#### 2023 Licensing Goes Paperless

Licensing for 2023 will open up to members on November 1, 2022, and must be complete by February 1, 2023. All members should have received an email last week reminding them of the process and steps they can take now to make sure they are ready. For the first time, licensing this year is fully paperless. We have been moving toward this goal for many years. Recent upgrades to WSBA online payment processing, the shift to remote work, and fewer and fewer members renewing by paper, have finally made this shift possible. Going paperless will save money, use less staff time, reduce our environmental footprint, and make payment processing more secure for our members. As part of the move to paperless licensing, we've been out reaching to firms and members who have renewed their licenses with paper forms in the past and will work directly with anyone who is struggling with the new process.

#### Safety Protocols for Winter Bar Exam

Since the start of the COVID-19 pandemic, the WSBA has implemented an Exam Health Safety Plan for all licensing exams. For the winter 2023 Bar Exam and LPO Exam we have been reexamining our approach in light of Governor Inslee's lifting of all remaining emergency orders related to COVID-19 by November 1, 2022. As a result of these discussions and WSBA's commitment to holding a safe exam we will continue to require face masks for the winter exams and will prohibit anyone that has tested positive for COVID-19 within five days of the exam or who has symptoms of COVID-19 that are not caused by another known condition to sit for the exam. We will no longer, however require proof of vaccination or proof of a negative COVID-19 test for most examinees. We will require proof of a negative COVID-19 test for any examinees who will not be wearing a face mask as part of a testing-accommodation. These recommendations, which emphasize masking, are based on the guidance we received from the King County Health Department at the September Board meeting, that masking at an indoor event is one of the best ways to prevent the transmission of COVID-19 and other viruses, as well as current CDC guidance recommending masks in public places where there are a lot of people around. We have notified the Court of our proposed approach and are awaiting any feedback they may have.

#### Welcoming Deputy Executive Director Dua Abudiab

We are incredibly excited to welcome Dua Abudiab to the leadership team at WSBA on November 7. Dua will serve as Deputy Executive Director, chiefly responsible for operations, and providing direct oversight to IT, human resources, and finance. By dividing the work in this way, I hope to provide additional leadership capacity for operations, while strengthening my capacity to support the Board's policy work, to support ongoing program evaluation and development, and to build and strengthen relationships with external stakeholders.

Dua most recently served as the Executive Director for the King County Bar Association after beginning her career as a public defender. Dua is a decisive leader who brings her values of transparency and inclusivity to every project she takes on. I am confident that we are all going to enjoy working with her and benefit from her organization and attention to detail, creativity, work ethic, and calm presence.

#### October Goal-Setting Retreat

The Board met virtually last Saturday, October 22 for a special meeting and goal-setting retreat. Organized by President Daniel D. Clark and Executive Director Nevitt, the intention of the retreat was to begin developing shared goals for the work of the Board in Fiscal Year 2023 to promote teamwork, efficiency, transparency and accountability. The Board met in small groups to brainstorm potential criteria for identifying goals and discussed and prioritized a number of potential goals for the year, with the majority of interest coalescing around the areas of (1) volunteer engagement, (2) WSBA program review, (3) exploring bringing back the APEX dinner, (4) supporting rural practice, (5) developing a strategic plan for the future of WSBA's space, and (6) increasing WSBA's commitment to diversity, equity, and inclusion. Over the next two months, I will be reaching out to interested Board members and entities like the Small Town and Rural Committee, the Diversity, Equity and Inclusion Council, the Awards Committee, and the Long Range Strategic Planning Council to help develop specific, measurable goals, including proposed deliverables and timelines for the Board to consider adopting in January.

#### Update on Membership Demographic Study

This year, the WSBA is conducting its second decennial membership demographic study. The study will be used to inform how WSBA can better support underrepresented and historically marginalized legal professionals, promote diversity, equity, and inclusion, and inform a new Diversity and Inclusion Plan. We are working with KGR+C / Knowhy, a research consultancy based in Oregon, to both develop the research and to help ensure and maintain the confidentiality and anonymity of those who take part in it. You can find more information about the project <a href="here">here</a>.

We are currently in phase one of the project, which focuses on survey design. As part of this phase our consultants at Kno-why have been collecting feedback regarding the survey. The initial feedback has identified four key questions or themes that should drive the research:

Theme 1: Who are we today? What are the current demographics of membership? Where do we work? In what sectors/specialties, firm-types and sizes? What do our members do?

Theme 2: How do Bar members feel about work and the workplace? How do they evaluate+ experience the workplace and workplace culture? How does that compare to other relevant workplace assessments (e.g., Oregon State Bar members, WSBA previous assessments, etc)

Theme 3: What are Member workplaces like? What do they think about them? What kinds of things do they tend to experience? What are some common lived experiences? What experiences are common for some groups and not for others? How do these experiences and perceptions affect their feelings about work/the workplace?

Theme 4: What are some of the programs that have helped/would help make things better for Bar members, and how can we help make them more available/accessible to membership? What are their experiences + perceptions of mentoring programs, networking groups, diversity initiatives/focus, affinity bars, affinity groups and DEI programs? Who offered those programs? What role can/has the Bar played?

As a reminder, the Steering Committee for this project is comprised of Gov. Alec Stephens, Gov. Nam Nguyen, Chief Equity & Justice Officer Diana Singleton, and me.

#### Washington Bar Licensure Task Force Charter Extended

On November 20, 2020, the Washington Supreme Court issued an order to create the Washington Bar Licensure Task Force. The Task Force was charged with assessing the bar exam and other licensing requirements, including disproportionate impacts on examinees of color and first-generation examinees. The Task Force was asked to consider the need for alternatives to the current bar exam and analyze those potential alternatives. Gov. Brent Williams-Ruth and Gov. Jordan Couch are both members of the Task Force. The Task Force was originally scheduled to complete its work by December 31, 2022. The Court has extended the Charter to December 31, 2023.

#### **Increasing 2023 Ad Rates for Bar News**

Beginning with the December 2022/January 2023 issue, ad rates for *Washington State Bar News* will be increasing. Over the last few years, at the urging of members of the Board, we have made tremendous strides towards making *Bar News* a self-sustaining activity of the Bar, and this continual reevaluation of advertising rates keeps moving us toward that goal by ensuring we remain competitive in the market. On the recommendation of our advertising partner, LLM Publications, we are increasing the price for display advertisements by 10%. This will help to keep up with our direct costs, including paper, which has risen by more than 10%. The price for announcements is increasing by 33%. We were advised that these ads were significantly underpriced compared to display advertisements. We will not be increasing the price for professional marketplace listings. The new ad rates are attached for your reference. Note that WSBA's Fiscal Policies and Procedures assigns the Executive Director the responsibility for setting advertising rates.

# WASHINGTON STATE

**TO:** WSBA Board of Governors

**CC:** Terra Nevitt, Executive Director

FROM: Nicole Gustine, Assistant General Counsel, Staff Liaison

Kyla Jones, Paralegal II, Staff Liaison

**DATE:** October 17, 2022

**RE:** Proposed Amendment to CrRLJ 4.7 from the Court Rules and Procedures Committee

**ACTION:** Approve suggested amendment to CrRLJ 4.7 for submission to the Washington Supreme Court.

#### **Background**

As part of the Supreme Court's rules review cycle, the WSBA Court Rules and Procedures Committee (Committee) reviewed the Criminal Rules for Superior Courts and the Criminal Rules for Courts of Limited Jurisdiction for the 2021-2022 year. The subcommittee reviewing the Criminal Rules for Courts of Limited Jurisdiction proposed the following amendment, which was approved by the Committee on September 26, 2022.

#### **Community Input**

The Committee reached out to a list of stakeholders with a proposed change to CrRLJ 4.7 in an attempt to address two issues: (1) discovery delays; and (2) making the rule gender neutral. The list of stakeholders includes (among others) specialty bar associations, minority bar associations, and county bar associations. The Committee has decided not to pursue the changes intended to address delayed discovery due to both the Supreme Court of Washington's adoption of GR 42 and stakeholder feedback. At this time, the Committee recommends adoption of the parts of the proposal that would make CrRLJ 4.7 gender neutral.

#### **Summary of Proposed Amendment**

The amendments remove gendered language from the rule. The amendments do not change the substance of the rule.

We anticipate submitting this amendment to the Washington Supreme Court after the BOG has completed its consideration.

Proposed CrRLJ 4.7 Draft GR 9 cover sheet WSBA RISK ANALYSIS: This section is to be completed by the Office of General Counsel, with input from the proposing entity or individual.

<u>Requested Action</u>: The BOG is asked to approve sending this proposed court rule change to the court. The proposed change replaces gendered language in the rule and does not otherwise modify the rule.

<u>GR 12 and germaneness analysis</u>: GR 12.2(b)(3) specifically authorizes the WSBA to provide periodic reviews and recommendations concerning court rules and procedures. Reviewing and submitting court rules changes is germane to regulating the practice of law and improving the quality of legal services provided to the people of the state of Washington. The requested action is within GR 12 and the *Keller* germaneness analysis.

Legal Risk Considerations: This action appears to be low risk. No specific risks were identified.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

This action does not appear to have a fiscal impact outside of time and effort needed to make administrative updates as a result of the amended language.

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

This action appears to promote inclusion and equity by removing language that is limited to "his" and "her" and uses inclusive language that identifies a person's role (e.g., defendant, staff) instead of assuming a person's gender identity or expression. Taking out binary gendered language creates more inclusion for people who are non-binary or do not identify as a man or a woman who have been historically and continue to be marginalized and ultimately fairer outcomes.

#### CrRLJ 4.7 DISCOVERY

#### (a) Prosecuting Authority's Obligations.

- (1) Except as otherwise provided by protective orders or as to matters not subject to disclosure, the prosecuting authority shall, upon written demand, disclose to the defendant\_or the defendant's counsel the following material and information within his or her the prosecuting authority's possession or control concerning:
- (i) the names and addresses of persons whom the prosecuting authority intends to call as witnesses at the hearing or trial, together with any written or recorded statements and the substance of any oral statements of such witnesses;
- (ii) any written or recorded statements and the substance of any oral statements made by the defendant, or made by a codefendant if the trial is to be a joint one;
- (iii) any reports or statements of experts made in connection with the particular case, including results of physical or mental examinations and scientific tests, experiments, or comparisons;
- (iv) any books, papers, documents, photographs, or tangible objects which the prosecuting authority intends to use in the hearing or trial or which were obtained from or belonged to the defendant;
- (v) any record of prior criminal convictions known to the prosecuting authority of the defendant and of persons whom the prosecuting authority intends to call as witnesses at the hearing or trial;
- (vi) any electronic surveillance, including wiretapping, of the defendant's premises or conversations to which the defendant was a party and any record thereof;
- (vii) any expert witnesses whom the prosecuting authority will call at the hearing or trial, the subject of their testimony, and any reports relating to the subject of their testimony that they have submitted to the prosecuting authority;
- (viii) any information indicating entrapment of the defendant;
- (ix) specified searches and seizures;
- (x) the acquisition of specified statements from the defendant; and
- (xi) the relationship, if any, of specified persons to the prosecuting authority.
- (2) Unless the court orders otherwise, discoverable materials shall be made available for inspection and copying within 21 days of arraignment or within 21 days of receipt of the demand by the prosecuting authority, whichever is later.
- (3) Except as otherwise provided by protective orders, the prosecuting authority shall disclose to defendant's lawyer any material or information within his or her the prosecuting authority's knowledge which tends to negate defendant's guilt as to the offense charged.

(4) The prosecuting authority's obligation under this section is limited to material and information within the actual knowledge, possession, or control of members of his or her the prosecuting authority's staff.

#### (b) Defendant's Obligations.

- (1) Except as otherwise provided by protective orders or as to matters not subject to disclosure, the defendant shall disclose to the prosecuting authority the following material and information within his or her defendant's possession or control concerning:
- (i) the names and addresses of persons whom the defendant intends to call as witnesses at the hearing or trial, together with any written or recorded statements and the substance of any oral statements of such witnesses;
- (ii) any books, papers, documents, photographs, or tangible objects which the defendant intends to use in the hearing or
- (iii) any expert witnesses whom the defendant will call at the hearing or trial, the subject of their testimony, and any reports relating to the subject of their testimony that they have submitted to the defendant;
- (iv) any claim of incompetency to stand trial;
- (v) whether his or her the defendant's prior convictions will be stipulated or need to be proved;
- (vi) whether or not he or she the defendant will rely on a defense of insanity at the time of the offense; and
- (vii) the general nature of his or her the defendant's defense.
- (2) Unless the court orders otherwise, discoverable materials shall be made available for inspection and copying not later than 14 days prior to the date set for trial.
- (3) References in this section to defendant shall be deemed to include the defendant's lawyer, where appropriate.

