communities, with a particular focus on services to underserved low and moderate income people.
- Diversity, equality, and cultural understanding throughout the legal community.
 - Focus: Work to understand the lay of the land of our legal community and provide tools to members and employers in order to enhance the retention of minority legal professionals in our community.
- The public's understanding of the rule of law and its confidence in the legal system.
 - Focus: Educate youth and adult audiences about the importance of the three branches of government and how they work together.
- A fair and impartial judiciary.
- The ethics, civility, professionalism, and competence of the Bar.

MISSION FOCUS AREAS PROGRAM CRITERIA			
Ensuring Competent and Qualified Legal Professionals	 Does the Program further either or both of WSBA's mission-focus areas? Does WSBA have the competency to operate the Program? As the mandatory bar, how is WSBA uniquely positioned to successfully operate the Program? Is statewide leadership required in order to achieve the mission of the Program? Does the Program's design optimize the expenditure of WSBA resources devoted to the Program, including the balance between volunteer and staff involvement, the number of people served, the cost per person, etc? 		

2016 - 2018 STRATEGIC GOALS

- Equip members with skills for the changing profession
- Promote equitable conditions for members from historically marginalized or underrepresented backgrounds to enter, stay and thrive in the profession
- Explore and pursue regulatory innovation and advocate to enhance the public's access to legal services

GR 12 REGULATION OF THE PRACTICE OF LAW

The Washington Supreme Court has inherent and plenary authority to regulate the practice of law in Washington. The legal profession serves clients, courts, and the public, and has special responsibilities for the quality of justice administered in our legal system. The Court ensures the integrity of the legal profession and protects the public by adopting rules for the regulation of the practice of law and actively supervising persons and entities acting under the Supreme Court's authority.

[Adopted effective September 1, 2017.]

GR 12.1 REGULATORY OBJECTIVES

Legal services providers must be regulated in the public interest. In regulating the practice of law in Washington, the Washington Supreme Court's objectives include: protection of the public; advancement of the administration of justice and the rule of law; meaningful access to justice and information about the law, legal issues, and the civil and criminal justice systems;

- (a) transparency regarding the nature and scope of legal services To be provided, the credentials of those who provide them, and the availability of regulatory protections;
 - (b) delivery of affordable and accessible legal services;
 - (c) efficient, competent, and ethical delivery of legal services;
 - (d) protection of privileged and confidential information;
 - (e) independence of professional judgment;
- (f) Accessible civil remedies for negligence and breach of other duties owed, disciplinary sanctions for misconduct, and advancement of appropriate preventive or wellness programs;
- (g) Diversity and inclusion among legal services providers and freedom from discrimination for those receiving legal services and in the justice system.

[Adopted effective September 1, 2017.]

GR 12.2 WASHINGTON STATE BAR ASSOCIATION: PURPOSES, AUTHORIZED ACTIVITIES, AND PROHIBITED ACTIVITIES

In the exercise of its inherent and plenary authority to regulate the practice of law in Washington, the Supreme Court authorizes and supervises the Washington State Bar Association's activities. The Washington State Bar Association carries out the administrative responsibilities and functions expressly delegated to it by this rule and other Supreme Court rules and orders enacted or adopted to regulate the practice of law, including the purposes and authorized activities set forth below.

(a) Purposes: In General. In general, the Washington State Bar Association strives to:

