Re: Statement of Interest – Financial Services Committee

Greetings, colleagues –

I recently became aware that the Financial Services Committee of the Business Law Section had fizzled out a few years ago due to some folks departing. I then felt the need and desire to rekindle that Committee! This is an incredibly important area of the law (especially nowadays), and I am confident that all of our colleagues in the industry will benefit from the sharing of information and camaraderie. This is my statement of interest in leading the Committee as Chair.

Thank you!

A handwritten signature in black ink that reads 'KGBornemann'.