#### (c) Physical and Demonstrative Evidence.

- (1) Notwithstanding the initiation of judicial proceedings, and subject to constitutional limitations, the court on motion of the prosecuting authority or the defendant may require or allow the defendant to:
- (i) appear in a lineup;
- (ii) speak for identification by a witness to an offense;
- (iii) be fingerprinted;
- (iv) pose for photographs not involving reenactment of the crime charged; (v) try on articles of clothing;
- (vi) permit the taking of samples of or from his or her the defendant's blood, hair, and other materials of his or her the defendant's body including materials under his or her the defendant's fingernails which involve no unreasonable intrusion thereof;
- (vii) provide specimens of his or her the defendant's handwriting; and
- (viii) submit to a reasonable physical, medical, or psychiatric inspection or examination.

- (2) Provisions may be made for appearance for the purposes stated in this section in an order for pretrial release.
- (d) Material Held by Others. Upon defendant's request and designation of material or information in the knowledge, possession or control of other persons which would be discoverable if in the knowledge, possession or control of the prosecuting authority, the prosecuting authority shall attempt to cause such material or information to be made available to the defendant. If the prosecuting authority's efforts are unsuccessful and if such material or persons are subject to the jurisdiction of the court, the court shall issue suitable subpoenas or orders to cause such material to be made available to the defendant.

#### (e) Discretionary Disclosures.

- (1) Upon a showing of materiality and if the request is reasonable, the court in its discretion may require disclosure of the relevant material and information not covered by sections (a) and (d).
- (2) The court may condition or deny disclosure authorized by this rule if it finds that there is a substantial risk to any person of physical harm, intimidation, bribery, economic reprisals or unnecessary annoyance or embarrassment resulting from such disclosure, which outweigh any usefulness of the disclosure to the defendant.

#### (f) Matters Not Subject to Disclosure.

- (1) Work Product. Disclosure shall not be required of legal research or of records, correspondence, reports or memoranda to the extent that they contain the opinions, theories or conclusions of investigating or prosecuting agencies except as to material discoverable under subsection (a)(1)(iii).
- (2) Informants. Disclosure of an informants identity shall not be required when his or her the informant's identity is a prosecution secret and a failure to disclose will not infringe upon the constitutional rights of the defendant. Disclosure of the identity of witnesses to be produced at a hearing or trial shall not be denied.

#### (g) Regulation of Discovery.

- (1) Investigations Not To Be Impeded. Except as otherwise provided by protective orders or as to matters not subject to disclosure, neither the lawyers for the parties nor other prosecution or defense personnel shall advise persons, other than the defendant, who have relevant material or information to refrain from discussing the case with the opposing lawyer or showing the opposing lawyer any relevant material, nor shall they otherwise impede the opposing lawyers investigation of the case.
- (2) *Continuing Duty To Disclose*. If, after compliance with this rule or orders pursuant to it, a party discovers additional material or information which is subject to disclosure, he or she that party shall promptly notify the other party or his or her lawyer counsel of the existence of such additional material. If the additional material or information is discovered during trial, the court shall also be notified.
- (3) Custody of Materials. Any materials furnished to a lawyer pursuant to these rules shall remain in the exclusive custody of the lawyer and be used only for the purposes of conducting the party's side of the case, unless otherwise agreed by the parties or ordered by the court, and shall be subject to such other terms and conditions as the parties may agree or the court may provide. Further, a defense lawyer shall

be permitted to provide a copy of the materials to the defendant after making appropriate redactions which are approved by the prosecuting authority or order of the court.

- (4) *Protective Orders*. Upon a showing of cause, the court may at any time order that specified disclosure be restricted or deferred or make such other order as is appropriate, provided that all material and information to which a party is entitled must be disclosed in time to permit his or her the party's lawyer to make beneficial use of it.
- (5) *Excision*. When some parts of certain material are discoverable under this rule and other parts are not discoverable, as much of the material shall be disclosed as is consistent with this rule. Material excised pursuant to judicial order shall be sealed and preserved in the records of the court, to be made available to the appellate court in the event of an appeal.
- (6) In Camera Proceedings. Upon request of any person, the court may permit any showing of cause for denial or regulation of disclosure, or portion of such showing, to be made in camera. A record shall be made of such proceedings. If the court enters an order granting relief following a showing in camera, the entire record of such showing shall be sealed and preserved in the records of the court, to be made available to the appellate court in the event of an appeal.

#### (7) Sanctions.

- (i) If at any time during the course of the proceedings it is brought to the attention of the court that a party has failed to comply with an applicable discovery rule or an order issued pursuant thereto, the court may order such party to permit the discovery of material and information not previously disclosed, grant a continuance, or enter such other order as it deems just under the circumstances.
- (ii) The court may at any time dismiss the action if the court determines that failure to comply with an applicable discovery rule or an order issued pursuant thereto is the result of a willful violation or of gross negligence and that the defendant was prejudiced by such failure.
- (iii) A lawyers willful violation of an applicable discovery rule or an order issued pursuant thereto may subject the lawyer to appropriate sanctions by the court.

# WASHINGTON STATE

**TO:** WSBA Board of Governors

**CC:** Terra Nevitt, Executive Director

FROM: Paris Eriksen, Volunteer Engagement Advisor

Kevin Fay, Governor District 9

Glynnis Klinefelter-Sio, Human Resources Director and Chief Culture Officer

Kari Petrasek, Governor District 2

Kevin Plachy, Director of Advancement

Brian Tollefson, Immediate Past President

**DATE:** October 17, 2022

**RE:** DRAFT COVID-19 Policies

**ACTION**: Rescind Volunteer Vaccination Policy and approve the proposed framework to support the Executive Director's role and authority regarding health and safety policies and procedures.

At the request of President Daniel Clark, a small informal group of Board members and staff met to discuss how best to approach WSBA's COVID-19 response, at a policy level, going forward. This enclosed recommendation is the result of such discussion and has also been informed by feedback from additional governors and staff.

#### Recommendation

We recommend that the Volunteer Vaccination Policy be rescinded. We recommend that the Executive Director rescind the attendee policy, and as it is within the Executive Director's authority (see *enclosed Board of Governors and Board Officers Roles and Responsibilities*), encourage the development of a new policy for in-person meetings and events with the following considerations:

- national, state and local health and safety guidelines,
- equity and inclusion of members (regardless of volunteer involvement) and members of the public,
- encourages continued virtual/remote options for meetings and events wherever possible, and
- respects everyone's personal health decisions.

#### Considerations

The existence of two policies for volunteers and guests have, in the view of this group, created interrelated problems around equity, inclusion, and implementation. We have put forward the above recommendation for the various reasons described below.

The existing policies treat members and members of the public differently based upon their affiliation with our organization. Additionally, access to an in-person meeting or event is different depending upon this affiliation. For

example, a non-volunteer may not submit, in advance, proof of vaccination to ensure access to an event and a volunteer may not submit a negative PCR test in lieu of proof of vaccination. Further, such policies may deter inperson attendance (even when it can be safely done) and pose too many disparate and conflicting barriers to attend an in-person event; particularly for someone who is a WSBA volunteer but attending an event (such as a BOG meeting) in a non-volunteer capacity.

In light of the information provided by King County Public Health, we learned that the existence of a vaccination mandate policy does not eliminate the possibility of spreading COVID-19 virus. Rather it is important to support certain practices such as masking and social distancing.

#### **Background**

Currently, the WSBA has two COVID-19 related policies that impact WSBA members and volunteers; the Volunteer Vaccination Policy approved and amended by the Board of Governors on March 2022 and the WSBA In-Person Event and Meeting Attendee Policy authorized by the Executive Director. In summary, the Volunteer policy requires proof of vaccination (including one booster) be submitted in advance of attending an in-person meeting or event. The attendee policy requires proof of vaccination (including one booster) or proof of a negative PCR test be provided at the meeting/event before entry.

WSBA Volunteer COVID-19 Vaccination Mandate for WSBA In-Person Meetings and Events, March 2022 WSBA COVID-19 Vaccination Requirements for Guests/Attendees at Indoor Events Board of Governors and Board Officer Roles and Responsibilities, March 2022.

WSBA EQUITY ANAYLSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

The proposal action will increase fairer outcomes by rescinding the current policies which are inconsistent and create disparities between different groups of people, and by including equity and inclusion as a primary consideration in developing a new policy. Further, given that COVID has had disproportionate impacts on marginalized communities, developing a new policy which centers those closest to the harm will also increase more equitable outcomes.

WSBA RISK ANALYSIS: This section is to be completed by the Office of General Counsel, with input from the proposing entity or individual.

The request is to rescind the Volunteer Vaccination Policy that applies to volunteers attending WSBA events and to approve a framework for the Executive Director to develop a new procedure for in-person meetings and events. By rescinding the policy, the risk to the WSBA is low, especially considering that the proposal recommends putting in place a mechanism for the Executive Director to implement future procedures to protect the health and safety of in-person participants at WSBA events. Issues to consider:

Making sure there is an appropriate transition period.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

The proposed action may increase the amount of in-person attendance by volunteers at events (such as committee meetings) and could lead to an increase in expenses for volunteer participation. WSBA provides expense reimbursement for volunteers who are performing WSBA work. Examples of the most common reimbursable expenses are transportation, meals, and accommodations. Therefore, any increase in attendance in-person by volunteers will likely result in an increase in expenses however, this would be consistent with pre-COVID levels of funding for volunteers and not considered a "new" expense. The dollar amount of impact is variable, depending on the amount of increased attendance as well as the activities themselves. For example, there would be no fiscal impact for committees that no longer meet in-person, but there can be costs for committees that provide for a hybrid option.

#### **POLICY**

#### WSBA VOLUNTEER COVID-19 VACCINATION MANDATE FOR WSBA IN-PERSON MEETINGS AND EVENTS Approved August 21, 2021 Amended March 11, 2022

WHEREAS, on February 29, 2020, Governor Inslee proclaimed a state of emergency due to the novel coronavirus disease (COVID-19) outbreak in Washington; and on March 13, 2020, President Trump declared a national emergency due to the COVID-19 outbreak across the United States; and on February 24, 2021, President Biden continued the national emergency; and

WHEREAS, the Supreme Court of Washington has strongly encouraged the Washington State Bar Association to adopt and implement similar vaccination requirements for their Workers as set forth in their order No. 25700-B-669 of August 18, 2021, mandating vaccines for all Supreme Court workers, which includes any "employee, independent contractor, service provider, volunteer, or through any other formal or informal agreement to provide goods or services, whether compensated or uncompensated"; and

WHEREAS, it is the duty of every employer to protect the health and safety of employees by establishing and maintaining a healthy and safe work environment and byrequiring all volunteers who appear in-person at our events or on-site at our facilities, to comply with health and safety measures; and

WHEREAS, the WSBA has regulatory functions and provides services, to the members and the public in every county in our state with the use of volunteers, and many of our volunteers have the potential to interact with the members, the staff, or the public on a regular basis, and they all interact with some portion of the community at large to varying degrees before and/or after volunteer hours;

and

WHEREAS this board has the authority to set policies that are reasonably necessary for carrying out and fulfilling its duties under GR 12, RCW 2.48, and our Bylaws.

NOW, THEREFORE, the following policy applicable to volunteers is hereby ADOPTED:

- 1. Prohibitions. This policy prohibits any volunteer, including the Board of Governors, from engaging in in-person volunteer work for the WSBA, or as a representative of WSBA, if the volunteer has not been fully vaccinated, which includes a booster dose, against COVID-19. A volunteer must either be vaccinated or qualify for an exemption to be eligible to volunteer in-person or on-site.
- **2.** Exemptions from Vaccine Requirement.
  - a) Volunteers are not required to get vaccinated against COVID-19 if they are entitled under the Americans with Disabilities Act (ADA), Title VII of the Civil Rights Act of 1964 (Title VII), the Washington Law Against Discrimination (WLAD), orany other applicable law to a disability-related reasonable accommodation or a sincerely held religious belief accommodation to the requirements of this order.
  - b) To the extent permitted by law, before providing a disability-related reasonable accommodation to the requirements of this order, the WSBA must obtain from the individual requesting the accommodation documentation from an appropriate healthcare or rehabilitation professional authorized to practice in the State of Washington stating that the individual has a disability that necessitates the accommodation and the probable duration of the need for the accommodation.
  - c) To the extent permitted by law, before providing a sincerely held religious belief accommodation to the requirements of this policy, the WSBA must document that the request for an accommodation has been made and the document must include a statement regarding the way in which vaccinations conflict with the religious observance, practice, or belief of the volunteer.

d) Reasonable accommodations will be determined by the Executive Director on an individualized basis and, where avolunteer is exempt from this mandate, accommodations may include but are not limited to requirements to wear a mask, obtain viral testing regularly, socially distance, appear virtually, or work remotely.

e) Like the Independent Contractors mentioned in §4(c) of the Supreme Court's Order this policy applies to volunteers only when their services are performed in person or on site, regardless of frequency, and regardless of whether other staff or volunteers are present.