- (1) Promote independence of the judiciary and the legal profession.
- (2) Promote an effective legal system, accessible to all.
- (3) Provide services to its members and the public.
- (4) Foster and maintain high standards of competence, professionalism, and ethics among its members.
- (5) Foster collegiality among its members and goodwill between the legal profession and the public.
- (6) Promote diversity and equality in the courts and the legal profession.
- (7) Administer admission, regulation, and discipline of its members in a manner that protects the public and respects the rights of the applicant or member.
 - (8) Administer programs of legal education.
 - (9) Promote understanding of and respect for our legal system and the law.
- (10) Operate a well-managed and financially sound association, with a positive work environment for its employees.
- (11) Serve as a statewide voice to the public and to the branches of government on matters relating to these purposes and the activities of the association and the legal profession.
 - (b) Specific Activities Authorized. In pursuit of these purposes, the Washington State Bar Association may:
 - (1) Sponsor and maintain committees and sections, whose activities further these purposes;
- (2) Support the judiciary in maintaining the integrity and fiscal stability of an independent and effective judicial system;
 - (3) Provide periodic reviews and recommendations concerning court rules and procedures;
 - (4) Administer examinations and review applicants' character and fitness to practice law;
 - (5) Inform and advise its members regarding their ethical obligations;
- (6) Administer an effective system of discipline of its members, including receiving and investigating complaints of misconduct by legal professionals, taking and recommending appropriate punitive and remedial measures, and diverting less serious misconduct to alternatives outside the formal discipline system;
- (7) Maintain a program, pursuant to court rule, requiring members to submit fee disputes to arbitration;
 - (8) Maintain a program for mediation of disputes between members and others;
 - (9) Maintain a program for legal professional practice assistance;
 - (10) Sponsor, conduct, and assist in producing programs and products of continuing legal education;

- (11) Maintain a system for accrediting programs of continuing legal education;
- (12) Conduct examinations of legal professionals' trust accounts;
- (13) Maintain a fund for client protection in accordance with the Admission and Practice Rules;
- (14) Maintain a program for the aid and rehabilitation of impaired members;
- (15) Disseminate information about the organization's activities, interests, and positions;
- (16) Monitor, report on, and advise public officials about matters of interest to the organization and the legal profession;
- (17) Maintain a legislative presence to inform members of new and proposed laws and to inform public officials about the organization's positions and concerns;
- (18) Encourage public service by members and support programs providing legal services to those in need;
- (19) Maintain and foster programs of public information and education about the law and the legal system;
 - (20) Provide, sponsor, and participate in services to its members;
- (21) Hire and retain employees to facilitate and support its mission, purposes, and activities, including in the organization's discretion, authorizing collective bargaining;
- (22) Establish the amount of all license, application, investigation, and other related fees, as well as charges for services provided by the Washington State Bar Association, and collect, allocate, invest, and disburse funds so that its mission, purposes, and activities may be effectively and efficiently discharged. The amount of any license fee is subject to review by the Supreme Court for reasonableness and may be modified by order of the Court if the Court determines that it is not reasonable;
 - (23) Administer Supreme-Court-created boards in accordance with General Rule 12.3.
 - (c) Activities Not Authorized. The Washington State Bar Association will not:
 - (1) Take positions on issues concerning the politics or social positions of foreign nations;
- (2)) Take positions on political or social issues which do not relate to or affect the practice of law or the administration of justice; or
 - (3) Support or oppose, in an election, candidates for public office.

[Adopted effective July 17, 1987; amended effective December 10, 1993; September 1, 1997; September 1, 2007; September 1, 2013; September 1, 2017.]

GR 12.3 WASHINGTON STATE BAR ASSOCIATION ADMINISTRATION OF SUPREME COURT-CREATED BOARDS AND COMMITTEES

The Supreme Court has delegated to the Washington State Bar Association the authority and responsibility to administer certain boards and committees established by court rule or order. This delegation of authority includes providing and managing staff, overseeing the boards and committees to monitor their compliance with the rules and orders that authorize and regulate them, paying expenses reasonably and necessarily incurred pursuant to a budget approved by the Board of Governors, performing other functions and taking other actions as provided in court rule or order or delegated by the Supreme Court, or taking other actions as are necessary and proper to enable the board or committee to carry out its duties or functions.

[Adopted effective September 1, 2007; amended effective September 1, 2017.]

GR 12.4 WASHINGTON STATE BAR ASSOCIATION ACCESS TO RECORDS

- (a) Policy and Purpose. It is the policy of the Washington State Bar Association to facilitate access to Bar records. A presumption of public access exists for Bar records, but public access to Bar records is not absolute and shall be consistent with reasonable expectations of personal privacy, restrictions in statutes, restrictions in court rules, or as provided in court orders or protective orders issued under court rules. Access shall not unduly burden the business of the Bar.
- (b) Scope. This rule governs the right of public access to Bar records. This rule applies to the Washington State Bar Association and its subgroups operated by the Bar including the Board of Governors, committees, task forces, commissions, boards, offices, councils, divisions, sections, and departments. This rule also applies to boards and committees under GR 12.3 administered by the Bar. A person or entity entrusted by the

Bar with the storage and maintenance of Bar records is not subject to this rule and may not respond to a request for access to Bar records, absent express written authority from the Bar or separate authority in rule or statute to grant access to the documents.

