- BOG Liaison: Brian Tollefson

Size of Committee: 28

Direct expenses:
- FY18: $4,000
- FY19: $2,000

Indirect expenses:
- FY18: $26,217
- FY19: Not yet calculated

Number of FY20 Applicants: 30

Background & Purpose:
The Court Rules and Procedure Committee (Committee) studies and develops suggested amendments to designated sets of Washington court rules on a regular cycle of review established by the Washington State Supreme Court. It occasionally responds to requests for comment from the Supreme Court on proposals developed by others. The Committee performs the rules-study function outlined in General Rule 9 and reports its recommendations to the BOG.

Strategy to Fulfill Purpose:
The Committee consists of several subcommittees that review the court rules and obtain input from stakeholders as to possible amendments. Evolution in case law, changes in statutes, or other new developments since last amendment drive amendments to rules. The subcommittees vet, draft, and discuss proposed amendments and submit them to the full Committee for discussion and approval. Proposed amendments approved by the Committee are forwarded to the BOG for approval. If the BOG approves, the proposed amendments are forwarded to the Supreme Court in accordance with General Rule 9.

2018-2019 Accomplishments and Work in Progress:
To continue to carefully vet new proposals. In 2018-2019 the Committee reviewed the Evidence Rules and the Infraction Rules for Courts of Limited Jurisdiction.

2019-2020 Goals:
According to the schedule for review, the Civil Rules for Superior Courts and Civil Rules for Courts of Limited Jurisdiction will be reviewed in 2019-2020.

Please report how this committee/board is addressing diversity:

1) Are you using any of the tools provided by WSBA and if so, how? 2) Have you sought out training or consultation from the Inclusion and Equity Specialist? 3) How have you elicited input from a variety of perspectives in your decision-making? 4) What have you done to promote a culture of inclusion within the board or committee? 5) What
**Please report how this committee/board is addressing professionalism:**

1) Does the committee/board’s work promote respect and civility within the legal community? 2) Does it seek to improve relationships between and among lawyers, judges, staff and clients? 3) Does it raise awareness about the causes and/or consequences of unprofessional behavior? 4) Other?

1) The Committee seeks to engage members and the wider legal community in the process of studying and reviewing court rules. It promotes respect and civility by encouraging vigorous but civil debate even when members and/or stakeholders have strongly held but opposing views.

2) By engaging WSBA members and stakeholders outside of the Committee in the rule review process, the Committee’s work seeks to improve relationships among lawyers and judges. The Committee includes three judges who serve as liaisons (non-voting), one each from the Superior Court, Court of Appeals, and District/Municipal Court. In addition, the Supreme Court Rules Committee seeks input from the WSBA Court Rules Committee, which furthers dialogue between WSBA lawyers and Justices of the state’s highest court.

3) N/A

**Please report how this committee/board is integrating new and young lawyers into its work:**

1) How have you brought new and young lawyers into your decision making process? 2) Has the committee/board supported new and young lawyers by (for example) helping to find and prepare them for employment, assisting with debt management, building community, and providing leadership opportunities? 3) Other?
1) The Committee does not have a minimum number of years of admission requirement to serve. Its lawyer members have a wide range of years of experience, including members who have only a few years of practice experience. The Committee often attracts applicants who are newer to the profession, some of whom are selected to serve.

2) The Committee provides opportunities for all members, including young lawyers, to chair subcommittees and the larger Committee. It provides opportunities for younger members to meet and be mentored by experienced members, as well as judges.

Please report how this committee/board is addressing the needs of the public:
1) How is the public impacted by your work? 2) Has the committee/board sought input from the public, and/or communicated its work to the public? 3) Other?
   1) The committee vets and crafts rule language that impacts the justice system and the public accessing that system.
   2) Pursuant to court order, the committee publicizes suggested rule changes for public comment before finalizing its recommendations. Members of the bar, bench, and public are encouraged to review these proposals and send comments to the committee.

Re:            Update to FY 19 Annual Report

You asked us to provide an update to our FY 19 Annual Report which is attached. Below is a summary of the progress we have made since we submitted the FY 19 Annual Report last summer.

Background & Purpose:

The Council on Public Defense (CPD) was established in 2004 to implement recommendations of the Washington State Bar Association (WSBA) Blue Ribbon Panel on Criminal Defense for maintaining and improving constitutionally effective public defense services in Washington. The WSBA Board of Governors (BOG), finding that the CPD provided a unique and valuable forum for bringing together representatives across the criminal justice system, subsequently established the CPD. Attached is our current roster which shows the breadth and depth of perspectives our members bring.