3. <u>Acceptable Proof of Full Vaccination Against COVID-19</u>: Where required above, volunteers

for the WSBA must provide proof of full vaccination against COVID-19. Acceptable proof may include:

a) CDC COVID-19 Vaccination Record Card or photo of the card;

b) Documentation of vaccination from a health care provider or electronic health record;

c) State immunization information system record;

d) Other forms approved by Human Resources.

Personal attestation is not an acceptable form of verification of COVID-19 vaccination.

This policy will take effect on 8/22/21 and shall remain in effect until further policy change.

Approved by the WSBA Board of Governors on August 21, 2021.

### WSBA COVID-19 Vaccination Requirements for Guests/Attendees at Indoor Events

On August 18, 2021 the WA Supreme Court issued an <u>order</u> requiring that employees who don't qualify for an exemption provide proof of vaccination against COVID-19 as a condition of employment. The Court strongly encouraged the Washington State Bar Association (WSBA) to do the same.

Subsequent to that order, the WSBA Board of Governors adopted a requirement that WSBA volunteers engaging in WSBA in-person events/business must show proof of COVID-19 vaccination. At its March, 2022 meeting the Board of Governors voted to increase the requirements for proof of vaccination of volunteers engaging in WSBA inperson events/business to include a booster shot.

As WSBA continues to open up to in-person events and gatherings, and in order to ensure consistent levels of safety for WSBA employees, volunteers and guests at our in-person events we are adopting vaccination/testing procedures for all attendees at WSBA in-person, indoor events that bring together individuals who are not subject to the WSBA employee and volunteer vaccination policies. These procedures do not apply to regulatory events and hearings.

#### Application:

These procedures will apply to WSBA in-person, indoor events (i.e. CLE seminars, receptions, retreats, committee and supreme court board meetings). These procedures do not apply to regulatory events (i.e. bar exam) and hearings.

#### Requirements:

Attendees at applicable events must:

- 1. Provide proof of full vaccination from COVID-19 plus a booster shot; or
- 2. Provide proof of a negative PCR COVID test within the past 72 hours.

#### **Process:**

Verification of the above requirements will occur at the event. If WSBA staff are present at the event then a staff designee (or designees) will be appointed to verify the requirements for all attendees.

If WSBA staff will not be present at the event then a volunteer will be appointed to verify the requirements for all attendees.

If an attendee cannot meet the above requirements they will be unable to attend the event in person.

To provide proper notice to attendees, all advertising or notices of events should include prominent language of the vaccination/testing requirements with specific instructions to bring either a vaccination card or proof of a negative PCR COVID test within the past 72 hours to event in order to gain entry.

#### Waiting Period for Booster

If an attendee provides proof that they are within the waiting periods to receive a booster shot the attendee will be considered up to date under this procedure and will be able to attend the meeting or event.

- Moderna or Pfizer five months or less after the individual's primary series
- Johnson and Johnson two months or less after the individual's primary series

If an attendee is beyond the waiting periods for a booster shot and has not been boosted the attendee will not be considered up to date under this procedure and will not be able to attend the meeting or event without a negative PCR test taken within the past 72 hours of the event.

**TO:** WSBA Board of Governors

**CC:** Terra Nevitt, Executive Director

FROM: Jason Schwarz, Chair, Council on Public Defense

**DATE:** October 13, 2022

**RE:** Statement on Minimum Qualification for Representation of Persons Accused of Class B and C Felonies

**ACTION**: Approve Publication of CPD Statement on Minimum Qualification for Representation of Persons Accused of Class B and C Felonies. The Statement would be published on the WSBA website and distributed to public defenders through list serve hosted by the Office of Public Defense and the Washington Defender Association.

#### Summary

What is the problem we are trying to solve?

The CPD has received a request to provide an advisory opinion on Indigent Defense Standard 14.2(E), which concerns certification standards for representing persons on Class B and C felonies.

How is the solution expected to solve the problem?

An advisory would provide statewide clarity on certification standards.

What does success look like and how will we measure it?

Publication of the standard would avoid confusion about what certification requires. There is confusion with regard to whether lawyers who have worked in public defender offices also have to have trial experience to be certified to handle Class B and C felonies.

What are the suggested next steps?

Publication of the advisory is the only step required.

#### **Background**

Has the request come to the Board before? If so, what has been done since then? How has the proposal changed? No.

Has WSBA ever taken a position on this issue/had a program to address this? What was it? Has anything changed since then?

This advisory would be consistent with existing rules on representing persons accused of Class B and C felonies on appointed cases. The BOG has consistently approved advisories regarding the Indigent Defense Standards from the CPD.

The CPD has received several requests for an advisory opinion on this issue, as there appears to be inconsistent application of the rule in public defense offices.

What steps have been taken to arrive at the proposed solution? Were any alternative solutions considered and why were they rejected?

Providing an advisory opinion is consistent with our past practice of publishing the answers to significant questions regarding the Indigent Defense Standards.

Have you considered the issue through an equity lens? How has that informed your understanding of the problem and/or the proposed solution?

Because indigent defendants are disproportionally persons of color, ensuring that the persons who represent them are qualified promotes a more equitable system.

Any barriers to the proposed solution? How will they be addressed?

There are no barriers to this proposed solution.

The Council has published similar statements in recent years, including:

- Council on Public Defense Advisory Notice: Response to the Emergency Caused by Pandemic-Driven Increase in Public Defender Caseloads. (Adopted May 2021)
- Council on Public Defense Statement on Workloads. (Adopted January 2022)

CPD Statement on Minimum Qualification for Representation of Persons Accused of Class B and C Felonies

WSBA RISK ANALYSIS: This section is to be completed by the Office of General Counsel, with input from the proposing entity or individual.

Summary of Requested BOG Action: The Standards for Indigent Defense are published at CrR 3.1 Stds. The Court adopted the Standards in 2012 and last amended them effective February 2021. As author of the Standards, the CPD has received questions about the certification requirements for lawyers representing persons accused of Class B or C Felonies. CPD asks that the Board approve this statement clarifying that lawyers seeking to certify to represent people accused of Class B and C Felonies must comply with all three sections of Standard 14.2(E). Additionally, there is a clarification of a temporary COVID emergency modification of the requirement for two trials. The advice also reminds defense office supervisors to make certain attorneys meet the standards before certifying. If approved, the CPD will publish this statement on its webpage and provide this clarifying information to public defender agencies.

<u>GR 12 and Germaneness Analysis</u>: This activity supports promoting an effective legal system, accessible to all (GR 12.2(a)(2)); and fostering and maintaining high standards of competence, professionalism, and ethics among its members (GR 12.2(a)(4)) and is not prohibited by GR 12.2(c). Compelled license fees may be used to fund activities

that are germane to regulating the legal profession and improving the quality of legal services offered to the people of the state of Washington. Providing clear standards and certification requirements for lawyers providing public defense services is germane to improving the quality of legal services offered to the people of the state of Washington.

<u>Legal Risks to Consider:</u> This action appears to be low risk. The clarification explains to public defender agencies which sections of the Certification Standards are required for Class B and C Felony cases. This is not a request to modify or lower the certification standards. The BOG may want to ask the presenters how this clarification will be communicated to all public defender agencies to make sure they are aware and to assist them in creating procedures necessary to institutionalize this new information.

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

<u>Community Input</u>: Those most affected by this advisory will be persons in need of indigent counsel who are charged with Class B and C offenses.

#### Additional Information for Equity Analysis

What factors (institutions, existing policies, social conditions, etc.) associated with this issue might be affecting underrepresented or marginalized individuals or communities differently?

Those charged with crimes are disproportionally persons of color. The Standards are designed to ensure better representation, thus promoting a more fair system. This advisories makes clear the minimum standards for representation.

What are some of the root causes of these inequities?

The Indigent Defense Standards were created to address multiple incidents of failure to provide competent representation. This advisory would help those attempting to certify to minimum standards for representation.

Are there any compounding or intersecting dynamics of multiple social identities that are relevant (e.g., inequities for communities who are from LGBTQ communities of color)?

None, other than those explained in the above paragraphs.

Based on the data presented, how might the proposed action benefit or harm individuals or communities who are underrepresented or have been historically marginalized?

Clarification of the minimum experience requirements to represent a person accused of a Class B or C felony benefits those who are underrepresented or historically marginalized as it makes competent representation more likely.

What information is missing that needs to be gathered?

None.

How will the proposed action increase or decrease equity? Are there any potential unintended consequences?

It will promote equity, as it will make competent representation more likely.

What strategies or ideas might make the proposed process and outcome more equitable and minimize harm to underrepresented or historically marginalized individuals and communities?

Explaining minimum requirements to represent a person accused of a Class B or C felony will help ensure underrepresented or historically marginalized individuals are fairly represented.

How will the proposed action or process be implemented in a way that has ongoing accountability to communities most impacted? How will you know if you have been successful?

We will publish this advisory on the CPD website, circulate it to public defense leaders, and promote it through WDA and WACDL. We can make queries with those affected to determine whether we have been successful.

<u>Analysis</u>: The proposed action to publish the Advisory Opinion appears to promote equity as it will clarify the minimum standards for representation of people accused of Class B or C felonies – who are disproportionately people of color – are fairly represented. By providing clarification, the standards and the practice of implementing the standards will more likely produce fair outcomes and eliminate disparities.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

There is no fiscal impact regarding this advisory.

Comment on Minimum Experience Levels Required for Certification for Class B and C Felonies (Standard 14.2(E)).

The Council on Public Defense has been asked to clarify the minimum standards required for certification for non-violent Class B and C felonies, especially regarding courtroom experience.

All attorneys seeking to represent indigent persons charged with Class non-violent B and C felonies must have been counsel alone on two jury trials or handled a significant portion of the trial of two cases submitted to a jury. Currently, an attorney may also certify if they meet the experience requirements of the Supreme Court's emergency order No. 25700-B-656.

Attorneys representing indigent persons in Washington must comply with the Standards for Indigent Defense, CrR 3.1, CrRLJ 3.1, JuCR 9.2, and MPR 2.1.

Section 14.2(E) details the additional requirements attorneys must meet to handle non-violent Class B and C felonies.

Section (i) requires the attorney to meet the general requirements of Standard 14.1.

Section (ii) states attorneys must have the following experience:

- 1. Served a year in a prosecutor's office; or
- 2. Served a year in a public defender's office; or
- 3. Spent a year in private criminal law practice.

Section (iii) states the attorney certifying their experience has been trial counsel alone in two jury trials or with other trial counsel or handled a significant portion of the trial in two criminal cases that have been submitted to a jury.

To certify that they can handle non-violent Class B and C felonies, an attorney must meet all three requirements of Section 14.2(E).

Due to the disruptions of the Covid-19 pandemic, emergency order No. 25700-B-656 temporarily amended the minimum experience requirements. This modification still requires all attorneys to have had at least one jury trial. Instead of a second jury trial, the attorney can certify that they have briefed and argued two separate evidentiary motions that included witness testimony; were trial counsel alone for a bench trial; or had attended a multi-day trial skills training program, such as the Washington State Office of Public Defense's Criminal Defense Training Academy.

Attorneys not meeting these minimum requirements may not certify that they meet the requirements to represent persons charged with non-violent Class B and Class C felonies.

Supervisors should not encourage attorneys working in public defense offices to certify if they do not meet these minimum qualifications.

FROM: Jason Schwarz, Chair, Council on Public Defense

DATE: October 6, 2022

**RE:** Council on Public Defense Support of the Washington State Office of Public Defense FY23 Budget

Request

**ACTION**: Approve the Council on Public Defense to submit a letter in support of the Washington State Office of Public Defense budget request.

The Council on Public Defense (Council) regularly receives updates from the Washington State Office of Public Defense (OPD), including updates on the OPD's budget requests. When the Washington State Bar Association created the Council on Public Defense it made the Washington State Office of Public Defense Director a Core Member of the Council. The Bar Association also directed the Council to, among other tasks, "...address current issues relating to the provision of constitutional public defense services in Washington, including efforts to ensure adequate support."

The Council followed the WSBA Legislative and Court Rule Comment Policy guidelines prior to requesting this approval. On September 16, 2022, the Council voted, with a supermajority, to affirm that the matter under consideration meets the GR12 guidelines and voted, with a supermajority, to support the Washington State Office of Public Defense budget request for FY23. The Council has submitted similar letters of support during previous legislative sessions. A draft letter for the 2023 session is attached for your consideration.

WSBA RISK ANALYSIS: This section is to be completed by the Office of General Counsel, with input from the proposing entity or individual.

<u>Summary of Requested BOG Action</u>: BOG is asked to approve the CPD to send a letter to legislators and others expressing support for the requested OPD budget. The letter is drafted for WSBA Executive Director Terra Nevitt's signature.