- (c) Definitions.
 - (1) "Access" means the ability to view or obtain a copy of a Bar record.
- (2)) "Bar record" means any writing containing information relating to the conduct of any Bar function prepared, owned, used, or retained by the Bar regardless of physical form or characteristics. Bar records include only those records in the possession of the Bar and its staff or stored under Bar ownership and control in facilities or servers. Records solely in the possession of hearing officers, non-Bar staff members of boards, committees, task forces, commissions, sections, councils, or divisions that were prepared by the hearing officers or the members and in their sole possession, including private notes and working papers, are not Bar records and are not subject to public access under this rule. Nothing in this rule requires the Bar to create a record that is not currently in possession of the Bar at the time of the request.
- (3) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation in paper, digital, or other format.

- (d) Bar Records--Right of Access.
- (1) The Bar shall make available for inspection and copying all Bar records, unless the record falls within the specific exemptions of this rule, or any other state statute (including the Public Records Act, chapter 42.56 RCW) or federal statute or rule as they would be applied to a public agency, or is made confidential by the Rules of Professional Conduct, the Rules for Enforcement of Lawyer Conduct, the Admission to Practice Rules and associated regulations, the Rules for Enforcement of Limited Practice Officer Conduct, General Rule 25, court orders or protective orders issued under those rules, or any other state or federal statute or rule. To the extent required to prevent an unreasonable invasion of personal privacy interests or threat to safety or by the above-referenced rules, statutes, or orders, the Bar shall delete identifying details in a manner consistent with those rules, statutes, or orders when it makes available or publishes any Bar record; however, in each case, the justification for the deletion shall be explained in writing.
- (2) In addition to exemptions referenced above, the following categories of Bar records are exempt from public access except as may expressly be made public by court rule:
- (A) Records of the personnel committee, and personal information in Bar records for employees, appointees, members, or volunteers of the Bar to the extent that disclosure would violate their right to privacy, including home contact information (unless such information is their address of record), Social Security numbers, driver's license numbers, identification or security photographs held in Bar records, and personal data including ethnicity, race, disability status, gender, and sexual orientation. Membership class and status, bar number, dates of admission or licensing, addresses of record, and business telephone

numbers, facsimile numbers, and electronic mail addresses (unless there has been a request that electronic mail addresses not be made public) shall not be exempt, provided that any such information shall be exempt if the Executive Director approves the confidentiality of that information for reasons of personal security or other compelling reason, which approval must be reviewed annually.

- (B) Specific information and records regarding
- (i) internal policies, guidelines, procedures, or techniques, the disclosure of which would reasonably be expected to compromise the conduct of disciplinary or regulatory functions, investigations, or examinations;
- (ii) application, investigation, and hearing or proceeding records relating to lawyer, Limited Practice Officer, or Limited License Legal Technician admissions, licensing, or discipline, or that relate to the work of ELC 2.5 hearing officers, the Board of Bar Examiners, the Character and Fitness Board, the Law Clerk

Board, the Limited Practice Board, the MCLE Board, the Limited License Legal Technician Board, the Practice of Law Board, or the Disciplinary Board in conducting investigations, hearings or proceedings; and

- (iii) the work of the Judicial Recommendation Committee and the Hearing Officer selection panel, unless such records are expressly categorized as public information by court rule.
- (C) Valuable formulae, designs, drawings, computer source code or object code, and research data created or obtained by the Bar.
- (D) Information regarding the infrastructure, integrity, and security of computer and telecommunication networks, databases, and systems.

- (E) Applications for licensure by the Bar and annual licensing forms and related records, including applications for license fee hardship waivers and any decision or determinations on the hardship waiver applications.
- (F) Requests by members for ethics opinions to the extent that they contain information identifying the member or a party to the inquiry.

