

Complimentary Student Attendee Program Description

WSBA Continuing Legal Education - Complimentary Student Attendee Program

The WSBA welcomes part-time and full-time students who are currently enrolled in one of Washington's three law schools, enrolled in the Limited License Legal Technician Education Program, or enrolled in the Law Clerk Program to attend a WSBA Continuing Legal Education (CLE) and/or WSBA New Member Education (NME) seminar for free. The education content of CLE and NME seminars can support students who are looking to explore and build fundamental skills in a practice area.

What is Continuing Legal Education (CLE) vs. New Member Education (NME)?

WSBA produces CLE seminars for members with a greater degree of experience. CLE seminars tend to vary more widely in their subject matter and delve deeper into specific practice areas. In general, CLE seminars provide a more advanced view of changes in law, ethical issues and developments or strategies in substantive areas of practice.

WSBA produces NME seminars specifically designed for members within their first five years of practice. These seminars are highly-interactive and low-cost. They are designed to assist with the transition into practice by providing a bridge between law school education and a career as a confident and competent attorney. Additionally, many NME programs include a networking component where students can meet both program faculty and other colleagues.

I'm a student. How do I register to attend a WSBA educational seminar?