The CPD currently has five committees which include the Pre-Trial Reform Committee, Legal Financial Obligations (LFO) Committee, Indigent Defense Standards Committee, Public Defense Independence Committee, and Public Defense Structure Committee.

FY 19 Accomplishments and Updates:

• The Pre-Trial Reform Committee finalized the Defense Resource Guide and presented it to the BOG last fall. The BOG approved the guide which is now shared with public defenders across the state. It is available on the CPD webpage here.

• The CPD proposed Guidelines for Criminal Appellate Performance Standards which were approved by the BOG in November. CPD and WSBA staff are in the process of preparing the GR 9 Cover Sheet and supporting materials to submit to the Supreme Court.

• The Public Defense Independence Committee is working to address how Washington should respond to the ABA’s first principle of an effective public defense system - that
the public defense function be politically independent. The Public Defense Independence Committee drafted a new General Rule, amendments to Standard 18, and a new Standard 19 in the WSBA Standards for Indigent Defense Services. The Committee sought input from the Washington Defender Association and its members, the Office of Public Defense, and all levels of the judiciary. The Committee is currently reviewing the feedback and will present their draft proposal to the CPD in March 2020.

- The Public Defense Structure Committee is working to create a workload model which clearly defines the appropriate infrastructure necessary for a lawyer to be “fully supported” for purposes of caseload limits. A specific goal in creating a workload model is to assist public defense managers and funders by defining the qualifications of and necessary ratios of adjunct professionals such as social workers and investigators. In addition, the committee seeks to outline those services which must necessarily be available to defenders, such as medical, behavioral, and other forensic experts, so that a defender may meet performance standards.

- The Standards Committee is working on proposed persistent offender standards and will present its draft to CPD at the March meeting. Once the proposed persistent offender standards are submitted, this committee is scheduled to begin reevaluating the misdemeanor caseload standard. They are doing this in light of the availability of body-worn camera video from law enforcement as well as other electronically recorded data, which is significantly consuming far more defender and investigator resources than when the misdemeanor standards were adopted.

- In late 2019 the Washington Supreme Court asked the Office of Public Defense (OPD) the status of trial-level compliance with the Court’s adopted Standards for Indigent Defense. In response, OPD designed and conducted a study. OPD published a final report along with conclusions and recommendations in June 2019. The Court asked CPD to give input to OPD’s recommendations. Under the Court’s request, CPD and OPD are working together to refine recommendations.

- The CPD is participating with members of the ATJ Board and the Minority and Justice Commission to identify ways that the three entities can collaborate to address issues with a civil/criminal overlap. Opportunities for such collaboration continue to bloom with the passage of the New Hope Act in 2019 and other reentry/restoration laws that are before the legislature in 2020.

- The CPD regularly responds to requests and questions from practitioners and also seeks to explore new perspectives at their meetings. For example, at the February 2020 meeting, CPD will hear from the Whatcom County Public Defenders about conflict checks and caseload standards, and from the DSHS Ombudsman about access to justice for people who are determined to be not guilty by reason of insanity. At the March 2020 meeting, CPD will also hear from a public defender and a criminal defense attorney about
criminal defense practice in rural areas, focusing on difficulties rural jurisdictions have in recruiting, training, and qualifying new lawyers under the standards.

We look forward to meeting with you and happy to answer any questions at our meeting on February 24th. Thank you.

**Direct expenses:**
- FY18: $8,400
- FY19: $7,000

**Indirect expenses:**
- FY18: $24,046
- FY19: Not yet calculated

**Number of FY20 Applicants:** 9

**Background & Purpose:**
The Council on Public Defense (CPD) was established in 2004 to implement recommendations of the Washington State Bar Association (WSBA) Blue Ribbon Panel on Criminal Defense for maintaining and improving constitutionally effective public defense services in Washington. The WSBA Board of Governors (BOG), finding that the CPD provided a unique and valuable forum for bringing together representatives across the criminal justice system, subsequently established the CPD.

**Strategy to Fulfill Purpose:**
The CPD unites members of the public and private defense bar, the bench, elected officials, prosecutors, and the public to address new and recurring issues impacting public defenders, the public defense system and the public that depends upon it. The CPD, after review of its Charter obligations, has recently been working on six issues in which it has the expertise to provide assistance to public defenders and formed the Pre-Trial Reform Committee, Legal Financial Obligations (LFO) Committee, Standards Committee, Mental Health/Involuntary Treatment Act Committee, Public Defense and Independence Committee, and Public Defense Structure Committee.