Information covered by exemptions will be redacted from the specific records sought. Statistical information not descriptive of any readily identifiable person or persons may be disclosed.

- (3) Persons Who Are Subjects of Records.
- (A) Unless otherwise required or prohibited by law, the Bar has the option to give notice of any records request to any member or third party whose records would be included in the Bar's response.
- (B) Any person who is named in a record, or to whom a record specifically pertains, may present information opposing the disclosure to the applicable decision maker.
- (C) If the Bar decides to allow access to a requested record, a person who is named in that record, or to whom the records specifically pertains, has a right to initiate review or to participate as a party to any review initiated by a requester. The deadlines that apply to a requester apply as well to a person who is a subject of a record.
 - (e) Bar Records--Procedures for Access.
- (1) General Procedures. The Bar Executive Director shall appoint a Bar staff member to serve as the public records officer to whom all records requests shall be submitted. Records requests must be in writing and delivered to the Bar public records officer, who shall respond to such requests within 30 days of receipt. The Washington State Bar Association must implement this rule and adopt and publish on its website the public records officer's work mailing address, telephone number, fax number, and e-mail address, and the procedures and fee schedules for accepting and responding to records requests by the effective date of this rule. The Bar shall acknowledge receipt of the request within 14 days of receipt, and shall communicate with the requester as necessary to clarify any ambiguities as to the records being requested. Records requests shall not be directed to other Bar staff or to volunteers serving on boards, committees, task forces, commissions, sections, councils, or divisions.
 - (2) Charging of Fees.
 - (A) A fee may not be charged to view Bar records.
- (B) A fee may be charged for the photocopying or scanning of Bar records according to the fee schedule established by the Bar and published on its web site.
- (C) A fee not to exceed \$30 per hour may be charged for research services required to fulfill a request taking longer than one hour. The fee shall be assessed from the second hour onward.
- (f) Extraordinary Requests Limited by Resource Constraints. If a particular request is of a magnitude or burden on resources that the Bar cannot fully comply within 30 days due to constraints on time, resources, and personnel, the Bar shall communicate this information to the requester along with a good faith estimate of the time needed to complete the Bar's response. The Bar must attempt to reach

agreement with the requester as to narrowing the request to a more manageable scope and as to a timeframe for the Bar's response, which may include a schedule of installment responses. If the Bar and requester are unable to reach agreement, the Bar shall respond to the extent practicable, clarify how and why the response differs from the request, and inform the requester that it has completed its response.

- (g) Denials. Denials must be in writing and shall identify the applicable exemptions or other bases for denial as well as a written summary of the procedures under which the requesting party may seek further review.
 - (h) Review of Records Decisions.
- (1) Internal Review. A person who objects to a record decision or other action by the Bar's public records officer may request review by the Bar's Executive Director.
- (A) A record requester's petition for internal review must be submitted within 90 days of the Bar's public records officer's decision, on such form as the Bar shall designate and make available.
 - (B) The review proceeding is informal, summary, and on the record.
- (C) The review proceeding shall be held within five working days. If that is not reasonably possible, then within five working days the review shall be scheduled for the earliest practical date.
- (2) External Review. A person who objects to a records review decision by the Bar's Executive Director may request review by the Records Request Appeals Officer (RRAO) for the Bar.
- (A) The requesting party's request for review of the Executive Director's decision must be deposited in the mail and postmarked or delivered to the Bar not later than 30 days after the issuance of the decision, and must be on such form as the Bar shall designate and make available.
- (B)) The review will be informal and summary, but in the sole discretion of the RRAO may include the submission of briefs no more than 20 pages long and of oral arguments no more than 15 minutes long.
- (C) Decisions of the RRAO are final unless, within 30 days of the issuance of the decision, a request for discretionary review of the decision is filed with the Supreme Court. If review is granted, review is conducted by the Chief Justice of the Washington Supreme Court or his or her designee in accordance with procedures established by the Supreme Court. A designee of the Chief Justice shall be a current or former elected judge. The review proceeding shall be on the record, without additional briefing or argument unless such is ordered by the Chief Justice or his or her designee.
- (D) The RRAO shall be appointed by the Board of Governors. The Bar may reimburse the RRAO for all necessary and reasonable expenses incurred in the completion of these duties, and may provide compensation for the time necessary for these reviews at a level established by the Board of Governors.
- (i) Monetary Awards Not Allowed. Attorney fees, costs, civil penalties, or fines may not be awarded under this rule.
 - (j) Effective Date of Rule.
- (1) This rule goes into effect on July 1, 2014, and applies to records that are created on or after that date.