<u>GR 12 and Germaneness Analysis</u>: The requested action supports promoting an effective legal system, accessible to all 9GR 12.2(a)(2), serve as a statewide voice to the public and to the branches of government on matters relating to these purposes and the activities of the association and the legal profession (GR 12.2(a)(11)), support the judiciary in maintaining the integrity and fiscal stability of an independent and effective judicial system (GR 12.2(b)(2), maintain a legislative presence to inform members of new and proposed laws and to inform public officials about the organization's positions and concerns (GR 12.2(b)(17)). This action is a request to support a legislative action, so

it could be analyzed as political. To the extent that this is a political action, it relates to the administration of justice (justice system funding.) So, this action is not prohibited by GR 12.2. This action is germane to regulating the legal profession and improving the quality of legal services offered to the people of the state of Washington. Funding the Office of Public Defense is germane to improving the quality of legal services offered to the state of Washington.

<u>Legal Risks to Consider</u>: The legal risks in taking this action appear to be low. The action requested is to approve a letter sent to legislators supporting the OPD budget request. The Board has approved the CPD to send a support letter for the OPD budget for several years. The CPD is a WSBA entity, so CPD speech is WSBA speech.

WSBA EQUITY ANALYSIS: This section is to be completed by the Equity and Justice Team, with input from the proposing entity or individual.

<u>Community Input</u>: Those most affected by this comment will be the Office of Public Defense, its contractors, and the clients they serve. Portions of this budget increases spending for appellate criminal defense. Another budget package provides legal services for soon-to-be-mothers at-risk of entering the child dependency system.

#### Additional Information for Equity Analysis

What factors (institutions, existing policies, social conditions, etc.) associated with this issue might be affecting underrepresented or marginalized individuals or communities differently?

The Office of Public Defense exclusively provides legal services for indigent communities. In the child dependency context, the clients are disproportionately BIPOC. Some of the packages in OPD's budget would provide funding for innovative services in delivering public defense.

What are some of the root causes of these inequities?

Routine underfunding and a lack of awareness of the historic impact of underfunding legal services for indigent and other marginalized populations.

Are there any compounding or intersecting dynamics of multiple social identities that are relevant (e.g., inequities for communities who are from LGBTQ communities of color)?

None, other than those explained in the above paragraphs.

Based on the data presented, how might the proposed action benefit or harm individuals or communities who are underrepresented or have been historically marginalized?

Should OPD's budget get passed, it would not harm any individuals. It would assist those indigent persons who will have increased access to counsel in non-criminal cases.

What information is missing that needs to be gathered?

#### None

How will the proposed action increase or decrease equity? Are there any potential unintended consequences?

It will promote equity by providing more funding for areas of public defense serving indigent communities. The work funded will help poor families, youth under arrest, innovative public defense, and indigent appellants in the Court of Appeals and Supreme Court.

What strategies or ideas might make the proposed process and outcome more equitable and minimize harm to underrepresented or historically marginalized individuals and communities?

None.

How will the proposed action or process be implemented in a way that has ongoing accountability to communities most impacted? How will you know if you have been successful?

OPD monitors its contracts for quality assurance and compliance with relevant federal, state, and bar standards. Client impact is assessed through feedback and outcomes.

<u>Analysis</u>: The proposed action appears to promote equity because support of the proposed funding would go toward maintaining and strengthening practices and programs that produce fair outcomes and eliminate disparities in the criminal legal system and child welfare system. The funding could also address compensation inequities for public defenders and add diversity through funded recruitment.

WSBA FISCAL ANALYSIS: This section is to be completed by the Finance Department, with input from the proposing entity or individual.

The WSBA staff liaison time needed to coordinate this action is already accounted for under typical job duties. There are no other anticipated costs.

Senator Christine Rolfes, Chair Senate Ways and Means Committee 303 J.A. Cherberg Bldg. P.O. Box 40423 Olympia, WA 98504 Representative Timm Ormsby, Chair House Appropriations Committee 315 John L. O'Brien Bldg. P.O. Box 40600 Olympia, WA 98504

Dear Chair Rolfes and Chair Ormsby:

The Washington State Bar Association's Council on Public Defense strongly supports the Washington State Office of Public Defense (OPD) 2023-2025 biennial budget request, which will help ensure the constitutional right to counsel in state and local public defense programs.

OPD's proposals will efficiently implement mandatory client services, maintain effective agency operations, and encourage innovative and promising practices to serve our state's most vulnerable people and marginalized communities.

In particular, the Council on Public Defense urges you to fully fund OPD's requests for the following:

- Provide vendor rate adjustments for OPD-contracted attorneys who represent indigent clients
  in dependencies, appeals, and sex offender civil commitment cases. American Bar Association
  principles and WSBA standards require parity of resources for public defense and prosecution,
  but Washington currently provides substantially fewer resources for OPD-contracted defense
  attorneys than for state-employed assistant attorneys general.
- Sustain and expand prefiling representation of parents at risk of child welfare involvement. As currently funded by the Legislature in three counties, prefiling parent representation provided by the <u>FIRST Legal Clinic</u> is keeping infants out of foster care, preventing unnecessary family separation, avoiding lengthy court involvement, and quickly connecting parents with treatment and other critical support services. Current funding expires June 30, 2023. OPD's request would expand capacity in the existing service area and would phase in additional counties over the 2023-2025 biennium.
- **Provide Innovation Grants for counties and cities** to implement creative approaches to improve local public defense services. OPD would award Innovation Grants to local governments based on competitive applications. These would be in addition to current state formula-based grants provided pursuant to Chapter 10.101 RCW.
- Continue corrective action in response to the State v. Blake decision to address thousands of
  unconstitutional drug convictions. Up to 250,000 individuals are eligible to vacate convictions
  and several thousand incarcerated people still must be resentenced in light of Blake's impact on
  criminal history scoring.
- Add 6 OPD-contracted defense social workers to assist attorneys representing indigent parents
  in dependency and termination cases. Defense social workers are a critical component of OPD's
  multidisciplinary approach to help parents reach their legal goals in dependency and
  termination cases. OPD estimates that six more contractors would add defense social work
  services for up to 168 additional parents, including many parents of color, who are
  disproportionately impacted by child removal, dependency filings, and termination of parental
  rights.

- Add a public defense recruitment specialist to help address worsening recruitment challenges
  in the public defense profession, provide technical assistance to counties and cities struggling
  with public defense recruitment/retention, and connect interested candidates to public defense
  opportunities statewide. Cities and counties are struggling to recruit and retain sufficient public
  defense attorneys to represent the number of indigent defendants who have a constitutional
  right to counsel. Attorney shortages have become routine and widespread in other states,
  including Oregon, where many clients are waiting months to receive appointment of counsel.
- Maintain funding to cover fees for electronic access to Superior Court records in the Odyssey system and other online document management systems. OPD-contracted attorneys and agency managers who monitor contract compliance must be able to electronically access court records in order for OPD to ensure the right to counsel in indigent programs funded by the state.
- Support the Washington Defender Association's Incarcerated Parents Project to add a
  paralegal to respond to pro se inquiries, edit and finalize sample pleadings and resources, and
  contribute research assistance. The Incarcerated Parents Project currently provides more than
  300 case consultations each year. A paralegal is needed to avoid excessive response times and
  unnecessary delays in court proceedings for the impacted families.
- Sustain the Washington Defender Association's Redemption Project, which provides training
  and resources for public defense attorneys in the emerging practice area of second look
  resentencing. The Redemption Project launched in 2021 with funding from a federal grant,
  which expires at the end of Fiscal Year 2023. Ongoing state funding would help implement key
  reforms created by the Legislature and the Courts to correct excessive criminal sentences and
  remedy unconstitutional convictions.

In addition, OPD seeks funding for adequate agency staffing, worksite security, and updated IT systems. These requests are critical to maintain basic state agency functions.

The WSBA Council on Public Defense unites members of the bar, the bench, and the public to address new and recurring issues that impact public defense services throughout Washington State. The Council believes quality public defense is essential to a fair legal system and is critical in the fight to reduce racial disparity. This position has been approved through the WSBA's legislative and court rule comment policy and the position is solely that of the Council on Public Defense.

Please fully fund the Office of Public Defense's budget request in the Legislature's upcoming 2023-2025 biennial operating budget.

Sincerely,

Terra Nevitt

**TO:** WSBA Board of Governors

**FROM:** Kyle Sciuchetti, Past President WSBA Board of Governors

Dan Crystal, Program Manager Member Wellness Program

Kevin Plachy, Advancement Department Director

**DATE:** October 19, 2022

**RE:** Request to Establish a WSBA Well-Being Council

**ACTION:** Approve the Formation of a WSBA Well-Being Council

#### Recommendation

We are asking the Board of Governors to establish a standing Washington State Bar Association (WSBA) council to institutionalize the importance of well-being for WSBA members and the broader legal profession in Washington.

#### Background

In fall of 2020, then WSBA President Kyle Sciuchetti began his term by writing in the *Bar News* about the importance of member wellness. This led to formation of an internal workgroup to identify organizational priorities in the area of member well-being. Among the workgroup's conclusions was the recommendation that the WSBA should create a council<sup>1</sup> to focus and center the importance of member wellness within the organization.

Before a council could be formed and appropriately staffed, however, staffing levels for the Member Wellness Program needed to be adjusted. For the last seven years, the Member Wellness Program has been staffed by Program Manager Dan Crystal, who is a part-time employee. The WSBA Connects contract with Employee Assistance Program (EAP) was used to supplement WSBA's own clinical resources. Utilization of WSBA Connects was consistently low in spite of ongoing communications efforts. The workgroup recommended canceling this contract to help fund an additional Member Wellness Program staff-member. The WSBA Connects contract was terminated on November 20, 2021.

With this additional staffing, formation of a Well-Being Council is feasible and appropriate.

#### Other Well-Being Committees

In 2017, the National Task Force on Lawyer Well-Being<sup>2</sup> published *The Path to Lawyer Wellbeing: Practical Recommendations for Positive Change,* which included 44 well-being priorities to address in the legal profession. Since then 26 states have formed committees, and eight states have convened well-being summits or workgroups.

<sup>&</sup>lt;sup>1</sup> According to the WSBA Bylaws (Article IX.C), "Councils are created and authorized by the BOG to serve as advisory committees to the BOG on matters and issues of particular import to the Bar."

<sup>&</sup>lt;sup>2</sup> The National Task Force evolved into the <u>Institute for Well-Being in Law</u> in 2020.

The focus of the WSBA Well-Being Council would be consideration of these priorities for the legal profession in Washington, as well as our own priorities.

Well-being committees review the role of wellness in myriad venues of the legal profession. Some examples of possible committee initiatives proposed in *The Path to Lawyer Wellbeing* include:

- How law firms prioritize the well-being of their employees: clear communication of leave policies, provision of mental health referrals, and in-house wellness offerings.
- Exploring the well-being of the judiciary: making recommendations in terms of social connections among members of the bench, provision of mental health and burnout trainings, and consideration of staffing levels.
- Understanding the primary stressors faced by law students: reviewing the relative availability of mental health care, assessing the culture of drinking and drug use, and recommending trainings on mental health and suicide assessment for future attorneys.
- Understanding the criteria that Professional Liability Insurance Carriers use to evaluate coverage: making recommendations about how mental health disorders are assessed by these institutions.
- Some states have evaluated whether courts' approaches to admissions have negatively evaluated the
  viability of applicant attorneys with a history of mental health problems. Such evaluations could lead to
  recommendations for admissions practice and/or rule revisions.
- Reviewing the methods and manner in which Lawyer Assistance Programs conduct mental health care for attorneys seeking their services. Recommendations have included: provision of group services. Training of peer advisors and provision of continuing education on mental health and wellness.
- Examination of regulatory practices to encourage compassionate treatment of participants.

#### Alignment with WSBA Strategic Goals

The objectives of the Well-Being Counsel live at the center of WSBA's strategic goals, most notably goals 1-4. Goal 1: To provide relevant and valuable resources to help all of its members achieve professional excellence and success, in service to their clients and public, and to champion justice.

The Well-being Council fulfills this objective by surveying the membership about their experience of well-being and providing direct feedback with ideas to improve member fulfillment and engagement with WSBA. Recommendations seek to "evaluate, improve and expand member services programs."

Goal 2: To uphold and elevate the standard of honor, respect and integrity among WSBA members in order to improve public confidence in the legal profession.

A core concept in the promotion of well-being among WSBA members is that without well-being they will struggle to be diligent, competent, and professional.

Goal 3: To promote access to justice and improve public confidence, trust and respect of members of the public in our legal system and bar association.

The healthy, engaged legal professional will improve public confidence in the legal profession.

Goal 4: To promote diversity, equity and inclusion in the legal system and profession

We are seeking council members from diverse backgrounds, including ethnicity, gender, and geographic location. Furthermore, council members will be recruited from small, medium, and large firms; from the judiciary; from law students; from young lawyers; and from the Board of Governors. In addition, two mental health experts will be included to provide a useful alternate lens to evaluate the council's objectives.

