Small Town and Rural Committee Charter

Effective: July 16, 2021
as approved by the
WSBA Board of
Governors

Purpose

The WSBA Small Town and Rural (STAR) Committee is committed to strengthen and support the practice of law in the rural communities throughout Washington state. Members of the STAR Committee will work to ensure that the practice of law in rural communities is present, growing, and thriving.

Practitioners in rural communities are few and far between. Additionally, many of these practitioners are nearing retirement without a clear plan of succession for their clients, leaving a void of access to legal representation and counsel. The STAR Committee will guide policy & program development, serves as ambassadors between the WSBA and these communities, explore and advocate for creative and innovative solutions, and regularly assess the legal landscape in rural communities to determine if WSBA policy, advocacy and program development require further resource for sustainability and improvements.

The STAR Committee aligns with the authorized activities outlined in General Rule 12. More specifically, GR 12.1 (a) articulates the Washington Supreme Court’s regulatory objective to provide, in part, “meaningful access to justice. . .” while GR 12.1(d) strives for “affordable and accessible legal services.” In addition, the STAR Committee aligns with the authorized activities outlined in GR 12.2, in particular by providing “services to members and the public,” and “fostering collegiality among its members and goodwill between the legal profession and the public.”

Further, the STAR Committee furthers the WSBA mission to serve the public and the members of the Bar by providing focused attention on the unique needs of residents and members in rural areas both by improving access to legal practitioners in rural communities and outreach and development of a pipeline of younger rural residents to pursue a legal career and serve their communities.

Definition of “Rural”

For the purpose of the STAR Committee and reflective of Washington’s unique geographic and socio-geographic landscape, the definition of “rural” is as follows:

Based on the definitions produced by the U.S. Department of Agriculture Economic Research Service (ERS) and an overview of Washington county population, we focused on counties with populations of less than 50,000 and more than 2,500. These areas are considered ‘urban non-metro areas not part of larger labor markets’ by ERS. As part of the working definition, and for ease, we have termed these counties as ‘rural.’ Based upon WA county population data, we’ve pursued a hypothesis that counties with 30,000 or more as rural, but likely more
adjacent to a labor market and perhaps have a varying set of circumstances that may differ from counties that are less than 30,000.

**Composition**

**Scope of Work**

The scope of the STAR Committee’s work will focus on what the WSBA is uniquely positioned to do in supporting a sustaining and thriving environment for the practice of law in Washington’s rural communities. The STAR Committee will work with all relevant and interested stakeholders to collaborate where needed. The provision of direct legal services and civil legal aid to the public is outside the scope of the STAR Committee.

**Measures of Success**

- Increased awareness of the issues and possible solutions to address any gap in practicing members in rural communities.
- A sustainable pipeline of legal practitioners in rural communities.
- Increased numbers of legal practitioners in rural communities.
- The establishment of funding for programs and initiatives for the practice of law in rural communities.

**STAR Committee Roles**

1. **Community Education and Outreach**
   Coordinated efforts to educate members and potential members about the unique needs, opportunities and benefits of a rural practice. This can include, but should not be limited to, comprehensive information on WSBA’s website, features in WSBA publications, presentations at high schools, law schools and community colleges. Meetings and events, such as a summit or symposium, to highlight the issue, convene interested stakeholders to share their concerns and strategize on possible solutions.

2. **Pipeline and Placement Program(s)**
   Develop WSBA programming, or WSBA supported/partnered programming designed to build a pipeline of practitioners in rural areas as well as an incentive program to encourage members to explore a rural practice on a time-limited or multi-year timeframe. This role should explore a possible collaboration or strategic overlap with WSBA existing and future mentorship program(s). In particular, this role will require extensive strategic planning and identification of external stakeholder support and additional funding sources. Coordinate with law schools and other stakeholders regarding economic incentives to practice in rural areas.

3. **Job Opportunities and Clearinghouse**
   Utilize existing and future WSBA resources to support and highlight job opportunities in rural communities. This role should include making it easier, and perhaps more cost-effective, to add job postings to WSBA’s service. Develop a clearing house to assist retiring members with succession planning and the buying/selling of a practice.

**Committee Evaluation**
The STAR Committee should conduct an assessment within five years from the date of Board of Governors’ approval by 1) conducting a survey of rural practitioners to provide stakeholder feedback regarding the impact of this Committee to effectuate change in these areas, 2) assessing the scope of work to reflect impact and progress in this area and align with trends in the greater legal community, and 3) earnestly examining if the Committee is necessary to continue the scope of work.