(2) Public access to records that are created before that date are to be analyzed according to other court rules, applicable statutes, and the common law balancing test; the Public Records Act, chapter 42.56 RCW, does not apply to such Bar records, but it may be used for nonbinding guidance.

[Adopted effective July 1, 2014; amended effective September 1, 2017.]

GR 12.5 IMMUNITY

All boards, committees, or other entities, and their members and personnel, and all personnel and employees of the Washington State Bar Association, acting on behalf of the Supreme Court under the Admission and Practice Rules, the Rules for Enforcement of Lawyer Conduct, or the disciplinary rules for limited practice officers and limited license legal technicians, shall enjoy quasi-judicial immunity if the Supreme Court would have immunity in performing the same functions.

[Adopted effective January 2, 2008; amended effective September 1, 2017.]

Discussion Protocols Board of Governors Meetings

Philosophical Statement:

"We take serious our representational responsibilities and will try to inform ourselves on the subject matter before us by contact with constituents, stakeholders, WSBA staff and committees when possible and appropriate. In all deliberations and actions we will be courageous and keep in mind the need to represent and lead our membership and safeguard the public. In our actions, we will be mindful of both the call to action and the constraints placed upon the WSBA by GR 12 and other standards."

Governor's Commitments:

- 1. Tackle the problems presented; don't make up new ones.
- 2. Keep perspective on long-term goals.
- 3. Actively listen to understand the issues and perspective of others before making the final decision or lobbying for an absolute.
- 4. Respect the speaker, the input and the Board's decision.
- 5. Collect your thoughts and speak to the point sparingly!
- 6. Foster interpersonal relationships between Board members outside Board events.
- 7. Listen and be courteous to speakers.
- 8. Speak only if you can shed light on the subject, don't be repetitive.
- Consider, respect and trust committee work but exercise the Board's obligation to establish policy and insure that the committee work is consistent with that policy and the Board's responsibility to the WSBA's mission.
- 10. Seek the best decision through quality discussion and ample time (listen, don't make assumptions, avoid sidebars, speak frankly, allow time before and during meetings to discuss important matters).
- 11. Don't repeat points already made.
- 12. Everyone should have a chance to weigh in on discussion topics before persons are given a second opportunity.
- 13. No governor should commit the board to actions, opinions, or projects without consultation with the whole Board.
- 14. Use caution with e-mail: it can be a useful tool for debating, but e-mail is not confidential and does not easily involve all interests.
- 15. Maintain the strict confidentiality of executive session discussions and matters.

WSBA VALUES

Through a collaborative process, the WSBA Board of Governors and Staff have identified these core values that shall be considered by the Board, Staff, and WSBA volunteers (collectively, the "WSBA Community") in all that we do.

To serve the public and our members and to promote justice, the WSBA Community values the following:

- Trust and respect between and among Board, Staff, Volunteers, Members, and the public
- Open and effective communication
- Individual responsibility, initiative, and creativity
- Teamwork and cooperation
- Ethical and moral principles
- Quality customer-service, with member and public focus
- Confidentiality, where required
- Diversity and inclusion
- Organizational history, knowledge, and context
- Open exchanges of information

GUIDING COMMUNICATION PRINCIPLES

In each communication, I will assume the good intent of my fellow colleagues; earnestly and actively listen; encourage the expression of and seek to affirm the value of their differing perspectives, even where I may disagree; share my ideas and thoughts with compassion, clarity, and where appropriate confidentiality; and commit myself to the unwavering recognition, appreciation, and celebration of the humanity, skills, and talents that each of my fellow colleagues bring in the spirt and effort to work for the mission of the WSBA. Therefore, I commit myself to operating with the following norms:

