Re: At-Large Committee Member Position

To Whom It May Concern:

I would be honored to continue serving on the Executive Committee of the Solo & Small Practice Section. I have had the privilege of being an at-large member for the past 2 years, including co-chairing the Membership Committee this year.

The past two years have been a challenging time to be in leadership. I am gratified that we had more than 900 members in our section last year. We are focused on providing content to assist in with running and managing your law practice. Attorneys continue to join and utilize our listserv, one of the many benefits of section membership. We also co-sponsor an annual CLE, several mini-CLE's, and round tables, which were especially popular when firms suddenly switched to working remotely.

I look forward to continuing to build this community and finding new ways to support our members. We hope to have more in-person events as conditions improve, and continue some virtual events that have allowed members from across the state a chance to connect. I am committed to ensuring the Solo and Small Practice Section continues to be a valuable resource for nearly a thousand lawyers across the state.

Sincerely,
Nicholas Pleasants