#### Objectives for this Council

The recommended council structure will allow two mental health experts to actively participate. Three objectives are identified in the charter:

- The first priority will be to do a thoughtful review of the various domains listed in the *The Path to Lawyer Wellbeing*. This will allow the group to set objectives for which areas will warrant a deeper dive in subsequent Council initiatives.
- A membership survey focused upon member well-being will be a priority. Results will be thoughtfully
  disseminated to the Board of Governors and membership as the Council summarizes its work. This will
  help guide the Council's subsequent objectives.
- Members will be invited to share their lived experiences involving well-being challenges they have faced. Council members will be asked to demonstrate their respect and empathy for the struggles legal practitioners face. These listening sessions are not designed to provide remedy, but they may influence the objectives the Council chooses to focus upon.

#### WSBA Risk Analysis

#### GR 12

Creating a Well-being Council is authorized by GR 12.2(a)(4)-foster and maintain high standards of competence, professionalism, and ethics among its members and is not prohibited by GR 12.2(c). The proposed charter does not authorize the Council to take positions on political or social issues and the work of the council is closely related to the practice of law and the administration of justice.

#### Potential Issues for Discussion

1. Respect Regulatory Boundaries. This is a Council created by the Board of Governors (Board). The Admission and Practice Rules, Rules for Enforcement of Lawyer Conduct, Rules for Enforcement of Limited License Legal Technician Conduct, and Rules for Enforcement of Limited Practice Officer Conduct prohibit the Board from reviewing individual recommendations and decisions in regulatory matters. The Board should carefully review the proposal to make certain this boundary is respected. In some other states, these Councils are co-chaired by a Justice of the state supreme court. This proposal has a non-voting seat for a Washington Supreme Court Justice. The Board may wish to discuss the optimal role of court in this Council or seek input from the Court prior to acting on this proposal.

2. Member Input on Challenges Experienced. Council meetings will be public, including statements made by individuals describing their experiences and struggles. It is possible that these statements could be used by others in the grievance process. The Board may wish to discuss whether a process approved by the Board that creates statements used in the grievance process creates an issue and ways that this can be mitigated. These statements may also be used by others in civil litigation.

#### **Equity Analysis**

Creating a Well-Being Council focused on member wellness will likely promote inclusion and equity in the legal profession particularly given disparities in mental health and other issues that impede wellness for people of color, people from the LGBTQ2S+ community, people with disabilities, and others with intersecting social identities.

#### **Fiscal Analysis**

The fiscal impact for the formation of this council will be relatively minimal. Our current staff will liaison to the council, so no staff additions will be necessary. Direct costs to support the work of the council are not expected to exceed \$2,000.00 annually and would largely include costs to meet in person occasionally.

#### **Action Requested**

We have enclosed the proposed charter for the WSBA Well-being Council in the materials. We thank the Board of Governors for its consideration of our recommendation and ask that the Board approve the formation of a WSBA Well-Being Council and the proposed charter.

Respectfully submitted,

Kyle Sciuchetti, Past President, WSBA Board of Governors Dan Crystal, Member Wellness Program Manager Kevin Plachy, WSBA Advancement Department Director

### **Well-being Council DRAFT CHARTER**

#### **Background**

In light of increasing levels of addiction, depression, suicide, and other mental health problems in Washington's legal community, the Well-being Council seeks to understand the sources of these challenges, listen to WSBA members describe their struggles, and ultimately recommend healthy remedies for the legal profession.

The foundational document for this Council is the <u>The Path to Lawyer Well-Being: Practical</u> <u>Recommendations for Positive Change</u>, authored by the National Task Force on Lawyer Well-Being, a coalition of organizations including the National Organization of Bar Counsel (NOBC), the Association of Professional Responsibility Lawyers (APRL) and the <u>American Bar Association's Commission on Lawyer Assistance Programs</u> (COLAP). Following publication of the report in 2017, both the ABA and the Conference of Chief Justices passed Resolutions urging all states to review and consider the Report's 44 recommendations. As a result, a national movement began, with Well-being Committees formed in 26 states and Well-being conventions or "summits" held in another eight states.

The National Task Force evolved into the <u>Institute for Well-Being in Law</u>, a non-profit organization, in December 2020. The Institute is dedicated to the betterment of the legal profession by focusing on a holistic approach to well-being. Through advocacy, research, education, technical and resource support, and stakeholders' partnerships, the Institute is leading a culture shift in law to establish health and well-being as core centerpieces of professional success.

The WSBA Well-being Council will follow the Institute's lead, with the goal of making recommendations that enhance the well-being of the legal profession in Washington as well as the effectiveness of the WSBA Member Wellness Program.

#### **Council Objectives**

#### 1. Best Practices for Well-being in the Legal Profession

The group will adopt a best practices approach in analyzing the 44 points raised in the *Path to Lawyer Well-Being*. Some examples of the points raised in that report include an analysis and understanding of how well-being can be prioritized at law firms, law schools, member wellness programs, judicial assistance programs; addiction communities; professional liability insurance carriers; and professional regulatory systems, <sup>1</sup> among myriad other realms.

In their assessment of best practices, teams of council members will work with various legal-profession stakeholders within Washington State. Input will also be sought from Well-being

<sup>&</sup>lt;sup>1</sup> In adopting this Charter, the Board of Governors recognizes that Washington State's professional regulatory systems for legal practitioners are created by and answerable to the Washington Supreme Court exclusively. To the extent the Council has ideas or recommendations that would implicate regulatory processes, procedures, policies, or rules, the Council should work collaboratively with the pertinent stakeholder(s) and direct any recommendations to the appropriate regulatory staff or Board, the Disciplinary Advisory Round Table, and/or the Supreme Court.

Committees in other states. The Council will work with stakeholders to evaluate, recommend, (as appropriate) implement, and evaluate well-being best practices throughout the legal profession in Washington.

#### 2. Assessment of Member Well-being

Within the Council's first year, a survey will be designed to solicit feedback from the membership to help guide the Council's priorities. Areas of inquiry will include: the relative well-being of members; identification of challenges in legal practice; the incidence of mental health problems; as well as suggestions for the Council. Ongoing feedback will be solicited at periodic intervals through various channels, including surveys, focus groups, and other forms of interactions with members. Analysis of this information will be shared with the WSBA Board of Governors, the membership, and the Washington legal community.

#### 3. Membership Input

Taking a concerned and empathetic stance, the Council will host listening sessions for legal professionals. The purpose of these sessions is to inform the Council about well-being challenges legal professionals have faced in the practice of law, at law firms, at law schools, and in interactions with the Washington State Bar Association, including but not limited to diversity and equity stressors, student loan challenges, balancing work and family life, and other concerns. Membership input, along with the other forms of feedback referenced in paragraph 2, will inform the Council's recommendations to address well-being challenges facing WSBA members and the broader legal profession.

In furtherance of these objectives, the Council seeks to gather and synthesize information from three key sources to inform policy and operational decision-making: feedback from the WSBA membership; approaches taken by well-being committees in other jurisdictions; and the lived experience of WSBA members who have faced well-being challenges in their careers.

#### **Timeline**

Virtual meetings will be held monthly (with some in-person opportunities for relationship-building), or at intervals as determined to be appropriate by the Chair. The Council will provide a written report to the Board on an annual basis. If urgent issues arise, the Council may report to the Board on an interlocutory basis.

#### Composition

The Council shall consist of nine voting members and two non-voting judicial members. Council membership criteria is explained in the appendix below. Unless otherwise stated, members of the Council shall be nominated per WSBA policy and procedures, and shall consist of the following:

- Chair (voting)
- 1 Current or Former BOG Member (determined through Presidential appointment, voting)
- 4 Active WSBA Members (voting)
- 1 Member of the State Supreme Court (determined by the WA Supreme Court, non-voting)
- 1 Adjudicative Officer in Washington State (non-voting)
- 1 Law School Representative (student or employee; voting)
- 2 Public Members (voting).

#### **Nominations and Appointment**

The Executive Director will designate WSBA staff liaison(s). Council nominations will be confirmed by the Board of Governors in accordance with WSBA Bylaws Art. IX(C)(1-6).

#### **Terms**

The Chair will serve a two-year term. In order to create staggered terms among council members, members will be appointed for one, two and three year terms. Thereafter, all terms will be two years. Members can serve two consecutive terms. At that point they would be required to spend a year away from the council before resuming participation.

#### **Council Evaluation**

The Well-being Council should conduct an assessment within five years from the date of approval of this Charter and report the results of that assessment to the Board of Governors. The assessment will (1) evaluate the scope and efficacy of the Council's achievements, and (2) examine whether the Council should continue as an ongoing WSBA entity.

#### **APPENDIX**

Membership on the Council will be determined through multiple criteria. In choosing the members the chair and liaisons will prioritize each of the following criteria.

#### Representation from Law Firms of Varying Sizes and Settings

We are seeking participation from lawyers from various venues of the legal profession. Solo attorney participation will be important to prioritize the pressure they face in running their business, marketing, and having support staff to help manage their client base. Private lawyers in mid-size or large firm settings face very different wellness challenges in keeping up their billable hour requirements and responding to management pressures upon their performance. Civil legal aid and public defenders face challenges of secondary trauma from working with clients who experience poverty and other forms of oppression. Additionally, government attorneys face challenges with unique bureaucratic responsibilities and in house counsels face the demands of the companies they support.

#### Years of Bar Licensure

Early career attorneys face major pressures as they adapt to a profession that they were typically not trained for in law school. Mid-career attorneys often struggle with transitioning to a more hospitable work environment or to use a skill set more to their liking. Late career attorneys handle the question of when to retire and to manage, in some cases, changes in mental capacity.

#### Experience or Interest in Well-Being

The council is seeking attorneys with an interest in enhancing the wellbeing of the legal profession. Those who have original insights into what they think lawyers are needing to feel more engaged and at ease will be prioritized. Those with volunteer experiences or connection to mental health venues will also be an asset.

#### Non-Legal Professional Members Working in Mental Health

We are seeking experienced mental health professionals who also have familiarity with the legal profession. It will be helpful to utilize their expertise to inform the council's decision making.

#### Diversity, Equity, and Inclusion

Including voices of people from communities who are marginalized (e.g., people of color, people from the LGBTQ2S+ community, people with disabilities) is vital to advancing diversity, equity and inclusion particularly given that these communities disproportionately experience mental health challenges and other wellness-related issues due to historical and ongoing marginalization, discrimination, access to healthcare, and other reasons. Thus, it is imperative that this council includes their voices in directing its work. Staffing a diverse, inclusive, and equitable council is a top priority.

#### Geographic Diversity

Including voices from throughout Washington is important to be sure that wellness issues found in other regions of Washington are sought and prioritized. We seek to address the issues found in rural population centers or the differing issues found in other urbanities throughout the state. Including members throughout the state is made easier today through more remote participation options.

**RE:** 2023 WSBA Legislative Review Committee Recommendations

**ACTION:** Sponsor a proposal for 2023 Bar-request legislation as recommended by the WSBA Legislative Review Committee.

#### **Background**

The WSBA Legislative Review Committee serves as the vetting ground for legislative proposals that are presented to the Board of Governors each November. The Committee is composed of up to 35 members of the WSBA and includes representation of members' practice areas, and diversity in, among other things, age, gender, race, and geography. The Committee represents the interests of the broader bar membership, not any one perspective or practice area within the bar. The WSBA Legislative Review Committee does not propose legislation of its own; rather, these proposals typically come from a WSBA entity, mainly Sections. The Committee's primary task is to determine that a proposal (1) meets the requirements of GR 12.2 and (2) has been appropriately vetted both internally and externally of the WSBA.

The Committee met on October 20, 2022 to discuss a legislative proposal for the 2023 legislative session. First, the Committee voted unanimously that proposed amendments regarding record dates, merger and share exchanges, and other miscellaneous provisions in Washington's Business Corporation Act (WBCA) presented by the Business Law Section's Corporate Act Revision Committee (CARC) met the requirements of GR 12.2. Then, the Committee voted unanimously to recommend sponsorship of this proposal to the Board of Governors.

#### Overview:

The WSBA Legislative Review Committee (Committee) recommends the Board of Governors (BOG) sponsor the following proposal for Bar-request legislation during the 2023 legislative session.

#### Returning and new legislation - Action Requested

 Proposed amendments regarding holding company reorganization transactions, stock splits, and miscellaneous provisions in the WBCA. (Committee approved unanimously)

#### Proposed amendments to Washington's Business Corporation Act.

#### Section draft development:

The proposed amendments to the WBCA were drafted by CARC. CARC is a committee of the WSBA's Business Law Section with approximately 15 members consisting of corporate attorneys practicing at large and smaller local law firms in the state, in-house counsel at Washington corporations, professors of law at both local law schools, and representatives of the Washington Secretary of State's office. CARC was instrumental in the development of the WBCA adopted in 1989. CARC is primarily responsible for ensuring that the WBCA remains up to date, and

continuously considers the need for changes to the WBCA in light of developments in corporate and securities laws and practices, judicial decisions, and regulatory actions.