**2018-2019 Accomplishments and Work in Progress:**

1. The CPD completed work on the Mental Health Performance Guidelines, which have been submitted to the Court for adoption.
2. The CPD will complete work of the Pre-Trial Reform Committee this summer. They will be distributing a Defender Resource Packet intended to help defenders in first appearance hearings.
3. The CPD continues the work of the LFO Committee. Recently the committee contributed content to an LFO bench card that reflects recent changes to LFO laws and was distributed by the Minority and Justice Commission.
4. The CPD recently submitted proposed changes to CrR 3.3.
5) The CPD continues to evaluate how to specifically incorporate the American Bar Association’s First Principle of Public Defense-Independence into the WSBA Standards for Indigent Defense.

6) Significantly, the CPD formed two new committees, Public Defense Independence and Public Defense Structure. The independence committee intends to address how Washington should respond to the ABA’s first principal of an effective public defense system, that it should be politically independent. The Public Defense Structure committee intends to create a workload model which clearly defines the appropriate infrastructure necessary for a lawyer to be “fully supported” for purposes of caseload limits, specifically defining the qualifications and availability of support staff, investigators, and facilities to better guide jurisdictions attempting to appropriately fund public defense services.

7) The CPD is participating with members of the ATJ Board and Minority and Justice Commission to identify ways that the three entities can collaborate to address issues with a civil/criminal overlap.

2019-2020 Goals:

1) The Pre-Trial Reform Committee will distribute and promote the Defender Resource Packet.

2) Guidelines for Criminal Appellate Performance will be advanced to the WSBA BOG for approval for submission to the WA Supreme Court.

3) The Council will continue the current work of its standing committees, including LFO Reform, Public Defense Independence, and Public Defense Structure.

4) The Council will continue to identify opportunities to collaborate with the ATJ Board and Minority and Justice Commission on bridging civil/criminal issues work which commenced at the last ATJ Conference in Spokane where CPD Chair and Committee members facilitated a crowdsourcing session with stakeholders to identify points of collaboration.

5) Finally, if work on persistent offender standards completes, the same committee will commence reevaluation of the misdemeanor caseload standard in light of the advent of body worn video.

Please report how this committee/board is addressing diversity:

1) Are you using any of the tools provided by WSBA and if so, how? 2) Have you sought out training or consultation from the Inclusion and Equity Specialist? 3) How have you elicited input from a variety of perspectives in your decision-making? 4) What have you done to promote a culture of inclusion within the board or committee? 5) What has your committee/board done to promote equitable conditions for members from historically underrepresented backgrounds to enter, stay, thrive, and eventually lead the profession? 6) Other?

1) The CPD Chairs will distribute the race equity planning tool developed by the WSBA for committee chairs to use in their project planning. The CPD is interested in learning what other tools are available for future use.
2) Robin Nussbaum, Inclusion and Equity Specialist, conducted a Diversity in Decision Making training in February.

3) As a product of this training the Chair and Vice Chair resolved as follows:
   a. To Seek input from all CPD members not just those who volunteer input.
   b. To be mindful of geographic, age, race and other factors in making recommendations for appointments to the CPD
   c. To begin meetings with short centering exercises to enable participants to be more fully present for meetings
   d. To continue to stream meetings to provide broader access to those who cannot attend in person

4) The Chair and Vice Chair have emphasized that during discussions all CPD members will be asked for their input, not only those who volunteer input.

5) The CPD pays attention to issues of diversity and inclusion as it relates to recruiting and filling positions. The CPD takes diversity, including geographic diversity, into account when making its recommendations about appointments. The CPD has continued to focus on bringing together a broad group of criminal justice system stakeholders.

6) The Chair and VC have discussed the lack of generational diversity in the Council, in part it is logical that experienced policy makers/practitioners are older, however on numerous occasions we experience a differing perspective when we seek and take input from more diverse participants. We will continue to seek participation from younger members.

Please report how this committee/board is addressing professionalism:

1) Does the committee/board’s work promote respect and civility within the legal community? 2) Does it seek to improve relationships between and among lawyers, judges, staff and clients? 3) Does it raise awareness about the causes and/or consequences of unprofessional behavior? 4) Other?

1) The CPD unites diverse members of the legal community and public in a shared project of the WSBA to support work of public defenders to provide their clients with strong and accessible public defense services. The CPD has worked to include prosecutors and city attorneys as members in order to assure all voices and perspectives are at the table and engaged in the Council’s discussions.

