

Sara Epler

*I have been a member of the LGBTQIA Executive Committee since 2022, when I began as a “at large” member. I currently serve as the Secretary. As the parent of a transgender child, I have developed a sense of activism and fierce allyship. This volunteer opportunity provides me with an ability to continue to engage with the LGBTQIA community and work to expand visibility and acceptance in the legal community. As a practicing family law attorney for more than twenty-three years, I witnessed the struggles of those in the LGBTQIA community to obtain legal rights and privileges related to their most sacred relationships – those with partners and children. Now, more than ever, the legal community needs to stand in solidarity with our LGBTQIA members. I have enjoyed my work with the Executive Committee and hope to continue as Secretary for another term.*