The changes were originally drafted by CARC members and presented to the committee for its consideration beginning in late 2021. After deliberations and multiple revisions over the course of several meetings, CARC approved the proposed changes in the first half of 2022. The Executive Committee of the Business Law Section approved the proposed changes in its meeting held on September 21, 2022.

#### **Background and Summary:**

CARC's proposed changes to the Washington Business Corporation Act, Title 23B of the Revised Code of Washington (WBCA), relate to two general topics: holding company reorganization transactions and stock splits.

The proposed amendments would:

- Amend the WBCA (RCW 23B) to add a provision enabling Washington corporations to effect holding company reorganization transactions without obtaining shareholder approval or triggering dissenters' rights;
- Amend Chapter 6 of the WBCA to clarify the mechanics for effecting forward and reverse stock splits and make correlative changes in other sections; and
- Amend Chapter 11 of the WBCA to clarify when shareholder approval of a plan of merger or share exchange is not required.

More detail on the proposed changes is included in CARC's memo to the Committee.

CARC believes there will be no fiscal impact will result from the proposed changes.

#### **Brief statement of need:**

CARC continues to review the WBCA and propose changes designed to both modernize the WBCA where appropriate and to align the WBCA with the Model Business Corporation Act (2016 Revision) and desirable changes to the Delaware General Corporation Law. CARC believes the proposed changes would (1) help achieve this objective, (2) clarify ambiguous or eliminate unnecessary provisions, and (3) help Washington business law practitioners in advising Washington corporations.

RE: Proposed Changes to Washington Business Corporation Act for 2023 Legislative

Session (Holding Company Reorganizations; Stock Splits)

This memorandum summarizes proposed changes to the Washington Business Corporation Act, Title 23B of the Revised Code of Washington (WBCA), relating to two general topics:

Holding company reorganization transactions (summarized in Section A of this memorandum);

Stock splits (summarized in Section B of this memorandum).

CARC is also proposing some minor technical clarifications that are unrelated to these topics, and which are summarized in Section C of this memorandum.

#### A. <u>Enabling Holding Company Reorganization Transactions</u>

A holding company reorganization is a transaction in which a new parent corporation becomes the sole shareholder of an existing corporation (typically an operating company), through a merger process involving a third affiliated corporation formed solely to effect the reorganization. The end result is that the shareholders of the original operating company become shareholders of the new holding company, and the operating company becomes a wholly-owned subsidiary of the new holding company.

This transaction is a useful mechanism by which corporations facilitate the future disposition of corporate assets, better match asset ownership with asset management, or provide greater protection against liability exposure between operating subsidiaries.

The current merger provisions of the WBCA require shareholder approval and provide for dissenters' rights for these transactions. This makes it more difficult and costly for Washington corporations to enter into holding company reorganization transactions, placing Washington corporations at a relative disadvantage to those in Delaware, where corporations have been empowered to create new holding companies without shareholder approval and without triggering dissenters' rights.

Like the current WBCA, the Model Business Corporation Act, on which the WBCA is based, requires shareholder approval and provides for dissenters' rights for holding company reorganization mergers. However, several states (including some Model Act states) have adopted holding company reorganization provisions substantially similar to Delaware's holding company statute, including Florida, Minnesota, Missouri, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, and Texas.

CARC recommends Washington follow Delaware's lead and is proposing to add a holding company reorganization merger provision modeled after Delaware's provision, which would enable Washington

corporations to enter into these transactions without obtaining shareholder approval or triggering dissenters' rights.

To accomplish a holding company reorganization under the proposed new provision, an *existing* corporation (referred to as the "parent constituent corporation") forms a direct wholly-owned subsidiary (referred to as the "holding company") and a second corporation that is a direct wholly-owned subsidiary of the newly formed holding company (referred to as the "subsidiary constituent corporation"). The reorganization transaction is effected when the parent constituent corporation merges with or into the subsidiary constituent corporation, and as a result of the transaction the holding company ends up as the parent of the surviving corporation. As long as the requirements of the new provision are met, the transaction is not subject to approval by the parent constituent corporation's shareholders, nor does it give rise to dissenters' rights under Chapter 13 of the WBCA.

The proposed provision includes important protections (consistent with Delaware's statute), such as the following:

- The parent constituent corporation and the other constituent corporation must all be Washington corporations;
- The parent constituent corporation and the subsidiary constituent corporation are the only parties to the transaction;
- Each share of the parent constituent corporation is converted into a share of the holding company having the same designations and relative preferences, rights and limitations;
- The organizational documents of the surviving corporation must contain provisions that
  would preserve the rights of the parent constituent corporation's shareholders to approve
  transactions that would have required shareholder approval had the holding company
  reorganization not taken place;
- The directors of the parent constituent corporation remain the directors of the holding company immediately after the transaction; and
- The shareholders of the of the parent constituent corporation will not recognize gain or loss for United States federal income tax purposes as a result of the transaction.

These protections are designed to ensure that the shareholders of a corporation undergoing a holding company reorganization retain the same shareholder rights and the same percentage ownership of the holding company as they did prior to the reorganization transaction.

The proposed new holding company reorganization provision is shown in Appendix A.

#### B. Clarification of Stock Splits

A forward stock split occurs when a company issues additional shares of stock to its current shareholders, increasing the total number of outstanding shares by a specified ratio based on the shares they held previously, and as a result, proportionally decreasing the per share price or value of the stock. Companies often undergo forward stock splits when the per share price of its stock is quite high, making it less expensive for investors to acquire new shares, or to result in greater liquidity for the stock.

A reverse stock split is the opposite of a forward stock split. A company carrying out a reverse stock split decreases the number of its outstanding shares, and as a result the share price or value per share increases proportionately. As with a forward stock split, the overall market value of the company after a reverse stock split remains the same.

Washington corporations historically have engaged in both forward stock splits and reverse stock splits. However, the WBCA generally does not explicitly address stock splits (either in regard to mechanics, record dates or related matters). Subsection (4) of Section 23B.10.020, a provision that authorizes an amendment to the articles that effects a forward or reverse stock split that is approved by the board alone (assuming the corporation has only one class of stock outstanding), is the only place in the WBCA that touches on the mechanics of a stock split. Although that section implies that stock splits require an amendment to a corporation's articles of incorporation, CARC believes that some practitioners are not necessarily aware that a forward stock split (in contrast to a stock dividend, which involves the distribution of authorized but unissued shares as a dividend on outstanding shares) and a reverse stock split can only be effectuated through an amendment to the articles or incorporation. Moreover, nothing in the WBCA addresses record dates for stock splits.

Neither Delaware corporate law nor the MBCA substantively address the mechanics of forward and reverse stock splits or other important ancillary issues like record dates. However, CARC believes it would be helpful to Washington corporations, boards of directors, shareholders and legal practitioners to address forward and reverse stock splits more comprehensively in the WBCA. For example, CARC believes the WBCA should be clearer that a forward or reverse stock split is effectuated by means of an amendment to the articles of incorporation, as well as how the record date for a stock split is determined.

Accordingly, CARC is proposing a number of changes to the WBCA regarding stock splits, including (1) adding definitions of "forward stock split" and "reverse stock split"; (2) adding a new section governing stock splits that clarifies the mechanics for implementing a stock split; and (3) make certain non-substantive corresponding changes to Sections 23B.10.020(4) and 23B.06.210.

The proposed changes to the WBCA to clarify stock splits is shown in <u>Appendix B</u> and are marked against the current version of the relevant sections of the WBCA.

#### C. <u>Technical Clarifications</u>

CARC is proposing some minor technical changes to Section 23B.11.030 that would clarify when shareholder approval of a plan of merger or share exchange is not required. These proposed changes, shown in Appendix C, are consistent with other provisions of the WBCA regarding shareholder approval.

#### **APPENDIX A**

Proposed new section of the WBCA to enable holding company reorganization transactions.

#### 23B.11.[090]. MERGER TO EFFECT A HOLDING COMPANY REORGANIZATION

- (1) As used in this section:
- (a) "Holding company" means the corporation that is or becomes the direct parent of the surviving corporation of a merger accomplished under this section and whose capital stock is issued in that merger;
- (b) "Parent constituent corporation" means the parent corporation that merges with or into the subsidiary constituent corporation in the merger; and
- (c) "Subsidiary constituent corporation" means the subsidiary corporation that the parent constituent corporation merges with or into in the merger.
- (2) Unless the articles of incorporation provide otherwise, a parent constituent corporation may merge with or into a single indirect wholly owned subsidiary of the parent constituent corporation without the approval of the plan of merger by the shareholders of the parent constituent corporation if:
  - (a) The plan expressly permits or requires the merger to be effected under this subsection;
- (b) The holding company and the constituent corporations to the merger are each organized under this title;
- (c) At all times from its incorporation until consummation of a merger under this section, the holding company was a direct wholly owned subsidiary of the parent constituent corporation;

- (k) The shareholders of the parent constituent corporation will not recognize gain or loss for United States federal income tax purposes as a result of the merger, as determined by the board of directors of the parent constituent corporation.
  - (3) The holding company must, promptly after the effective date of a merger effected under subsection (2) of this section, notify each person who was a shareholder of the parent constituent corporation as of the date the board of directors approves the merger that the merger has become effective. The notice must contain or be accompanied by a copy of the plan of merger or a summary of the material terms and conditions of the merger and the consideration to be received by those shareholders.
- (4) To the extent restrictions under chapter 23B.19 RCW applied to the parent constituent corporation or any of its shareholders at the effective time of the merger, those restrictions apply to the holding company and its shareholders immediately after the merger becomes effective as though the holding company were the parent constituent corporation, and all shares of stock of the holding company acquired in the merger will, for the purposes of chapter 23B.19 RCW, be deemed to have been acquired at the time that the corresponding shares of stock of the parent constituent corporation were acquired. No shareholder who, immediately before the merger becomes effective, was not an acquiring person of the parent constituent corporation will, solely by reason of the merger, become an acquiring person of the holding company.
- (5) To the extent a shareholder of the parent constituent corporation immediately before the merger was eligible to commence a proceeding in the right of the parent constituent corporation in accordance with RCW 23B.07.400, nothing in this section is deemed to limit or extinguish that eligibility.
- (6) Except as provided in subsections (2), (3), (4), and (5) of this section, a merger between a parent constituent corporation and a subsidiary constituent corporation is governed by the provisions of this chapter applicable to mergers generally.

#### WASHINGTON STATE BAR ASSOCIATION

**TO:** WSBA Board of Governors

**CC:** Terra Nevitt, Executive Director

FROM: Lauren Boyd, BOG Legislative Committee Chair; Sanjay Walvekar, WSBA Legislative Affairs Manager

DATE: November 4, 2022

**RE:** 2023 WSBA Legislative Priorities

**ACTION:** Approve the 2023 Legislative Priorities for the upcoming legislative session.

#### Background

Each year, the BOG Legislative Committee Chair and the WSBA Legislative Affairs team propose legislative priorities for consideration and approval by the BOG. These priorities are longstanding, and the priorities document is primarily used to inform legislators of the WSBA's focus areas during the legislative session. The WSBA and its entities are allowed to engage in the legislative process if issues are related to the practice of law and/or the administration of justice (GR 12.2). The 2023 WSBA Legislative Priorities seek to make improvements to the practice of law and administration of justice that ultimately benefit both members of the public as well as legal professionals across the state. The genesis of these priorities is tied directly to the WSBA Guiding Principles and GR 12.2. These include supporting access to justice, increasing public understanding of Washington's justice system, and supporting a fair and impartial judiciary.

  - o Enhance statewide civics education;
  - o Provide funding for the state's court system; and
  - o Provide funding for civil legal aid services through general-fund state dollars.
- Monitor and take appropriate action on legislative proposals that would:
  - o Increase existing court user fees;
  - o Alter court rules and/or the structure of the state's judicial branch; and
  - o Other items of significance to the practice of law and administration of justice.

In July 2022, a small working group comprised of Gov. Boyd, Gov. Stephens, and HR Director Klinefelter Sio worked with FIT HR Consultants to begin planning the Executive Director evaluation. In September 2022, the BOG received an update on this work and agreed the Personnel Committee will present a recommendation for the evaluation's implementation and execution.

The Personnel Committee met on October 17, 2022 and recommends the following for BOG consideration and approval:

#### The evaluators will consist of:

- The Executive Director (self-review)
- The current Executive Leadership Team

#### Executive Director Performance Review - Pilot Version

#### Overview

The Executive Director Performance Review has two sections:

- 1. *Goals, Responsibilities, and Projects* This section captures what the ED is/was expected to accomplish during the review period
- 2. Knowledge, Skills. and Abilities This section captures critical capabilities associated with the role.

