6. Diversity, equity, and inclusion means different things to different people. People also have different and sometimes competing ideas about how the goals around these issues can be accomplished. As a member of the BOG, when you are advancing an idea or goal around one of these issues, how would you respond to a situation where other BOG members did not appear to be supportive of such? Please share an example of when you had to present your perspective on diversity, equity and inclusion to people who had an opposing or different viewpoint.