- ♦ I will treat each person with courtesy and respect, valuing each individual.
- ♦ I will strive to be nonjudgmental, open-minded, and receptive to the ideas of others.
- I will assume the good intent of others.
- ◆ I will speak in ways that encourage others to speak.
- ♦ I will respect others' time, workload, and priorities.
- I will aspire to be honest and open in all communications.
- ◆ I will aim for clarity; be complete, yet concise.
- ♦ I will practice "active" listening and ask questions if I don't understand.
- ♦ I will use the appropriate communication method (face-to-face, email, phone, voicemail) for the message and situation.
- ♦ When dealing with material of a sensitive or confidential nature, I will seek and confirm that there is mutual agreement to the ground rules of confidentiality at the outset of the communication.
- ♦ I will avoid triangulation and go directly to the person with whom I need to communicate. (If there is a problem, I will go to the source for resolution rather than discussing it with or complaining to others.)
- I will focus on reaching understanding and finding solutions to problems.
- ♦ I will be mindful of information that affects, or might be of interest or value to, others, and pass it along; err on the side of over-communication.
- I will maintain a sense of perspective and respectful humor.

Re: Proposed Inactive License Fee Exemption Due to Significant Health Condition

Dear President Abell, President-elect Anjilvel, and Governors:

On behalf of the Disciplinary Advisory Round Table (DART), I am advising the WSBA Board of Governors that we discussed the proposal to improve the process for a member request to transfer to disability inactive status. We believe creating an avenue for such a request when no grievance or disciplinary proceeding has been filed is a solid approach and protects a member's privacy and dignity during what may be a difficult time. Thus, we endorse the adoption of such a proposal and urge the Board of Governors to do the same. DART remains available to providing feedback and advice to WSBA staff as they develop any procedures or protocols for its implementation.

Sincerely,

Justice Mary I. Yu

RE: Out-Of-State Bar Member Voting Options and Recommendations

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

The purpose of the equity analyses is to understand how entities incorporated an equity lens into the action items presented to the Board of Governors. An equity lens is 1) identifying and centering people and communities most impacted decisions and/or 2) meeting people and communities according to their specific needs to produce fair and equal outcomes for all. WSBA staff who are presenting this proposal have based their recommendations on direct input from out-of-state members as well as staff who handle administrative work of supporting out-of-state members and membership elections. Based on our review, there do not appear to any concerns about inequitable outcomes with regards to the recommended Option Four.

We do have concerns with Option Six. As stated above, the At-Large Governor positions are designed to bring more diversity and representation of members from historically underrepresented communities. The bylaws provide that "Diversity refers to meaningful representation of, and equal opportunities for, individuals who have a lived experience as a member from one or more historically underrepresented communities in the legal profession. Underrepresentation encompasses and is not limited to, race, disability, age, ethnicity, religion, sexual orientation, gender identity, and gender expression." If the Board of Governors considers Option Six, those from these historically underrepresented communities should be given an opportunity to share their perspectives about reducing the current At-Large positions to one.

If the Board of Governors considers creating an additional BOG seat outlined in Option Five and engages in a cost-benefit analysis, we recommend that the BOG also consider other voices that are not at the table, namely members of the public.

RE: Inactive License Fee Exemption Due to Significant Health Condition

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

The purpose of the equity analyses is to understand how proposers incorporated an equity lens into the action items presented to the Board of Governors. An equity lens is 1) identifying and centering people and communities most impacted decisions and/or 2) meeting people and communities according to their specific needs to produce fair and equal outcomes for all. It appears that the proposed bylaw is in response to and based on the needs of the people who are seeking to inactive status based on a change in their health condition that prevents them from practicing law. There do not appear to be equity concerns, however, we recommend seeking input from members including the Washington Attorneys with Disabilities Association to inform whether the proposed bylaw will create more fair and equitable outcomes for the members it is intended for. We also recommend that the BOG consider adding clarifying language in the proposed bylaw as a "health condition" is simply a state of being. You might consider language like ".....experiencing a significant health condition that prevents a member from practicing law..."