Both of these sections have several important areas to help guide your input and facilitate meaningful feedback to the Executive Director:

- specific area definitions or behaviors to help you focus on a critical component of the ED role,
- a rating scale to capture your overall assessment of the area including a "Cannot Rate" option for use when you have no exposure to the ED's performance in the area, and
- a text box where you can augment your rating in narrative form.

Once you and your colleagues complete the performance review, your responses will be combined with those of your peers and shared with the BOG to review with the Executive Director.

Thanks in advance for your thoughtful responses!

#### WASHINGTON STATE BAR ASSOCIATION

**TO:** WSBA Board of Governors

**CC:** Terra Nevitt, Executive Director

FROM: Paris Eriksen, Volunteer Engagement Advisor

**DATE:** October 17, 2022

**RE:** Outgoing Governor Responsibility regarding recruitment

**DISCUSSION**: What role should current members of the Board of Governors play in recruitment for Board positions as outlined in the *Roles and Responsibilities* policy?

In accordance with the *Addendum to Governor Responsibilities* document (amended January 2022), each Board member with terms expiring have the responsibility to chair a small committee of members to recruit for individuals to apply to serve on the Board of Governors. Board members who plan to seek reelection may recuse themselves from such responsibility.

Over the past few years, there has been discussion about the process for recruitment new Board members and the role that current Board members should play in that process. At its October 7 meeting, the BOG Executive Committee recommended this policy be brought to the Board for discussion.

#### **Background**

#### Definition of Recruitment

In From the Top Down: The Executive Role in Successful Volunteer Involvement author Susan J. Ellis defines recruitment as, '(...) the process of inviting people to give their time and energy to your organization. The best recruitment is targeted to the audiences most likely to have the skills and interests to match available volunteer position descriptions.'

#### Purpose of Recruitment

According to BoardSource, 'nothing is more important to the health and sustainability of your organization than getting highly qualified and enthusiastic people to serve on your board (...) because the job of building a board is about more than just filling slots. It is about finding leaders who have skill sets and perspectives that align with your organization's strategies, goals, and needs.' When done well, recruitment efforts help ensure that potential board members are informed about the organization and its mission, the role of the Board, the responsibilities of each governor, and the time commitment required. Recruitment can also help applicants understand the board culture, skill sets and experiences that might be useful, and how they can contribute to the current and ongoing needs and priorities of the organization. Without this groundwork and background, board members can feel frustrated or disappointed with their experience, which can in turn lead to disengagement.

#### Role of Board Members

Board members are among the best positioned to educate potential board members about what to expect when serving on the Board and as ambassadors of the Bar, some role in recruitment (informal or formal) appears to be embedded within the responsibilities of the Board. On the other hand, without a thoughtful approach, informal recruitment might negatively impact the diversity of the Board and give the appearance of a predetermined outcome.

#### Practice of Other Bar Associations

Many unified bars address governance and volunteer recruitment in their bylaws, articles of incorporation or other governing documents. The Hawaii, Louisiana, Maine, Mississippi, Nebraska, Oregon and Rhode Island bars all use a nomination (or equivalently named) committee for governance purposes. The Alabama State Bar's 2021-2022 Governance and Internal Operations Task Force published their annual report recommending the Board of Bar Commissioners should 'consider creating a board development committee designed to encourage a more diverse and competent board in elected as well as appointed positions.'

Several unified state bar do not establish nominations/governance entities in their governing documents including Alaska, Arizona, Florida, Georgia, Idaho, Kentucky, Michigan, Missouri, Montana, Nevada, New Hampshire, New Mexico, North Dakota, Oklahoma, South Carolina, South Dakota, Texas, Utah, Virginia, West Virginia, Wyoming and Wisconsin.

All of the above require a certain number of petition signatures as part of the eligibility criteria for candidates. Some of the above have Nominating Committee for Officer positions only.

#### **Governor Responsibilities**

Governors are the fiduciary of WSBA assets. These assets include cash and investments, the organization's good name and the organization's goodwill with members. Assets must be managed under a "good faith/prudent care/best interests" standard. Meeting this standard includes the exercise of sound business principles, attendance at meetings and the exercise of due diligence in making decisions affecting the organization's assets.

The office of governor is a three-year commitment from October through the end of September three years later. Governors may only serve one term unless the initial term is 18 months or less.

A director acts as part of a board. Anyone serving as a director of a corporation must be aware of what a director is — and isn't. As a body, a board of directors has considerable powers. In most corporations the board plays a substantial part in the beginning or end of any corporate activity, and the board appoints or removes corporate agents, executives, and officers. In contrast, an individual director, acting alone, has almost no power: rather each director exerts her or his power as one participating in the board of directors. (Guidebook for Directors of Nonprofit Corporations)

It is expected that a governor will:

- Participate in the New Governor Orientation Program.
- Attend seven BOG meetings per year generally all day Thursday through Friday morning.
- Be a member of two to three BOG committees and some special committees (serve as chair on some generally in the third year).
- On a rotating basis with other governors, attend various law-related events such as annual dinners, award events, special events, etc.
- Be a liaison and attend key meetings for three to five WSBA sections, standing committees and other boards or commissions as assigned by the president.
- Occasionally represent the WSBA for public speaking and appearances.
- Using WSBA electronic distribution groups, communicate periodically with constituents.
- Establish contact and maintain relationships with local bar associations in their congressional district.
- Be a WSBA-BOG liaison to minority or specialty bar association(s).
- Attend section and committee orientation meetings at the WSBA.
- Approve the hiring of the executive director.
- Assist with the recruitment and orientation for a replacement governor and president when in their district.
- Conduct leadership recruitment and recommend constituents for appointments.
- Appoint standing committee members annually.
- Maintain the confidentiality of information discussed in executive sessions.
- Refrain, as required by the WSBA bylaws, from endorsement of political candidates for offices reserved for lawyers.

Most governors find that they can meet these commitments in about 40 hours a month.

#### **ADDENDUM to GOVERNOR RESPONSIBILITIES**

#### **Excerpt of the WSBA President and Governor Selection Task Force Report**

(Adopted by the Board of Governors in April 2006) (Amended by the Board of Governors in January 2022)

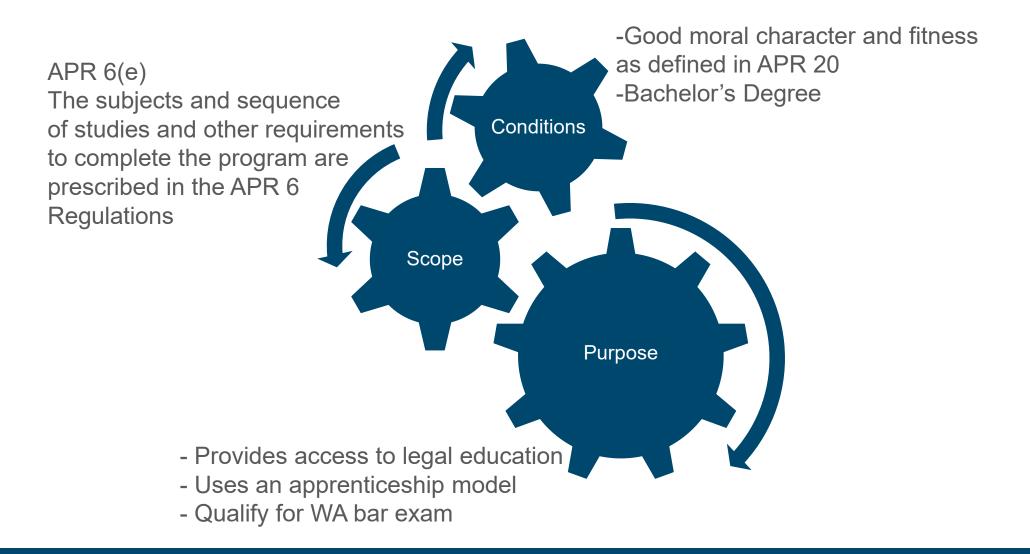

- Assign to each Governor whose term is expiring and whose position will be filled by the
  election of a successor, the responsibility to chair a committee of not more than 5 persons
  to recruit 2 or more candidates to file for the position.
  - Diversity among committee members is desired, and might include, <u>inter alia</u>, former Governors from that district, local bar presidents or officers, and representatives of minority and specialty bars.
  - The outgoing Governor should be reminded by the Executive Director, or her delegate, of this responsibility not later than November 1 of the Governor's third year.
  - The outgoing Governor should report on the work of his or her recruiting committee at the January BOG meeting.
  - Any outgoing Governor intending to run for a second term, shall recuse themselves from the position of Chair.
- Immediately upon receipt of the application, post on the WSBA website the name and district of each individual who files for election to the BOG.
- Make available to each candidate for the BOG, without charge and for a one-time use only, the ability to contact all members residing in the candidate's district by e-mail and by direct mail. For example, direct mail contact could be accomplished through providing address labels, or by including candidate flyers in the balloting material, while e-mail contact could be accomplished by WSBA forwarding candidate messages to all district members.
- Develop a description of the duties and responsibilities of a member of the BOG, the time commitment, representative issues that come before the Board for decision, and the rewards and satisfaction of service on the Board of Governors, and publicize the information to the WSBA membership prior to the deadline for each BOG election.
- Set up a direct outreach system to local and specialty bars to assist in recruiting candidates for the BOG.

# **LAW CLERK TUTORS**FROM MASTERY TO LEGACY

# Pass on your legal knowledge and practical experience to an aspiring lawyer

Law school is simply too high a financial or geographic barrier for many aspiring lawyers, so **Washington's Law Clerk Program** creates an alternative pathway to the practice of law. The program relies on experienced lawyers and judges to tutor Law Clerks through specified coursework for four years, at which point the Law Clerk is qualified to apply to sit for the lawyer bar exam.

Law Clerk tutors often say they get as much benefit as they give. They open career paths for diverse, deserving future colleagues. They provide legal opportunity and expanded service in their own communities. And they move from mastery of the subject they love—law—to building a legacy by passing on their practice expertise.

Re: Foundation Annual Report of Activities for FY22

The Washington State Bar Foundation's mission is to provide financial support for the programs of the Washington State Bar Association that promote diversity within the legal profession and enhance the public's access to, and understanding of, the justice system. The Foundation is separately incorporated as a Washington state nonprofit, and is recognized as a public charity under section 501(c)(3) of the Internal Revenue Service Code.

The Foundation is a membership organization comprised solely of the sitting members of the Board of Governors. The Foundation Bylaws require that the Foundation President present an annual report to the Members within ninety days after the close of each fiscal year, which ends September 30. This report is an opportunity for the members to learn about the Foundation's activities, priorities and direction.

#### **Highlights**

- The Foundation hosted **Powerful Communities Project** grant recipients at Foundation Board meetings, where they shared details of their experiences with these programs.
- In a return to live events, the Foundation hosted a **reception** in Spokane in May with members of the legal community, including several members of the Board of Governors.
- Via the WSBA Justice & Diversity Opportunities Fund, which is intended to enhance WSBA's credibility and visibility in access to justice and diversity communities, the Foundation supported the Washington Attorneys with Disabilities Association scholarship, and provided support for The Judicial Institute's annual event at Seattle University, the YMCA Youth & Government mock trial program, and OneAmerica's annual celebration.

#### **Fundraising Highlights**

- **5,919** Washington legal professionals (14%) made a voluntary contribution to the Foundation on their license forms, indicating their support for WSBA's equity and justice efforts. This was the seventh consecutive year of fundraising growth in this campaign.
- The Foundation served as fiscal sponsor for the **Access to Justice Board** for a \$40,000 Race Equity Grant from the Legal Foundation of Washington, in support of its Community Advisory Panel.

#### **Program Highlights**

The following program achievements were made possible in part with support from the Foundation. The Foundation has so far designated \$305,000 to WSBA equity and justice programs and Powerful Communities Project grants for FY23, with additional funds possible once the fiscal year closes.

Page 1/2 124

- The **Powerful Communities Project** completed its fourth year, bringing the total amount awarded to \$133,897 and the number of grantees to 49. This critical program helps ensure people from underserved and underrepresented communities across Washington are able to get legal assistance. These grants are paid directly by the Foundation.
- The WSBF, the Council on Public Defense, Diversity Committee and Civil Rights Section partnered with WSBA to present a film screening of "Crime on the Bayou" followed by a panel discussion.
- The **Moderate Means Program** continued to refer family, housing, consumer law, and unemployment benefit cases to help moderate income families, many of which have been deeply affected by the COVID crisis.

#### **Conclusion and Look Ahead**

The Foundation enters FY23 with a dedicated Board of Trustees representing a diverse cross-section of the profession and the community. We are always exploring ways to connect with current and potential donors. WSBA members and private donors continue to be generous to the Foundation, for which we are grateful. Connecting the impacts of WSBA programs with gifts to the Foundation will continue to help us grow support for WSBA's equity and justice goals.

