Small Town and Rural Committee Charter

Purpose

The WSBA Small Town and Rural (STAR) Committee is committed to strengthen and support the practice of law in the rural communities throughout Washington state. Members of the STAR Committee will work to ensure that the practice of law in rural communities is present, growing, and thriving.

Practitioners in rural communities are few and far between. Additionally, many of these practitioners are nearing retirement without a clear plan of succession for their clients, leaving a void of access to legal representation and counsel. The STAR Committee will guide policy & program development, serves as ambassadors between the WSBA and these communities, explore and advocate for creative and innovative solutions, and regularly assess the legal landscape in rural communities to determine if WSBA policy, advocacy and program development require further resource for sustainability and improvements.

The STAR Committee aligns with the authorized activities outlined in General Rule 12. More specifically, GR 12.1 (a) articulates the Washington Supreme Court’s regulatory objective to provide, in part, “meaningful access to justice. . .” while GR 12.1(d) strives for “affordable and accessible legal services.” In addition, the STAR Committee aligns with the authorized activities outlined in GR 12.2, in particular by providing “services to members and the public,” and “fostering collegiality among its members and goodwill between the legal profession and the public.”

Further, the STAR Committee furthers the WSBA mission to serve the public and the members of the Bar by providing focused attention on the unique needs of residents and members in rural areas both by improving access to legal practitioners in rural communities and outreach and development of a pipeline of younger rural residents to pursue a legal career and serve their communities.

Definition of “Rural”

For the purpose of the STAR Committee and reflective of Washington’s unique geographic and socio-geographic landscape, the definition of “rural” is as follows:

Based on the definitions produced by the U.S. Department of Agriculture Economic Research Service (ERS) and an overview of Washington county population, we focused on counties with populations of less than 50,000 and more than 2,500. These areas are considered ‘urban non-metro areas not part of larger labor markets’ by ERS. As part of the working definition, and for ease, we have termed these counties as ‘rural.’ Based upon WA county population data, we’ve pursued a hypothesis that counties with 30,000 or more as rural, but likely more
adjacent to a labor market and perhaps have a varying set of circumstances that may differ from counties that are less than 30,000.

The following positions will begin as a standard term as set forth in this charter.
- Chair
- 1 Active WSBA Young Lawyer Member
• 1 Active WSBA Lawyer Member currently employed with a Qualified Legal Service Provider (QLSP).

**Scope of Work**

The scope of the STAR Committee’s work will focus on what the WSBA is uniquely positioned to do in supporting a sustaining and thriving environment for the practice of law in Washington’s rural communities. The STAR Committee will work with all relevant and interested stakeholders to collaborate where needed. The provision of direct legal services and civil legal aid to the public is outside the scope of the STAR Committee.

**Measures of Success**

- Increased awareness of the issues and possible solutions to address any gap in practicing members in rural communities.
- A sustainable pipeline of legal practitioners in rural communities.
- Increased numbers of legal practitioners in rural communities.
- The establishment of funding for programs and initiatives for the practice of law in rural communities.

**STAR Committee Roles**

1. **Community Education and Outreach**
   Coordinated efforts to educate members and potential members about the unique needs, opportunities and benefits of a rural practice. This can include, but should not be limited to, comprehensive information on WSBA’s website, features in WSBA publications, presentations at high schools, law schools and community colleges. Meetings and events, such as a summit or symposium, to highlight the issue, convene interested stakeholders to share their concerns and strategize on possible solutions.

2. **Pipeline and Placement Program(s)**
   Develop WSBA programming, or WSBA supported/partnered programming designed to build a pipeline of practitioners in rural areas as well as an incentive program to encourage members to explore a rural practice on a time-limited or multi-year timeframe. This role should explore a possible collaboration or strategic overlap with WSBA existing and future mentorship program(s). In particular, this role will require extensive strategic planning and identification of external stakeholder support and additional funding sources. Coordinate with law schools and other stakeholders regarding economic incentives to practice in rural areas.

3. **Job Opportunities and Clearinghouse**
   Utilize existing and future WSBA resources to support and highlight job opportunities in rural communities. This role should include making it easier, and perhaps more cost-effective, to add job postings to WSBA’s service. Develop a clearing house to assist retiring members with succession planning and the buying/selling of a practice.

**Committee Evaluation**
The STAR Committee should conduct an assessment within five years from the date of Board of Governors’ approval by 1) conducting a survey of rural practitioners to provide stakeholder feedback regarding the impact of this Committee to effectuate change in these areas, 2) assessing the scope of work to reflect impact and progress in this area and align with trends in the greater legal community, and 3) earnestly examining if the Committee is necessary to continue the scope of work.

Project Team Updates

Job Fair at Gonzaga (Laurie Powers)

No update from Ashley.

WSBA Advancement Director Kevin Plachy shared an email from Laurie - 17 employers joined the session, 40 student job seekers registered, 15-20 job seekers in the afternoon session.

Rusty commented that they had eight good interviews and will be hiring 2-3 interns as a result.

