Solo and Small Practice Section Executive Committee

Julie K. Fowler Statement of Interest

I have been a solo practitioner the majority of my career. I genuinely enjoy meeting and working with other solos and small firms to help them improve their businesses. I enjoy mentoring others and have done through section work and individually. I have served on the Executive Committee for SSPS before and believe I helped to improve access to resources for our members, and to create opportunities for solo and small firm members to come together to meet and encourage one another. I enjoy working on the committee. I look forward to doing so again if I am elected.