# GR 12.4 WASHINGTON STATE BAR ASSOCIATION ACCESS TO RECORDS

- (a) Policy and Purpose. It is the policy of the Washington State Bar Association to facilitate access to Bar records. A presumption of public access exists for Bar records, but public access to Bar records is not absolute and shall be consistent with reasonable expectations of personal privacy, restrictions in statutes, restrictions in court rules, or as provided in court orders or protective orders issued under court rules. Access shall not unduly burden the business of the Bar.
- (b) Scope. This rule governs the right of public access to Bar records. This rule applies to the Washington State Bar Association and its subgroups operated by the Bar including the Board of Governors, committees, task forces, commissions, boards, offices, councils, divisions, sections, and departments. This rule also applies to boards and committees under GR 12.3 administered by the Bar. A person or entity entrusted by the

Bar with the storage and maintenance of Bar records is not subject to this rule and may not respond to a request for access to Bar records, absent express written authority from the Bar or separate authority in rule or statute to grant access to the documents.

- (c) Definitions.
  - (1) "Access" means the ability to view or obtain a copy of a Bar record.
- (2) ) "Bar record" means any writing containing information relating to the conduct of any Bar function prepared, owned, used, or retained by the Bar regardless of physical form or characteristics. Bar records include only those records in the possession of the Bar and its staff or stored under Bar ownership and control in facilities or servers. Records solely in the possession of hearing officers, non-Bar staff members of boards, committees, task forces, commissions, sections, councils, or divisions that were prepared by the hearing officers or the members and in their sole possession, including private notes and working papers, are not Bar records and are not subject to public access under this rule. Nothing in this rule requires the Bar to create a record that is not currently in possession of the Bar at the time of the request.
- (3) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation in paper, digital, or other format.

- (d) Bar Records--Right of Access.
- (1) The Bar shall make available for inspection and copying all Bar records, unless the record falls within the specific exemptions of this rule, or any other state statute (including the Public Records Act, chapter 42.56 RCW) or federal statute or rule as they would be applied to a public agency, or is made confidential by the Rules of Professional Conduct, the Rules for Enforcement of Lawyer Conduct, the Admission to Practice Rules and associated regulations, the Rules for Enforcement of Limited Practice Officer Conduct, General Rule 25, court orders or protective orders issued under those rules, or any other state or federal statute or rule. To the extent required to prevent an unreasonable invasion of personal privacy interests or threat to safety or by the above-referenced rules, statutes, or orders, the Bar shall delete identifying details in a manner consistent with those rules, statutes, or orders when it makes available or publishes any Bar record; however, in each case, the justification for the deletion shall be explained in writing.
- (2) In addition to exemptions referenced above, the following categories of Bar records are exempt from public access except as may expressly be made public by court rule:
- (A) Records of the personnel committee, and personal information in Bar records for employees, appointees, members, or volunteers of the Bar to the extent that disclosure would violate their right to privacy, including home contact information (unless such information is their address of record), Social Security numbers, driver's license numbers, identification or security photographs held in Bar records, and personal data including ethnicity, race, disability status, gender, and sexual orientation. Membership class and status, bar number, dates of admission or licensing, addresses of record, and business telephone

numbers, facsimile numbers, and electronic mail addresses (unless there has been a request that electronic mail addresses not be made public) shall not be exempt, provided that any such information shall be exempt if the Executive Director approves the confidentiality of that information for reasons of personal security or other compelling reason, which approval must be reviewed annually.

- (B) Specific information and records regarding
- (i) internal policies, guidelines, procedures, or techniques, the disclosure of which would reasonably be expected to compromise the conduct of disciplinary or regulatory functions, investigations, or examinations;
- (ii) application, investigation, and hearing or proceeding records relating to lawyer, Limited Practice Officer, or Limited License Legal Technician admissions, licensing, or discipline, or that relate to the work of ELC 2.5 hearing officers, the Board of Bar Examiners, the Character and Fitness Board, the Law Clerk

Board, the Limited Practice Board, the MCLE Board, the Limited License Legal Technician Board, the Practice of Law Board, or the Disciplinary Board in conducting investigations, hearings or proceedings; and

- (iii) the work of the Judicial Recommendation Committee and the Hearing Officer selection panel, unless such records are expressly categorized as public information by court rule.
- (C) Valuable formulae, designs, drawings, computer source code or object code, and research data created or obtained by the Bar.
- (D) Information regarding the infrastructure, integrity, and security of computer and telecommunication networks, databases, and systems.

- (E) Applications for licensure by the Bar and annual licensing forms and related records, including applications for license fee hardship waivers and any decision or determinations on the hardship waiver applications.
- (F) Requests by members for ethics opinions to the extent that they contain information identifying the member or a party to the inquiry.

Information covered by exemptions will be redacted from the specific records sought. Statistical information not descriptive of any readily identifiable person or persons may be disclosed.

- (3) Persons Who Are Subjects of Records.
- (A) Unless otherwise required or prohibited by law, the Bar has the option to give notice of any records request to any member or third party whose records would be included in the Bar's response.
- (B) Any person who is named in a record, or to whom a record specifically pertains, may present information opposing the disclosure to the applicable decision maker.
- (C) If the Bar decides to allow access to a requested record, a person who is named in that record, or to whom the records specifically pertains, has a right to initiate review or to participate as a party to any review initiated by a requester. The deadlines that apply to a requester apply as well to a person who is a subject of a record.
  - (e) Bar Records--Procedures for Access.
- (1) General Procedures. The Bar Executive Director shall appoint a Bar staff member to serve as the public records officer to whom all records requests shall be submitted. Records requests must be in writing and delivered to the Bar public records officer, who shall respond to such requests within 30 days of receipt. The Washington State Bar Association must implement this rule and adopt and publish on its website the public records officer's work mailing address, telephone number, fax number, and e-mail address, and the procedures and fee schedules for accepting and responding to records requests by the effective date of this rule. The Bar shall acknowledge receipt of the request within 14 days of receipt, and shall communicate with the requester as necessary to clarify any ambiguities as to the records being requested. Records requests shall not be directed to other Bar staff or to volunteers serving on boards, committees, task forces, commissions, sections, councils, or divisions.
  - (2) Charging of Fees.
    - (A) A fee may not be charged to view Bar records.
- (B) A fee may be charged for the photocopying or scanning of Bar records according to the fee schedule established by the Bar and published on its web site.
- (C) A fee not to exceed \$30 per hour may be charged for research services required to fulfill a request taking longer than one hour. The fee shall be assessed from the second hour onward.
- (f) Extraordinary Requests Limited by Resource Constraints. If a particular request is of a magnitude or burden on resources that the Bar cannot fully comply within 30 days due to constraints on time, resources, and personnel, the Bar shall communicate this information to the requester along with a good faith estimate of the time needed to complete the Bar's response. The Bar must attempt to reach

agreement with the requester as to narrowing the request to a more manageable scope and as to a timeframe for the Bar's response, which may include a schedule of installment responses. If the Bar and requester are unable to reach agreement, the Bar shall respond to the extent practicable, clarify how and why the response differs from the request, and inform the requester that it has completed its response.

- (g) Denials. Denials must be in writing and shall identify the applicable exemptions or other bases for denial as well as a written summary of the procedures under which the requesting party may seek further review.
  - (h) Review of Records Decisions.
- (1) Internal Review. A person who objects to a record decision or other action by the Bar's public records officer may request review by the Bar's Executive Director.
- (A) A record requester's petition for internal review must be submitted within 90 days of the Bar's public records officer's decision, on such form as the Bar shall designate and make available.
  - (B) The review proceeding is informal, summary, and on the record.
- (C) The review proceeding shall be held within five working days. If that is not reasonably possible, then within five working days the review shall be scheduled for the earliest practical date.
- (2) External Review. A person who objects to a records review decision by the Bar's Executive Director may request review by the Records Request Appeals Officer (RRAO) for the Bar.
- (A) The requesting party's request for review of the Executive Director's decision must be deposited in the mail and postmarked or delivered to the Bar not later than 30 days after the issuance of the decision, and must be on such form as the Bar shall designate and make available.
- (B) ) The review will be informal and summary, but in the sole discretion of the RRAO may include the submission of briefs no more than 20 pages long and of oral arguments no more than 15 minutes long.
- (C) Decisions of the RRAO are final unless, within 30 days of the issuance of the decision, a request for discretionary review of the decision is filed with the Supreme Court. If review is granted, review is conducted by the Chief Justice of the Washington Supreme Court or his or her designee in accordance with procedures established by the Supreme Court. A designee of the Chief Justice shall be a current or former elected judge. The review proceeding shall be on the record, without additional briefing or argument unless such is ordered by the Chief Justice or his or her designee.
- (D) The RRAO shall be appointed by the Board of Governors. The Bar may reimburse the RRAO for all necessary and reasonable expenses incurred in the completion of these duties, and may provide compensation for the time necessary for these reviews at a level established by the Board of Governors.
- (i) Monetary Awards Not Allowed. Attorney fees, costs, civil penalties, or fines may not be awarded under this rule.
  - (j) Effective Date of Rule.
- (1) This rule goes into effect on July 1, 2014, and applies to records that are created on or after that date.

(2) Public access to records that are created before that date are to be analyzed according to other court rules, applicable statutes, and the common law balancing test; the Public Records Act, chapter 42.56 RCW, does not apply to such Bar records, but it may be used for nonbinding guidance.

## Discussion Protocols Board of Governors Meetings

#### **Philosophical Statement:**

"We take serious our representational responsibilities and will try to inform ourselves on the subject matter before us by contact with constituents, stakeholders, WSBA staff and committees when possible and appropriate. In all deliberations and actions we will be courageous and keep in mind the need to represent and lead our membership and safeguard the public. In our actions, we will be mindful of both the call to action and the constraints placed upon the WSBA by GR 12 and other standards."

#### **Governor's Commitments:**

- 1. Tackle the problems presented; don't make up new ones.
- 2. Keep perspective on long-term goals.
- 3. Actively listen to understand the issues and perspective of others before making the final decision or lobbying for an absolute.
- 4. Respect the speaker, the input and the Board's decision.
- 5. Collect your thoughts and speak to the point sparingly!
- 6. Foster interpersonal relationships between Board members outside Board events.
- 7. Listen and be courteous to speakers.
- 8. Speak only if you can shed light on the subject, don't be repetitive.
- Consider, respect and trust committee work but exercise the Board's obligation to establish policy and insure that the committee work is consistent with that policy and the Board's responsibility to the WSBA's mission.
- 10. Seek the best decision through quality discussion and ample time (listen, don't make assumptions, avoid sidebars, speak frankly, allow time before and during meetings to discuss important matters).
- 11. Don't repeat points already made.
- 12. Everyone should have a chance to weigh in on discussion topics before persons are given a second opportunity.
- 13. No governor should commit the board to actions, opinions, or projects without consultation with the whole Board.
- 14. Use caution with e-mail: it can be a useful tool for debating, but e-mail is not confidential and does not easily involve all interests.
- 15. Maintain the strict confidentiality of executive session discussions and matters.

#### **GUIDING COMMUNICATION PRINCIPLES**

In each communication, I will assume the good intent of my fellow colleagues; earnestly and actively listen; encourage the expression of and seek to affirm the value of their differing perspectives, even where I may disagree; share my ideas and thoughts with compassion, clarity, and where appropriate confidentiality; and commit myself to the unwavering recognition, appreciation, and celebration of the humanity, skills, and talents that each of my fellow colleagues bring in the spirt and effort to work for the mission of the WSBA. Therefore, I commit myself to operating with the following norms:

- ♦ I will treat each person with courtesy and respect, valuing each individual.
- ♦ I will strive to be nonjudgmental, open-minded, and receptive to the ideas of others.
- I will assume the good intent of others.
- ♦ I will speak in ways that encourage others to speak.
- ◆ I will respect others' time, workload, and priorities.
- I will aspire to be honest and open in all communications.
- ◆ I will aim for clarity; be complete, yet concise.
- ♦ I will practice "active" listening and ask questions if I don't understand.
- ♦ I will use the appropriate communication method (face-to-face, email, phone, voicemail) for the message and situation.
- ♦ When dealing with material of a sensitive or confidential nature, I will seek and confirm that there is mutual agreement to the ground rules of confidentiality at the outset of the communication.
- ♦ I will avoid triangulation and go directly to the person with whom I need to communicate. (If there is a problem, I will go to the source for resolution rather than discussing it with or complaining to others.)
- I will focus on reaching understanding and finding solutions to problems.
- ♦ I will be mindful of information that affects, or might be of interest or value to, others, and pass it along; err on the side of over-communication.
- I will maintain a sense of perspective and respectful humor.