Summit Project Team (Laurie Powers)

Kevin provided an update on the Rural Summit. Registration page is live on the WSBA Store. Currently finalizing speakers and agenda to seek accreditation. Communications dept will produce a formal brochure for the event for members to use for marketing purposes. Speakers have been identified for almost all sessions. Nine attendees have currently registered. Targeting all active members, and one eblast has already been sent with two additional eblasts planned. Will also market via section leaders list serve, new members list serve, ATJ list serve and potentially others. Kari asked if STAR Committee members will be sent a special registration link that will allow committee members to register at no cost. Kevin commented that committee members could be provided a code, or WSBA Staff could comp the cost internally and accounting would grant access. Members would receive a registration notification.

Kari asked committee members in attendance to identify if they were planning to attend. Julianne advised that she had a current poll including Kari, Rusty, Ashley, and Katie. Kari asked if Jesse would be able to attend the summit. Jesse responded that he is still undetermined. Merf commented that they would be attending the Summit and would need lodging accommodations. Sophia Byrd McSherry advised that she would be attending.

Merf is seeking volunteers to help facilitate breakout rooms. Needing approximately 7-8 volunteers. Ashley Cummins volunteered. Kari asked if this was separate from the panel she was helping to lead/facilitate; Merf responded yes.

Merf is also seeking a moderator for the “Myths of Rural Practice” panel. Ashley volunteered to moderate this panel.

Kevin advised that there is currently a good list of sponsors for the event including WSBA Solo and Small Practice Section, Umpqua Bank, The Fetty Trust, and Petrasek Law. In total the committee has received
approximately $4500 in sponsorships. Kari asked about additional sponsors that attend some of the other section midyears and larger CLE events. Kevin commented that the committee had decided to avoid vendor sponsors.

Ashley asked about reimbursement for travel costs for speakers. Kevin advised that they would be asked to submit a WSBA expense report and would be eligible for reimbursement as defined in the WSBA financial policy. Encouraged people to investigate both flying and driving, and WSBA policy is to reimburse the lesser of the two. Ashley asked if there was a recommended hotel for accommodations. Kevin advised that at this time, there is not a room block reserved, that speakers and committee members can choose to book at the hotel of their choice. WSBA fiscal policy allows for $200 per night reimbursement. Chelle advised that the Ruby River Inn is the closest in proximity to the event site. Law students can attend for free, and Kevin has a code that law students can use at registration for the event.

**Rural Day of Service (Kathryn Burke, Kari Petrasek)**

STAR Committee Member, Judge Kathryn (Katie) Burke, successfully connected with a legal service corporation willing to partner with the committee. WSBA Advancement Department Manager, Kevin Plachy, shared information from previous rural/legal days of service, and materials related to these events can be found in the meeting materials packet starting on page 10. Kevin mentioned that he discovered a grant attached to the original day of service. The proposal involved WSBA partnering with a QLSP and granting money to them for participating in the program, with the original grant amount set at $3000. The QLSP would handle public outreach and marketing, while WSBA could assist in recruiting volunteers or attaching a CLE to the event if desired. Kevin recommended developing a proposal and procedures for this initiative, along with budgeting funds for the rural day of service to ensure availability if the committee decides to move forward. He suggested budgeting a placeholder amount for FY25 into the budget for one or more event days, proposing approximately $8500 for the event and volunteer reimbursement. Kari agreed with Kevin’s suggestion and proposed conducting one event in the fall and one in the spring, possibly in conjunction with a STAR meeting or another event like the summit. She noted that this item would be further discussed in future agendas.

Additionally, Kari provided an update that internship applications were rolled out following the last meeting, with the application deadline set for April 22. Decisions on the recipients will be made around May 5. Julianne will ensure that all applicant information is made available in WSBA Community. STAR Committee Member Jesse Lamp, Rusty, and Kari will review the applications and make decisions on a recipient. Sufficient funds are available for 9 grants at $5000 each. Kari requested that all committee members review their calendars for the first week of May to attend a special meeting to finalize grant recipients through a formal vote. She suggested holding the meeting on Friday, May 3, at noon, and asked Julianne to obtain Zoom information.

**FY25 Budget Discussion (Kari Petrasek, Julianne Unite)**

Kari informed the committee that a preliminary budget has been drafted. Kevin emphasized the importance of including all known factors that could impact the budget in this initial draft. Merf suggested that providing graduating law students with a $2500 scholarship for the bar exam, particularly those going into rural practice, could be beneficial. Kari suggested that recipients might need to sign a
promissory note committing to rural practice, and Merf added that they could also provide a letter from their employer if identified. Kari proposed that this scholarship could potentially be separated from the summer interns budget item. Kevin noted that there are limitations on spending money from licensing fees, with private employers needing to confirm that interns primarily work with underrepresented groups, which could also apply to the proposed bar exam scholarship.

STAR Committee Member, Zachary (Zach) Davison, expressed the belief that reaching more people could be achieved through in-person events and physical travel to targeted locations, though he was unsure of the potential impact on the FY25 budget.

When asked if anyone else had ideas for events or meetings that might affect the FY25 budget, there were no responses. Kari stated that her goal for FY25 is to have at least two in-person meetings similar to the one held in Yakima. She also mentioned that the summit planning team will meet and debrief after the summit to determine if it will be a recurring event.

Julianne mentioned that the first draft of the budget also includes consideration for revenue, depending on the projects planned for FY25.