2) The CPD actively promotes professionalism so all members can express, debate, and consider competing views respectfully and productively to fulfill this shared WSBA mission.

3) The CPD makes an effort to have discussions about ethical practices, which includes professionalism.

Please report how this committee/board is integrating new and young lawyers into its work:

1) How have you brought new and young lawyers into your decision making process? 2) Has the committee/board supported new and young lawyers by (for example) helping to find and
prepare them for employment, assisting with debt management, building community, and providing leadership opportunities? 3) Other?

1) The CPD reaches out to younger members of the bar and law school students to participate in its work, both as active members and as interested parties. Some members, particularly those who teach at the Washington law schools, invite students and new and young lawyers to attend meetings. To the extent possible we encourage these individuals to attend meetings and always invite them to contribute to the conversation.

2) New and young lawyers are invited to attend meetings and find ways to get involved. New and Young Lawyers are encouraged to voice their opinions in meetings and actively participate in the work of the committees. Staff has presented to the New and Young Lawyers Committee about the work of the Council.

3) A major factor in non-participation from younger people is the fact that most younger lawyers are caseload carrying – and most Chief Defenders have little ability to provide caseload credit for participation and attendance. We are working with the larger PD offices to find ways to provide caseload relief so younger lawyers can participate actively.

Please report how this committee/board is addressing the needs of the public:

1) How is the public impacted by your work? 2) Has the committee/board sought input from the public, and/or communicated its work to the public? 3) Other?

1) Members of the public are all subject to being criminally charged. Our efforts raise the standards for public defense Statewide.

2) We have one membership position for the general public.

3) We release our work through public comment (court rules) proposed guidelines (standards) and materials (e.g., pretrial checklists)

Direct expenses:
FY18: $500  FY19: $500

Indirect expenses:
FY18: $9,198  FY19: Not yet calculated

Number of FY20 Applicants: 3

Background & Purpose:
The purpose of the Continuing Legal Education (CLE) Committee is to support the Washington State Bar Association’s (WSBA) development of continuing legal educational programming that ensures competent and qualified legal professionals, supports member transitions throughout the life of their practice, and helps to prepare members for the future with skills required for the 21st century practice of law.

Strategy to Fulfill Purpose:
The CLE Committee provides input to the WSBA CLE Team in fulfilling its mission of serving the ongoing education needs of Washington legal professionals. The CLE Committee maintained two subcommittees in FY19: Marketing Intelligence and Programming.

2018-2019 Accomplishments and Work in Progress:
The CLE Committee maintained the Programming and Marketing Intelligence Subcommittees. The Programming Subcommittee worked with the WSBA Presents Education Programs Lead to develop continuing legal education seminars that are useful and relevant to the members and align with the overall mission of WSBA. The Programming Subcommittee assisted in development of the following programs in FY19: Law Firm Transitions and Arbitration Skills. They also assisted in topics for prospective programs to be delivered in the balance of FY19 or early FY20 including better negotiation skills, a DUI boot camp program and effective and efficient communication practices. The subcommittee is also making ongoing recommendations for programming content. The Marketing Intelligence Subcommittee has worked with WSBA CLE in reviewing our attendee survey feedback documents. Each of the subcommittee members were sent a test feedback survey via Survey Monkey and went through the exercise of completing a mock survey form. The subcommittee members provided specific feedback on some areas of the survey but ultimately decided that the survey comported with best practices and captured the information relevant to WSBA CLE evaluation criteria. The subcommittee made some specific recommendations for changes to the Legal Lunchbox feedback survey, which were adopted. The changes included limiting the number of reasons for attendance in question #3 on the
survey and changing some of the reason types. This also brought the survey in line with the internal Return on Investment Dashboard that is being developed by an internal ROI workgroup at WSBA. The subcommittee is also working to develop a member wide survey to determine membership trends in consumption of continuing legal education programming (i.e. through on-demand, in person, webcast, etc.), what is working and what isn’t in an effort to further inform a marketing strategy for WSBA CLE. This work is projected to be done in FY20 once there is more certainty around the future structure of the WSBA. The committee also provided input on the proposed rule changes to the Ethics requirements in APR11 to the MCLE Board.

### 2019-2020 Goals:
The CLE Committee plans to maintain the Programming and Marketing Intelligence Subcommittees. The Programming Subcommittee will continue to work with the WSBA Presents Education Programs Lead to develop continuing legal education seminars that are useful and relevant to the members and align with the overall mission of WSBA. The Marketing Intelligence Subcommittee will work with WSBA CLE in the development of a customer feedback survey that will help inform how the membership prefers to obtain continuing legal education credit (i.e. through on-demand, in person, webcast, etc..) and further inform a marketing strategy for WSBA CLE. The committee will also discuss ways in which to further engage with the public.

