Status update

December mini-CLE - well-attended. Canadian citizenship by birth. 280+ attendees.

Potentially do another immigration mini-cle (Luz)

Birthright citizenship case? Time w/SCOTUS case.

January - Software and AI Patents before the EPO

February - Fred's colleague something about Spain.

Someone else reached out to David about a mini-CLE.

Possible mini-cle - Tariffs/IEPPA. Augustine, and maybe a colleague.

Trade Negotiations.

Spring Event

Dorsey's max size - 60.

March/April/May

Formal program vs social event. If we want administrative support, lunch would be easier. If after hours, some logistical issues.

If lunchtime event - may need to include mini-cle to garner more interest.