### Please report how this committee/board is addressing diversity:
1) Are you using any of the tools provided by WSBA and if so, how? 2) Have you sought out training or consultation from the Inclusion and Equity Specialist? 3) How have you elicited input from a variety of perspectives in your decision-making? 4) What have you done to promote a culture of inclusion within the board or committee? 5) What has your committee/board done to promote equitable conditions for members from historically underrepresented backgrounds to enter, stay, thrive, and eventually lead the profession? 6) Other?

1) The faculty database is an ongoing tool used by WSBA CLE staff in helping to ensure a diverse faculty pool for WSBA CLE.
2) The CLE Committee had training from the WSBA diversity specialist at the April, 2019 meeting which was well received by the committee members.
3) The CLE committee encourages WSBA CLE staff to engage with a wide range of stakeholders in program development. WSBA CLE engages with a wide range of stakeholders including the WSBA Practice Sections, the DMCJA, the WSBA Diversity Committee and Public Service Committees, the WYLC and a variety of outside nonprofit organizations and local and minority bar associations.
4) The CLE Committee works affirmatively to identify and recruit a diverse group of committee members.

### Please report how this committee/board is addressing professionalism:
1) Does the committee/board’s work promote respect and civility within the legal community? 2) Does it seek to improve relationships between and among lawyers, judges,
staff and clients? 3) Does it raise awareness about the causes and/or consequences of unprofessional behavior? 4) Other?

1) The CLE Committee continues to address professionalism throughout all of its work by ensuring the most timely and relevant legal education is delivered to Washington legal professionals. The Legal Lunchbox series offered by WSBA CLE continues to focus on many topics that promote professional and personal development which aids in civility and professionalism. WSBA CLE offers an annual Ethics, Professionalism and Civility program that directly deals with the topics of civility and professionalism along with ethics issues associated with those topics.

2) Many of the CLE programs that the CLE Committee supports specifically address relationships between lawyers and judges and professionalism in the legal profession. Law of Lawyering is an annual program that addresses these specific topics. This program was delivered in December, 2019 and is also available on-demand.

3) WSBA CLE delivers many programs that deal directly with the consequences of unprofessional or unethical behavior within the profession. In FY19 WSBA CLE delivered at least five seminars related to this specific topic including Ethical Dilemmas, Arbitrator Ethics, Ethics for Non-Attorneys, ALPS Ethics and Keeping Ethical in a Technical World.

Please report how this committee/board is integrating new and young lawyers into its work:

1) How have you brought new and young lawyers into your decision making process? 2) Has the committee/board supported new and young lawyers by (for example) helping to find and prepare them for employment, assisting with debt management, building community, and providing leadership opportunities? 3) Other?

1) In conjunction with the WSBA New Lawyer Program, WSBA CLE develops a Trial Advocacy Program that specifically assists new lawyers in learning and developing trial skills. In FY19 there were 65 people in attendance at the two day TAP seminar and 16 people participated in the Mock Trial.

2) In association with the WSBA New Member Education, the CLE team develops a Practice Primer Series which take a substantive area of law and build out a full curriculum from introductory to more advanced topics over the course of three learning tracks and approximately 21 hours of education. The goal of this programming is to provide new members (or transitioning members) a foundational education to jump start their entry into the substantive area of practice. New Member programming is deeply discounted for members who have been licensed for less than five years. In FY19 the Practice Primer Series focused on the area of Employment Law. Attendance options for the Practice Primer Series are in person, via webcast, and they are also offered as an on-demand seminar for purchase on the WSBA CLE Store. The Employment Law Practice Primer Series was delivered in the months of April, May and June of 2019.
Please report how this committee/board is addressing the needs of the public:
1) How is the public impacted by your work? 2) Has the committee/board sought input from the public, and/or communicated its work to the public? 3) Other?
The mission of WSBA CLE is to ensure the competency of the profession through education. By providing education that is relevant, timely and in demand by the membership, WSBA CLE helps to protect the public by ensuring competent legal professionals. Aside from posting our meeting notices and posting our minutes which are available to the public, the committee has not done any specific outreach to the public. WSBA CLE does engage with various sectors of the public when developing various CLE programs because many of our faculty are non-WSBA members and members of the public.
